

STATEMENT OF PURPOSE

RS19672

The purpose of this bill is to raise the corrective action in any air shed to 90 percent of Federal standards, it further gives the Board of County Commissioners the ability to reduce emissions by other means than vehicle emission inspection. It allows them to find other programs that will result in emission reductions. This legislation adds an exemption from vehicle inspection programs for vehicles driven less than 1,000 miles.

FISCAL NOTE

There is no impact on the state general fund.
