

STATEMENT OF PURPOSE

RS19975

The proposed legislation requires that all electrical inspectors hired by any jurisdiction after July 1, 2013 must be licensed by the Division of Building Safety as master electricians, that no electrical inspector may be hired on and after July 1, 2013 that is not licensed by the Division, and provides a time frame for passing the general inspector's test. The Division received favorable input from city inspectors contacted regarding the licensing of all electrical inspectors in the state of Idaho.

FISCAL NOTE

None.
