### **1. IDAPA 02.01.04 - Rules Governing the Idaho Preferred® Promotion Program**

The Idaho Department of Agriculture submits notice of proposed rule at IDAPA 02.01.04 - Rules Governing the Idaho Preferred® Promotion Program. According to the Department, the rule provides a product definition and qualification criteria for lumber and processed forest products at the request of the industry. The Department states that informal negotiated rulemaking was conducted with input solicited from the forest products industry through the Idaho Forest Products Commission. The rule appears to be authorized pursuant to Section 22-112, Idaho Code.

### **2. IDAPA 02.04.18 - Rules Governing the CAFO Site Advisory Team**

The Idaho Department of Agriculture submits notice of proposed rule at IDAPA 02.04.18 - Rules Governing the CAFO Site Advisory Team. According to the Department, the purpose of the rule is to carry out the intent of statutory changes made during the 2011 legislative session by HB150aa. The Department states that the rule changes center on incorporating new county CAFO definitions, establishing the application fees for

site advisory teams, eliminating the references to animal units and providing consistency in definition among rules.

We contacted the Department to inquire about references to application fees as provided in the notice. The rule changes do not appear to address application fees. The Department confirmed that the notice reference to application fees is not accurate in that the rule changes do not address fees. However, the Committees should be aware that the statutory changes from the 2011 session clearly address application fees and govern in regard to such fees.

The Department notes that the rule does regulate an activity not regulated by the federal government but is consistent with provisions of the Idaho Code. The Department estimates costs associated with implementing and enforcing the rule will be less than \$10,000 annually. Negotiated rulemaking was conducted. The rule appears to be authorized pursuant to Section 67-6529F, Idaho Code.

### **3. IDAPA 02.04.30 - Rules Governing Nutrient Management**

The Idaho Department of Agriculture submits notice of proposed rule at IDAPA 02.04.30 - Rules Governing Nutrient Management. According to the Department, during the 2011 legislative session HB206 was passed and enacted, establishing the Poultry Environmental Act. The Department states that nutrient management rules were amended by rule negotiation to coincide with the act. The Department indicates that specific changes include the addition of a definition for poultry concentrated animal feeding operations and the revision of the rule to incorporate the most current publication (June 2007) by the USDA Idaho Natural Resources Conservation Service Conservation Practice Standard, Nutrient Management Code 590.

The Department notes that the rule does regulate an activity not regulated by the federal government because the federal government does not regulate nutrient management outside of the NPDES permit program. The Department states that the rule is, however, consistent with provisions of the Idaho Code. Negotiated rulemaking was conducted. The rule appears to be authorized pursuant to Section 25-4012, Idaho Code.

### **4. IDAPA 02.06.02 - Rules Pertaining To The Idaho Commercial Feed Law**

The Idaho Department of Agriculture submits notice of proposed rule at IDAPA 02.06.02 - Rules Pertaining To The Idaho Commercial Feed Law. According to the Department, the purpose of the rule is to update a date specific document adopted by reference. The Department adds that the Association of American Feed Control Officials (AAFCO) Official Publication is the recognized and primary reference book of approved feed terms and ingredient definitions and policies used by the feed industry and all state and federal feed control officials and regulators.

The Department states that the rule does regulate an activity not already regulated by the federal government because the federal government does not regulate commercial feeds. The Department notes that the rule is, however, consistent with national standards by the Association of American Feed Control Officials.

Negotiated rulemaking was not conducted. The rule appears to be authorized by Section 25-2710, Idaho Code.

## **5. IDAPA 02.06.12 - Rules Pertaining To The Idaho Fertilizer Law**

The Idaho Department of Agriculture submits notice of proposed rule at IDAPA 02.06.12 - Rules Pertaining To The Idaho Fertilizer Law. According to the Department, the purpose of the rule is to update the incorporation by reference section to reflect the 2012 Official Publication of the Association of American Plant Food Control Officials, to add an incorporation by reference of the 2005 Official Methods of Analysis (OMA) of the AOAC, 18th edition, published by the Association of Official Agricultural Chemists (AOAC) International and to change the enforcement guidelines to civil penalties to be more consistent with the Rules Pertaining to the Idaho Feed Law. The Department notes that the publications are recognized and primary reference books of approved fertilizer terms, ingredient definitions and policies used by the fertilizer industry and all state and federal fertilizer control officials and regulators.

The Department states that the rule does regulate an area not regulated by the federal government because the federal government does not regulate commercial fertilizers. The rule, however, is consistent with national standards by the Association of American Plant Food Control Officials.

Negotiated rulemaking was not conducted. The rule appears to be authorized by Section 22-604, Idaho Code.

## **6. IDAPA 02.06.20 - Rules Governing Grape Planting Stock**

The Idaho Department of Agriculture submits notice of proposed rule at IDAPA 02.06.20 - Rules Governing Grape Planting Stock. According to the Department, the purpose of the rule is to update and clarify the requirements for shipping grapevines into Idaho for planting and outlines regulated pests, certifications needed, treatment requirements and penalties. The Department states that the rule does regulate an activity not regulated by the federal government because the federal government does not regulate the interstate movement of grapevines for any of the regulated pests listed in the rule.

Informal negotiated rulemaking was conducted through a committee consisting of stakeholders, including the Idaho Grape Growers and Wine Producers Commission, Idaho Nursery and Landscape Association and the Snake River Table Grape Association. The rule appears to be authorized pursuant to Section 22-2013, Idaho Code.

## **7. IDAPA 02.06.30 - Rules Under the Idaho Bee Inspection Law**

The Idaho Department of Agriculture submits notice of proposed rule at IDAPA 02.06.30 - Rules Under the Idaho Bee Inspection Law. According to the Department, the rule changes are essentially "housekeeping" in nature and include updates to Idaho Code references and updates relating to bee diseases. The Department states that the rule also removes a subsection for which there is no longer statutory authority and adds provisions that are now standard in Idaho's administrative rules, such as office information, legal authority, etc. Negotiated rulemaking was not conducted. The rule appears to be authorized pursuant to Section 22-2511, Idaho Code.

## **8. IDAPA 02.06.41 - Rules Pertaining To The Idaho Soil and Plant Amendment Act of 2001**

The Idaho Department of Agriculture submits notice of proposed rule at IDAPA 02.06.41 - Rules Pertaining To The Idaho Soil and Plant Amendment Act of 2001. According to the Department, the changes update the

incorporation by reference section to reflect the 2012 Official Publication of the Association of American Plant Food Control Officials, adds an incorporation by reference of the 2005 Official Methods of Analysis (OMA) of the AOAC, 18th edition, published by the Association of Official Agricultural Chemists (AOAC) International, removes the subsection regarding PAM (Polyacrylamide) products and amends the labeling requirements to include guaranteed analysis and directions for use. The Department also notes that the publications are recognized and primary reference books of approved fertilizer terms, ingredient definitions and policies used by the fertilizer and soil and plant amendment industry and all state and federal fertilizer and soil and plant amendment control officials and regulators.

Negotiated rulemaking was not conducted. The rule appears to be authorized by Section 22-2204, Idaho Code.

**DOCKET NO. 02-0430-1101**  
**NOTICE OF RULEMAKING - PROPOSED RULE**

**AUTHORITY:** In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 25-4012, Idaho Code.

**PUBLIC HEARING SCHEDULE:** Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 19, 2011.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

**DESCRIPTIVE SUMMARY:** The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

House Bill No. 206 was passed and effective April 6, 2011, upon Governor Otter's signature establishing the Poultry Environmental Act, Title 25, Chapter 40, Idaho Code. IDAPA 02.04.30, Rules Governing Nutrient Management, were amended by rule negotiation to coincide with the Poultry Environmental Act. Specific changes include adding the definition of poultry concentrated animal feeding operations and revising the rule to incorporate the most current publication (June 2007) by the United States Department of Agriculture Idaho Natural Resources Conservation Service Conservation Practice Standard, Nutrient Management Code 590.

**FEE SUMMARY:** The following is a specific description of the fee or charge imposed or increased: None.

**IDAHO CODE SECTION 22-101A STATEMENT:** This proposed rule does regulate an activity not regulated by the federal government, because the federal government does not regulate nutrient management outside of the NPDES permit program. However, the proposed rule is consistent with the legislative directive in House Bill No. 206 (codified at Title 25, Chapter 40, Idaho Code).

**FISCAL IMPACT:** The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking:

There is no fiscal impact involved with this proposed rule. ISDA estimates that the costs will be less than \$10,000 annually to implement and enforce this rule.

**NEGOTIATED RULEMAKING:** Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules - Negotiated Rulemaking was published in the [July 6, 2011 Idaho Administrative Bulletin, Volume 11-7, page 17](#).

**ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning the proposed rule, contact John Bilderback, Section Manager, Dairy and CAFO Programs, 208-332-8550 or [john.bilderback@agri.idaho.gov](mailto:john.bilderback@agri.idaho.gov).

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 26, 2011.

Signed this 16th Day of August, 2011.

**02.06.30 - RULES UNDER THE IDAHO BEE INSPECTION LAW**  
**DOCKET NO. 02-0630-1101**  
**NOTICE OF RULEMAKING - PROPOSED RULE**

**AUTHORITY:** In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 22-2511, Idaho Code.

**PUBLIC HEARING SCHEDULE:** Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 19, 2011.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

**DESCRIPTIVE SUMMARY:** The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Updates to the rule reflect the re-numbering of the Bee Inspection Law Title 22, Chapter 25, Idaho Code. In addition, sections required by the Office of the Administrative Rules Coordinator have been added to the rule. The emphasis on which diseases will be inspected for has shifted and will be reflected in the rules.

**FEE SUMMARY:** The following is a specific description of the fee or charge imposed or increased: None.

**FISCAL IMPACT:** The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

**IDAHO CODE SECTION 22-101A STATEMENT:** This proposed rule does regulate an activity not regulated by the federal government, because the federal government does not regulate the interstate movement of honeybees or the keeping of honeybees. However, the existing rule has been in effect since 1991. The proposed rule updates references to Idaho Code sections, updates information regarding bee diseases, removes a rule for which there is no longer statutory authority, and adds rule provisions that are now standard in Idaho's administrative rules.

**NEGOTIATED RULEMAKING:** Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because the changes are housekeeping changes to the rule and do not require anything of the affected public.

**INCORPORATION BY REFERENCE:** Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

**ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS:** For assistance on technical questions concerning the proposed rule, contact Michael E. Cooper, Bureau Chief, (208) 332-8620.
