

STATEMENT OF PURPOSE

RS20318

This bill would amend Section 67-7015, Idaho Code, to include personal floatation devices. The devices must be readily available at all times, and not stored underneath any lock and key. The floatation devices would also have to be in working condition at all times. All devices must be readily available for each person on board and in good condition. If the devices are being used on jet skis, etc, they must be worn at all times.
