The Idaho Transportation Department submits the following:

1. IDAPA 39.02.03 - Rules Pertaining To The Rules Governing Vehicle Dealer's Principal Place of Business (Docket No. 39-0203-1101)

The Idaho Transportation Department submits notice of temporary and proposed rulemaking at IDAPA 39.02.03 -- Rules Governing Vehicle Dealer's Place of Business. The temporary and proposed rule governs the retention of certain records, in physical or electronic format and allows for storage of certain records off-site. The temporary and proposed rule reflects changes to the germane statute which were enacted by the 2011 Legislature in Senate Bill 1061.

The agency notes that negotiated rulemaking was not conducted because the changes to rule were based upon the recently passed Senate bill.

The Department's temporary and proposed rule appear to be authorized by Section 49-201, Idaho Code.

2. IDAPA 39.02.47 - Rules Governing Revocation of Vehicle Registration for Failure to Comply With a Motor Vehicle Emission Inspection Ordinance (Docket No. 39-0247-1101)

The Idaho Transportation Department submits notice of proposed rulemaking at IDAPA 39.02.03 -- Rules Governing Revocation of Vehicle Registration for Failure to Comply With a Motor Vehicle Emission Inspection Ordinance. The proposed rulemaking repeals a rule whose language is now included in section 39-116B, Idaho Code, per 2011 House Bill 326.

The agency notes that negotiated rulemaking was not conducted because the pertinent language of the repealed rule now appears in statute.

The Department's proposed rule appears to be authorized by Sections 49-201 and 49-202, Idaho Code.

3. IDAPA 39.02.75 - Rules Governing Names on Drivers' Licenses and Identification Cards (Docket No. 39-0275-1101)

The Idaho Transportation Department submits notice of temporary and proposed rulemaking at IDAPA 39.02.75 --Rules Governing Names on Drivers' Licenses and Identification Cards. In short, to prevent an individual from establishing two identities, the temporary and proposed rule disallows the issuance of a driver's license in one name and the issuance of a state identification card in another name. The agency also notes that the temporary and proposed rule complies with the Division of Motor Vehicle's "one-person/one record" requirement.

The Department's temporary and proposed rule appears to be authorized by Sections 67-5226 and 49-201, Idaho Code.

4. IDAPA 39.03.01 - Rules Governing Definitions Regarding Overlegal Permits (Docket No. 39-0301-1101)

The Idaho Transportation Department submits notice of temporary and proposed rulemaking at IDAPA 39.03.01 -- Rules Governing Definitions Regarding Overlegal Permits. The temporary and proposed rule includes a number of revisions to the current rule, including: adding a definition of "designated agent"; increases the length limit for certain vehicle combinations from 105 feet to 115 feet pursuant to statute (Section 49-1010(7)); and revised the definition of "overall length." Other revisions throughout the rule include changes to reference to relevant Idaho Code sections and also reflects updated formatting to comply with rules drafting guidelines.

The effective date of the temporary rule was July 1, 2011. The agency notes that negotiated rulemaking was not conducted because the changes to rule were based upon the recently passed Senate bill.

The Department's temporary and proposed rule appears to be authorized by Section 49-201, Idaho Code.

5. IDAPA 39.03.16 - Rules Governing Oversize Permits for Non-Reducible Vehicles and/or Loads (Docket No. 39-0316-1101)

The Idaho Transportation Department submits notice of temporary and proposed rulemaking at IDAPA 39.03.16 -- Rules Governing Oversize Permits for Non-Reducible Vehicles and/or Loads. The temporary and proposed rule revises certain provisions governing oversize permits for certain vehicles or loads. Specifically included in the revisions: the provision limiting to ten minutes the interruption of low volume traffic has been eliminated (Rule 100.01); the width of certain hauling equipment is increased from nine to ten feet (Rule 300.01); provisions are added relating to the transport of certain implements of husbandry (Rule 400.02--this change stems from the adoption of 2011 House Bill 228); and a provision dealing with district approval relating to the width of certain loads on interstate highways has been eliminated (Rule 500).

The agency states that negotiated rulemaking was not conducted for two reasons: revisions were necessary to comply with recently passed legislation (2011 House Bill 228) relating to farm equipment; other changes in the rule "confer a benefit and eliminate conflict with another department rule."

The Department's temporary and proposed rule appears to be authorized by Section 49-201, Idaho Code.

DOCKET NO. 39-0247-1101 (CHAPTER REPEAL)

NOTICE OF RULEMAKING - PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has proposed rule-making procedures. The action is authorized pursuant to Sections 49-201(1) and 49-202(12)(f), Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rule-making will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than August 17, 2011.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

With passage of House Bill 326, 2011, which eliminated the requirement to forfeit and the need to repay registration fees when a registration is revoked for failure to comply with an emission test, this rule is no longer needed. All applicable language is now included in Section 39-116B, Idaho Code, making this rule unnecessary, and allowing it to be repealed in its entirety.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased. There is no fee associated with the repeal of this rule.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: Other than the cost of publishing this rulemaking, there is no fiscal impact associated with this action.

NEGOTIATED RULE-MAKING: Pursuant to Section 67-5220, Idaho Code, negotiated rule-making was not conducted because there is no impact to the public or private sectors associated with the repeal of this administrative rule.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Amy Smith, Vehicle Services Manager, Division of Motor Vehicles, 334-8660.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before August 24, 2011.

IDAPA 39.02.47 IS BEING REPEALED IN ITS ENTIRETY

IDAPA 39 - IDAHO TRANSPORTATION DEPARTMENT

39.02.75 - RULES GOVERNING NAMES ON DRIVERS' LICENSES AND IDENTIFICATION CARDS

DOCKET NO. 39-0275-1101

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2011.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rule-making procedures have been initiated. The action is authorized pursuant to Sections 49-201, 49-306, 49-315, 49-318, 49-319, and 49-2443, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than August 17, 2011.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rule-making:

This revision disallows issuance of a driver's license in one name and issuance of an identification card in another name, thereby preventing establishment of two identities. It also conforms to the one-person/one-record requirement for DMV Modernization and confers a customer benefit. The revision deletes the 26 character name limitation and provides for name formatting flexibility that aligns with current cultural practices and additional formatting procedures for long, complex names. This will clarify requirements for applicants, whose marital status has changed and provide for associated name changes. Name formatting conventions will be more clearly stated, more easily accommodated, and processed more quickly. Driver license examiners will have clearer guidelines for formatting requested name changes. It will also reduce the number of phone calls and faxes between ITD and county driver license examiners, improving efficiency.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(a) and (c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

All applicants for a driver's license or identification card and the people who serve them will enjoy a more clear and efficient process while the general public and businesses will benefit by reducing the number of persons who might abuse the system to establish multiple identities for personal gain.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: None.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: Other than the cost to publish, there is no fiscal impact associated with this rulemaking.

NEGOTIATED RULE-MAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted. Changes imposed by this rulemaking must meet specific guidelines and be compatible with other states.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: No materials are being incorporated by reference.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Lynn Rhodes, Driver's License Program Supervisor, Division of Motor Vehicles, 334-8727.

Anyone may submit written comments regarding the proposed rule-making. All written comments must be directed to the undersigned and must be delivered on or before August 24, 2011.

39.03.01 - RULES GOVERNING DEFINITIONS REGARDING OVERLEGAL PERMITS

DOCKET NO. 39-0301-1101

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2011.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rule-making procedures have been initiated. The action is authorized pursuant to Section 40-312, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than August 17, 2011.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rule-making:

This rule is being amended to correspond with changes made to 39.03.16, Rules Governing Oversize Permits for Non-Reducible Vehicles and/or Loads, based in part on the passage of House Bill 228, 2011. This adds a definition for "Designated Agent," moves the definition of Escort Vehicle to Pilot Vehicle, increases the length limit for vehicle combinations from 105 ft to 115 ft under Extra Length, per Section 49-1010(7), Idaho Code, and adds a clarifying definition for Overall Length for enforcement personnel. Sections 000 through 006 have been updated to meet formatting requirements of the Office of Administrative Rules. Additionally, other definitions which have already been defined in code have been amended to reflect that code reference instead of duplicating the definition.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The passage of House Bill 228, 2011, expanded the exemptions associated with the transporting of implements of husbandry by an owner or their designated agent, which created a need to define "Designated Agent" which had not been done previously.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: This rulemaking does not impose or increase a fee or charge.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking does not impose any fiscal impact on the state general fund.

NEGOTIATED RULE-MAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted since change was necessary for compliance with legislative action and existing definitions in statute, and to update definitions to be consistent with industry standards.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: There are no materials being incorporated by reference into this rule.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Regina Phipps, Vehicle Size and Weight Specialist, Division of Motor Vehicles, 334-8418.

Anyone may submit written comments regarding the proposed rule-making. All written comments must be directed to the undersigned and must be delivered on or before August 24, 2011.

IDAPA 39 - IDAHO TRANSPORTATION DEPARTMENT

39.03.16 - RULES GOVERNING OVERSIZE PERMITS FOR NON-REDUCIBLE VEHICLES AND/OR LOADS

DOCKET NO. 39-0316-1101

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is July 1, 2011.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rule-making procedures have been initiated. The action is authorized pursuant to Section 49-201, Idaho Code, and the provisions of Sections 49-1004 and 49-1010, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than August 17, 2011.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rule-making:

With the passage of House bill 228, 2011, it is necessary to update the farm exemptions listed in this rule for transporting implements of husbandry between farm operations and a repair/maintenance facility or a dealership/sales facility. Additional changes confer a benefit by allowing motor carriers to use the more widely accepted industry standard 10-foot wide trailer to haul a non-reducible load smaller than 10-feet wide on the trailer. We have also removed the 24-foot width restriction on the Interstate to reduce the impact on two-lane highways. The 10-minute limit on interruption of traffic has been deleted to eliminate any conflict with the traffic control plan provisions in IDAPA 39.03.11, "Rules Governing Overlegal Permittee Responsibility and Travel Restrictions". Section 100.05 of that rule requires that the permittee submit a traffic control plan prepared by a licensed engineer or certified traffic control supervisor when operating on two-lane highways and exceeding specified dimensions.

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1)(b) and (c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

Compliance with statutory changes in House Bill 228, effective July 1, 2011, and conferring a benefit by allowing motor carriers to use the more widely accepted industry standard 10-foot wide trailer to haul a non-reducible load smaller than 10 feet wide on the trailer and removing the 24-foot width restriction on the Interstate to reduce the impact on two-lane highways.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: None.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking imposes no fiscal impact on the general fund.

NEGOTIATED RULE-MAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because rulemaking was initiated to comply with changes to Idaho Code in House Bill 228, 2011. Additional changes confer a benefit and eliminate conflict with another department rule.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: There are no materials incorporated by reference into this rule.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Regina Phipps, Vehicle Size and Weight Specialist, Motor Vehicle Division, 334-8418.

Anyone may submit written comments regarding the proposed rule-making. All written comments must be directed to the undersigned and must be delivered on or before August 24, 2011.

THE FOLLOWING IS THE TEMPORARY RULE & PROPOSED TEXT FOR DOCKET NO. 39-0316-1101

100. GENERAL OVERSIZE LIMITATIONS.

01. Maximum Dimensions Allowed. The maximum dimensions of oversize vehicles or oversize loads shall depend on the character of the route to be traveled: width of roadway, alignment and sight distance, vertical or horizontal clearance, and traffic volume. ~~Overlegal permits will not normally be issued for movements which cannot allow for the passage of traffic as provided in IDAPA 39.03.11, "Rules Governing Overlegal Permittee Responsibility and Travel Restrictions," Subsection 100.05, except under special circumstances when an interruption of low volume traffic may be permitted (not to exceed ten (10) minutes) or when adequate detours are available. (4-5-00)(7-1-11)T~~

02. Practical Minimum Dimension. Oversize loads shall be reduced to a practical minimum dimension. Except as noted below, permits will not be issued to exceed legal size if the load is more than one (1) unit in width, length or height nor shall permits be utilized for multiple unit loads which may be reduced in number of units and positioned to meet legal dimensions established in Section 49-1010, Idaho Code. (8-25-94)

03. Multiple Unit Overwidth Loads. Multiple unit overwidth loads must be transported on legal dimension vehicles. Overwidth loads may be transported on double trailer combinations not exceeding seventy-five (75) feet combination length exclusive of load overhang. (4-2-08)

04. Overwidth Overhang. Over width loads shall distribute overhang to the sides of the trailer as evenly as possible. (8-25-94)

101. -- 199. (RESERVED)

200. PERMITS FOR MULTIPLE-WIDTH OR MULTIPLE-HEIGHT LOADING.

01. Cylindrical Hay Bales. Overlegal permits may be issued for overwidth transportation of cylindrical hay bales, produced by balers having bale chambers which may be five (5) feet or more in width. Such bales may be loaded two (2) bales wide and two (2) bales high. Hauling vehicles eligible for permit for this purpose shall be legal size vehicles registered for travel on public highways. Operation of such overwidth loads shall be subject to the same time of travel and other safety requirements as other overwidth loads having a similar width. This type of operation is intended as an option to the use of farm tractors hauling such loads on size-exempt implement of husbandry vehicles. Maximum width of such loads without tolerance may not exceed eleven (11) feet six (6) inches. (4-5-00)

02. Reducible Height Loads. Overlegal permits may be issued to allow the transportation of reducible loads in excess of fourteen (14) feet high but not in excess of fourteen (14) feet nine (9) inches high on designated highways. The vehicle height must not exceed fourteen (14) feet. A map listing the designated highways vertical clearances is available at the Idaho Transportation Department Permit Office and online at <http://www.itd.idaho.gov/dmv/poe/poe.htm>. ~~(4-5-00)(7-1-11)T~~

201. -- 299. (RESERVED)

300. OVERWIDTH HAULING VEHICLES, RESTRICTIONS.

01. Width of Hauling Equipment. Overlegal permits may be issued for ~~nine ten~~ (910) foot wide trailers hauling non-reducible loads smaller than ~~nine ten~~ (910) feet wide. Overlegal permits shall not be issued for trailers over ~~nine ten~~ (910) feet wide hauling any load on an overwidth vehicle unless such vehicle has been designed and constructed for the specific purpose of hauling a particular load the nature of which makes it impractical to be hauled on a legal width vehicle. The permit issued for oversize loads being hauled on oversize equipment will be valid for the unladen movement ~~or an incidental haul~~ and the laden movement, which shall not include commodities either to or from the point of loading or unloading of the oversize load. ~~The permittee is required to carry proof that the unladen movement or incidental haul is on the way to or from the point of loading or unloading of the oversize load.~~ ~~(3-20-04)(7-1-11)T~~

02. Load Dimensions. Any load exceeding the dimensions of the trailer shall be non-reducible in size, and any load exceeding legal allowable weight shall be non-reducible in weight. Annual permits issued for such ~~ten~~ (10) foot hauling vehicles shall be subject to the requirements and limitations of IDAPA 39.03.19, "Rules Governing Annual Overlegal Permits," and 39.03.13, "Rules Governing Overweight Permits," Section 200. ~~(4-5-00)(7-1-11)T~~

03. Hauling Equipment in Excess of Ten Feet. Special overwidth hauling vehicles exceeding ten (10) feet in width will be permitted, and may be required, in the hauling of excessively heavy loads to improve the lateral distribution of weight, or when a combination of weight, width, or height makes extra width in the hauling vehicle desirable in the public interest. The use of such vehicles more than ten (10) feet in width shall be restricted to loads requiring an overwidth hauling vehicle and the backhaul permit shall be for the unladen vehicle. (10-2-89)

04. Buildings. Buildings which are too wide to be safely transported on legal-width hauling vehicles shall be moved either on house moving dollies or on trailers which can be reduced to legal width for unladen travel. (10-2-89)

400. OVERWIDTH PERMITS FOR IMPLEMENTS OF HUSBANDRY.

01. Farm Tractors on Interstate Highways. Farm tractors transported on Interstate Highways are required to have overlegal permit authority if width exceeds nine (9) feet. A farm tractor when attached to an implement of husbandry or when drawing an implement of husbandry shall be construed to be an implement of husbandry and is not required to have a permit. Farmers, equipment dealers or custom operators may be issued single trip or annual permits under this rule for transportation of farm tractors, having a width in excess of nine (9) feet to or from a farm involving Interstate Highway travel. The transportation of farm tractors or implements of husbandry for hire, or not being transported from one farm operation to another, is a common-carrier operation. Exemptions from legal width limitation do not apply to common-carrier operations. Farm tractors or implements of husbandry hauled for hire, or used in the furtherance of a business (not to include farming operations), are subject to the same overlegal permit regulations as other oversize loads when the width of the load exceeds legal-width limitations, and must operate under oversize permits. (3-30-01)

02. Other Than Farm to Farm. Implements of husbandry exceeding eight (8) feet six (6) inches in width being transported other than from one (1) farm operation to another farm operation shall require overlegal permits ~~authority~~ except when the farmer or their designated agent is transporting implements of husbandry and equipment for the purpose of: ~~(4-5-00)(7-1-11)T~~

a. The repair or maintenance of such implements of husbandry and equipment when traveling between a farm and a repair or maintenance facility during daylight hours; or (7-1-11)T

b. The purchase or sale of such implements of husbandry or equipment when traveling between a farm and a dealership, auction house, or other facility during daylight hours. (7-1-11)T

03. Farm Permits. Single trip permits must be ordered at the permit office and the operator may post a security bond to establish credit (See IDAPA 39.03.21, "Rules Governing Special Overlegal Permit Fees," Section 300) and thereby qualify to complete an application form, call the overlegal permit office for a permit number, and carry the application form with the overwidth vehicle in lieu of the overlegal permit form. Under provisions of IDAPA 39.03.19, "Rules Governing Annual Overlegal Permits," Section 100, annual permits will be issued to towing units or to self-propelled farm tractors or towed units, or blanket permits may be issued to an Idaho domicile applicant without vehicle identification. Such blanket permits may be transferred from one vehicle to another vehicle but shall be valid only when the permit is with the overwidth vehicle and/or load. A photocopy of the permit is valid provided that the Pilot/Escort Vehicle and Travel Time Requirements Map and Vertical Clearance of Structures Map furnished by the Idaho Transportation Department are included. Such annual permits for implements of husbandry or farm tractors are subject to the same maximum dimensions, travel time exclusions and safety requirements as other overwidth annual permits and are valid for continuous travel for twelve (12) consecutive months. (4-5-00)(7-1-11)T

04. Overwidth Farm Trailers. Trailers or semi-trailers exceeding eight feet six inches (8' 6") wide, but not wider than the implement of husbandry, used for the transportation of implements of husbandry from a farm to a farm for agricultural operations, shall be exempt from overlegal permitting requirements. This exemption does not apply to trailers or semi-trailers used in common carrier operations, hauling for hire or used in the furtherance of a business (not to include farming operations). (3-20-04)

a. Exempt trailers, as listed above, may not be used to haul implements of husbandry that are narrower than the overwidth trailer. (3-20-04)

b. Empty trailers, as listed above, being used to pick up or drop off an implement of husbandry from a farm to a farm are also exempt and must be reduced to a practical minimum dimension (i.e. dropping side extensions). (3-20-04)

c. Exempt trailers, as listed above, may not be used to transport loads other than implements of husbandry from a farm to a farm. (3-20-04)

401. -- 499. (RESERVED)

District approval will be obtained by the Overlegal Permit office and may require up to twenty-four (24) working hours.
