

## **STATEMENT OF PURPOSE**

### **RS19197**

The Board hopes to change language in Idaho Code 36-2110 (b) from "The board may adjust the territorial scope of operations of any licensed outfitter, for reasons of game harvest, where territorial conflict exists between the big game operations of outfitters, or for the safety of persons utilizing the services of outfitters" by eliminating "exists between the big game operations" so where the new language will read "The board may adjust the territorial scope of operations of any licensed outfitter, for reasons of game harvest, where territorial conflict exists, or for the safety of persons utilizing the services of outfitters."

Largely, this is a house keeping matter addressing language that contradicts other statutory responsibilities. Clearly, there is need for the Board for the address territorial conflict between any and all outfitters not just those providing big game operations.
