OUR VISION

- Idaho citizens and their families have appropriate access to quality services provided through the publicly funded behavioral health system that is coordinated, effective, accountable, and focused on recovery.*

** Behavioral Health Interagency
Cooperative*

OUR MESSAGE

- Mental health is an essential part of overall health
- Persons/children with access to appropriate treatment and resources can RECOVER and become productive citizens

A RECOVERY STORY. . .

JOHN'S RECOVERY STORY

WHAT DOES IDAHO NEED TO DO TO INCREASE THE NUMBER OF PEOPLE WHO DO RECOVER?

Consider housing as a priority.

- Housing is an essential component for recovery.
- A home offers a sense of belonging, safety, and comfort.

Provide for Early Intervention.

- Waiting for crises costs more money.

Assure access to services in rural area.

- Uses family safety net.
- Provides familiarity by keeping the person in their own community.

WHAT'S THE ALTERNATIVE?

- More suicides

AS WE MOVE TOWARD MENTAL HEALTH MANAGED CARE

We are concerned about and will monitor:

1. Participant Assessment and Eligibility
2. Definition of “Necessary Services” - Including what is an emergency service?
3. Reinvestment savings - grow the program to save additional money
4. Openness to new approaches, not just traditional services
5. “Gatekeeper” - need a local contact to address local issues
6. Integration of services: mental health physical health, and substance abuse Include consumer input - including peer to peer support
7. Engage the community
8. Quality?
 - Sufficient providers in rural areas?
 - Good, objective data - does the system result in recovery?

HELP US

- Provide our citizens and families affected by mental illness with:
 - Health
 - Home
 - Purpose
 - Community

AND MOST OF ALL

HOPE!
