

## **STATEMENT OF PURPOSE**

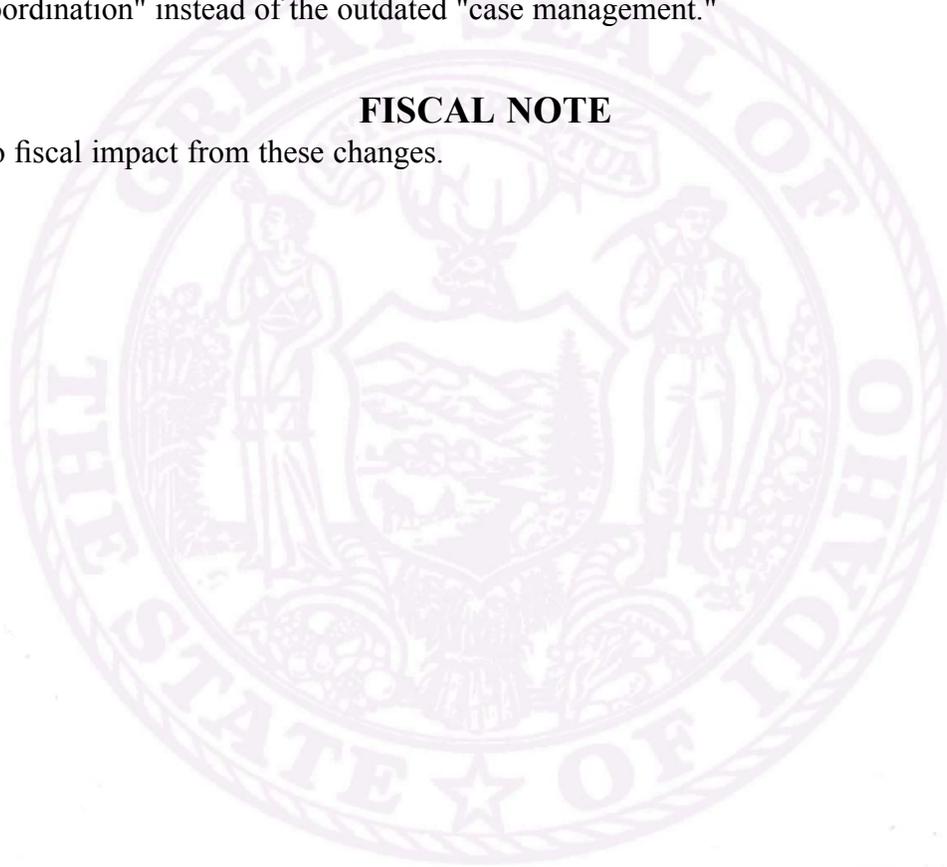

### **RS19179C2**

The purposed bill seeks to distinguish Personal Care Services (PCS) for children provided by PCS Family Alternate Care providers from Personal assistance services for adults by amending Idaho Code Section 39-5601; and adding definitions to Idaho Code Section 39-5602; and establishing annual uniform reimbursement rates for agencies and providers in Idaho Code Section 39-5606.

Additionally, in Idaho Code Sections 39-5602 and 39-5603 certain terms have been updated to reflect current usage and to establish consistency with current practice and rules; specifically, "service coordination" instead of the outdated "case management."

### **FISCAL NOTE**

There is no fiscal impact from these changes.
