

STATEMENT OF PURPOSE

RS19928

The department eliminated state funding to the United States Department of Agriculture (USDA) Agricultural Marketing Service (AMS) Market News Office due to budget holdbacks in January, 2010. As a result, Title 22, Chapter 1, Idaho Code needs to be updated to reflect that the Department no longer supports the market news service.

FISCAL NOTE

There is no fiscal impact to the general fund. The savings to the agency budget has already been realized.
