

STATEMENT OF PURPOSE

RS20155

Idaho law currently contains only one brief sentence regarding "no contest" clauses, in Section 15-3-905, Idaho Code, and that section only refers to wills. This bill expands both the provisions applying to no contest clauses and applies them to both wills and trusts. Section 15-3-905 is repealed since it is replaced by the language in this bill. This bill will give certainty and clarity to the issues surrounding no contest clauses in wills and trusts. This language has been used in Nevada and has worked well there.

FISCAL NOTE

This bill will have no negative fiscal impact.
