32

33 Be It Enacted by the Legislature of the State of Idaho:

34 SECTION 1. LEGISLATIVE INTENT. (1) Section 3, Article I, of the Consti-
35 tution of the state of Idaho provides that "The state of Idaho is an insepa-
36 rable part of the American Union, and the Constitution of the United States
37 is the supreme law of the land." The Constitution of the United States sets
38 forth enumerated powers to the federal government created thereby, and re-
39 serves all other powers to the people and the states pursuant to the Ninth and
40 Tenth Amendments to that Constitution.

41 (2) The Constitution of the United States, having delegated to Congress
42 a power to "provide for ... general welfare of the United States," and sep-
43 arately a power "to regulate commerce ... among the several states," does

1 not extend to forcibly mandating, in any form, citizen participation in a
2 national health plan, dictating the composition of insurance policies, em-
3 ployer benefits or making determinations as to the type of medical facili-
4 ties that may exist in each state.

5 (3) The states and people having reserved powers under the United States
6 Constitution to themselves, it is incumbent upon the states, including
7 Idaho, to ensure on behalf of their citizens, that the powers reserved to
8 the people and states are not diminished through the assumption of nondele-
9 gated powers by the federal government. To identify such encroachment and
10 to peacefully and lawfully oppose and resist it is a natural duty that flows
11 from the powers reserved, and is not in conflict with our recognition of the
12 Constitution of the United States as the supreme law of the land.

13 (4) This Legislature has previously declared that "the power to require
14 or regulate a person's choice in the mode of securing health care services,
15 or to impose a penalty related thereto, is not found in the Constitution of
16 the United States of America, and is therefore a power reserved to the people
17 pursuant to the Ninth Amendment, and to the several states pursuant to the
18 Tenth Amendment," Section 39-9003, Idaho Code. The Patient Protection and
19 Affordable Care Act (PPACA), enacted by the federal government, is inconsis-
20 tent with the declared policy of the State of Idaho and the powers reserved
21 under the Ninth and Tenth Amendments, is an encroachment upon those reserved
22 powers, and is an exercise of nondelegated authority. Such is the finding of
23 this Legislature, which has been affirmed by the federal district court in
24 the decision of State of Florida v. United States Department of Health and
25 Human Services, Case No. 3:10-cv-91-RV/EMT (January 31, 2011, N.D.FL).

26 (5) The Court in State of Florida v. United States Department of Health
27 and Human Services, having found the personal mandate in the PPACA unconsti-
28 tutional and not severable from the whole, has affirmed that the entire law
29 is unconstitutional. The Court having further affirmed that "the declara-
30 tory judgment is the practical equivalent of specific relief such as an in-
31 junction," the state of Idaho, being a named plaintiff, and having its legal
32 standing through its declared policies under the Idaho Health Freedom Act
33 specifically affirmed by the Court, is entitled to the full benefit of the
34 Court's judgment, and entitled to exercise the state's reserved powers to
35 enjoin the implementation of the PPACA.

36 (6) Implementation of an unconstitutional law is contrary to the Legis-
37 lature's obligation to uphold the Constitution of the United States of Amer-
38 ica, Section 3, Article I, of the Constitution of the state of Idaho. The
39 Legislature of the state of Idaho, therefore, on behalf of the citizens of
40 this state and to secure the blessings of liberty, hereby asserts its legit-
41 imate authority to interpose between said citizens and the federal govern-
42 ment, when it has exceeded its constitutional authority and declares that
43 the state shall not participate in and considers void and of no effect the
44 PPACA.

45 SECTION 2. That Section 39-9003, Idaho Code, be, and the same is hereby
46 amended to read as follows:

47 39-9003. STATEMENT OF PUBLIC POLICY. (1) The power to require or regu-
48 late a person's choice in the mode of securing health care services, require
49 employers to provide health insurance coverage to their employees, deter-

1 mine the content of health insurance policies, or limit the construction or
 2 expansion of hospital or medical facilities or to impose a penalty related
 3 thereto, is not found in the Constitution of the United States of America,
 4 and is therefore a power reserved to the people pursuant to the Ninth Amend-
 5 ment, and to the several states pursuant to the Tenth Amendment. The state
 6 of Idaho hereby exercises its sovereign power to declare the public policy of
 7 the state of Idaho regarding the right of all persons residing in the state
 8 of Idaho in choosing the mode of securing health care services free from the
 9 imposition of penalties, or the threat thereof, by the federal government of
 10 the United States of America relating thereto.

11 (2) It is hereby declared that the public policy of the state of Idaho,
 12 consistent with our constitutionally recognized and inalienable rights of
 13 liberty, is that:

14 (a) Every person within the state of Idaho is and shall be free to
 15 choose or decline to choose any mode of securing health care services
 16 without penalty or threat of penalty by the federal government of the
 17 United States of America.

 19 ipate in a government health insurance program not authorized by the
 20 state of Idaho.

21 (c) Every employer in the state of Idaho shall be free to decide whether
 22 or not to offer, maintain, contribute to or modify health insurance
 23 plans for their employees and their dependents, without penalty or
 24 threat of penalty by the federal government of the United States of
 25 America.

26 (d) The state of Idaho reaffirms its sovereign power to provide regula-
 27 tory oversight of insurance content, coverage, benefits and beneficia-
 28 ries within the state of Idaho.

29 (e) The construction or expansion of a private or state authorized hos-
 30 pital or medical facility of any kind in the state of Idaho is a matter
 31 reserved to the jurisdiction of the state of Idaho.

32 (3) The policy stated herein shall not be applied to impair any right
 33 of contract related to the provision of health care services to any person or
 34 group.

35 SECTION 3. That Chapter 90, Title 39, Idaho Code, be, and the same is
 36 hereby amended by the addition thereto of a NEW SECTION, to be known and des-
 37 ignated as Section 39-9005, Idaho Code, and to read as follows:

 41 tion Act of 2010, P.L. 111-152, 124 Stat. 1029 (2010), herein collectively
 42 referred to as PPACA, having been declared unconstitutional by this Legisla-
 43 ture, beyond the delegated powers of the federal government, and affirmed as
 44 such by the Court in State of Florida v. United States Department of Health
 45 and Human Services, Case No. 3:10-cv-91-RV/EMT (January 31, 2011, N.D.FL),

2 Idaho shall establish any program, promulgate any rule, policy, guideline or
3 plan or change any program, rule, policy or guideline to implement the PPACA.

5 employee of the state of Idaho shall enter into any agreement or any obliga-
6 tion to implement the PPACA.

8 employee of the state of Idaho shall provide assistance or resources of any
9 kind to any agency, public official, employee or agent of the federal govern-
10 ment related to any attempted implementation or enforcement of the PPACA.

11 (5) No department, agency or political subdivision of the state of

13 PPACA.

20 attorney fees and costs to the prevailing party.

22 to be severable and if any provision of this act or the application of such
23 provision to any person or circumstance is declared invalid for any reason,
24 such declaration shall not affect the validity of the remaining portions of
25 this act.

27 declared to exist, this act shall be in full force and effect on and after its
