Secretary of State

The Certificate of Election was ordered filed in the office of the Secretary of the Senate.

They further serve notice to the State that the Legislature, the elected representatives of all the citizens of Idaho, is in session. The flags are raised when the Legislature convenes and will be retired when the Legislature adjourns *sine die*. On request by President Pro Tempore Hill, granted by unanimous consent, The Idaho State Police Honor Guard entered the Chamber to present and post the colors.

The Pledge of Allegiance was led by Sarah Jane McDonald, Sergeant-at-Arms. President Little presented the Idaho State flag to the Honor Guard to be raised above the Senate Chamber to fly during the Second Regular Session of the Sixty-first Idaho Legislature and the Honor Guard exited the Chamber.

A musical presentation of Our *National Anthem* was sung by Allie Hill.

Mr. Speaker, Mr. President, Honorable Justices, my fellow constitutional officers, distinguished legislators and members of my Cabinet, honored guests, friends, my family and our First Lady my fellow Idahoans.

I am here today to report on my view of our state, and to provide you with recommendations for the coming year.

It is my pleasure to report that Idaho - having been tested by the Great Recession - now is emerging leaner, stronger, more resilient and better prepared to compete, prosper and prevail in the years to come.

Thank you for your leadership and for your partnership in guiding Idaho through a trying time for the people we serve, and for your civic virtue in staying true to our Idaho values.

I'm also proud and humbled to report today the successful and honorable homecoming of the men and women of the Idaho National Guard's 116th Cavalry Brigade Combat Team.

We also recently welcomed home about 100 Idahoans who were deployed to Iraq with the Army Reserve's 391st Engineer Company.

But it is my solemn duty to report that two of our courageous war fighters with the 116th Armored Cavalry lost their lives defending freedom during 2011 in a country half a world away.

I ask that you keep Specialist Nathan Ryan Beyers, Specialist Nicholas Wayne Newby and their loved ones in your thoughts and prayers as you continue your work.

Along with Staff Sergeant Jason Rzepa- who was wounded and received the Purple Heart - they were among more than 15-hundred Idaho members of the 116th who put their lives on the line for us.

And they weren't alone.

Specialist Robert Dyas of the 1st Infantry Division; Corporal Devin Daniels of the 82nd Airborne, and Corporal Ryan Sharp of the 1st Infantry Division each gave the last full measure of devotion in defense of liberty during 2011.

They were our sons and our fathers, our brothers and our teachers, our students and our friends. They each will be sorely missed.

Now most of our valiant soldiers are home, once again helping make Idaho the best place in the world to live, to work and to raise a family.

Unfortunately, that's not yet true of Sergeant Bowe Bergdahl of Hailey. He remains in the captivity of a Taliban-supported terrorist network in Afghanistan.

I know you join me in continuing to pray for his safe release and speedy return home.

Among those troops who have returned home, grateful for their freedom, far too many did so without a job.

That will change, because it must change. I believe we all can agree that these men and women have faced too much hardship fighting abroad for us to ask them to face more hardship back here at home.

And so I am pleased to report to you today that the Department of Labor, the Division of Veterans Services, the Military Division, the Department of Commerce, the Department

of Education and all State agencies are joined in the task of addressing that challenge.

Ladies and gentlemen, the Hire One Vet effort is more than the right thing to do.

It is our responsibility to ensure that our troops have the tools they need to resume their productive civilian lives.

So I encourage you to help however you can, and to continue making good on our shared commitment to those who safeguard our country's future.

Their plight is our plight. And their success is our success. I cannot put it any plainer than that.

Those veterans, and our children, are at the heart of the Idaho I want to see by the end of my second term as your Governor.

I want to see an Idaho that is more independent, dynamic, diverse, and built on a foundation of freedom, personal responsibility and public accountability.

I want to see an Idaho focused not on scarcity or what we lack, but on a more prosperous and hopeful future for all of us.

It's with that Idaho in mind that I set my top two budget and policy priorities for 2012 and this legislative session.

And the reality is, those two priorities are inseparable - jobs and education.

Almost everything we do this year will have an impact on those two priorities, which I'm confident you share.

But let's talk first about the philosophy that underpins those priorities - the philosophy that has seen us through one of the worst economic downturns in American history.

About 14 months ago the people of Idaho elected us with the understanding that we would make economic growth and the creation of more career opportunities the centerpiece of our State government agenda.

They entrusted us to deliver on our pledge to bring them a more efficient, effective and smaller State government - and to protect Idaho's hard-working taxpayers.

Our citizens expressed strong support for our emphasis on government doing more with less - as they have done - and our steadfast focus on living within the people's means.

They embraced our ideas, encouraged our efforts, and recommitted along with each of us to putting the politics of the past in the past.

And they endorsed our opposition to federal programs and policies aimed at: Imposing greater burdens on taxpayers, locking up our natural resources with regulatory roadblocks, imposing top-down mandates, and creating one-size-fits-all government "solutions" to our challenges.

Thanks to your leadership and an understanding of our constituents' needs that I believe only citizen legislators can possess, the result is a State government that does not face - and will not face - the staggering deficits, layoffs, shutdowns, tax increases and other problems that are plaguing many other states.

But keeping our head above water in difficult times isn't good enough - not for us, and not for the people of Idaho.

We are not here just to get by. We are here to help enable the people we serve to get ahead!

My three broad priorities when voters first elected me Governor were to: Encourage economic opportunity, Ensure responsible government, and Empower Idahoans to be the architects of their own destiny.

Those remain the foundation of my approach to this job. But circumstances have converged to raise the stakes.

You will continue to see my administration focus on re-establishing the proper role of State government in our lives.

And you will continue to see our extraordinary Idaho independence and self-reliance assert itself in response to federal intrusions on our sovereignty and liberties.

But you also will see a greater emphasis on ensuring the efficiency and prudent frugality that we've established in every agency of State government during the past three years become standard procedure.

What we had to do then will become our new normal going forward.

And you will see a greater emphasis on building innovative public-private partnerships that leverage our limited resources toward advancing and achieving our shared goals.

That's especially true when it comes to fulfilling the benchmarks of Project 60, putting more of our 65,000 unemployed Idahoans back to work, and preparing our citizens to fill more of the 18,500 jobs that now remain vacant in Idaho.

That's not just jawboning or wishful thinking. We're taking concrete steps to address the fact that employment growth - a lagging economic indicator - has been "lagging" far too long.

Unemployment is slowly starting to decline. We've seen some good news in recent months, with our jobless percentage at its lowest rate in two years.

But unemployment remains at an unacceptable level.

And while what government can do is limited - as it should be - we can and will do a better job of reaching out to our businesses and employers as partners in this effort.

That starts at the top, and now Project 60 has a new ramrod. Jeff Sayer has taken over as Department of Commerce director.

He brings with him a wealth of private-sector entrepreneurial experience, as well as renewed energy, enthusiasm and commitment to actively engaging with the people who make our economy and our communities work.

And it's already making a difference.

Jeff is joining Roger Madsen at the Department of Labor, Bill Deal at the Department of Insurance, Brian Ness at the Transportation Department, Celia Gould at the Department of Agriculture, Gavin Gee at the Department of Finance, our colleges and universities and others to provide employers, job seekers and businesses looking to grow with the tools they need to succeed.

Jeff and Roger in particular also are working closely with local economic development professionals and community leaders all over Idaho.

Their job is ensuring that we are fully prepared to take advantage of economic opportunities, and create even more - with a well-trained and motivated workforce, targeted infrastructure investments and minimal government red tape.

They understand that the role of government - effective government - is not to create dependency, but rather to facilitate opportunity.

Is that the right path forward? Ask the hundreds of people who will be working for the new Chobani Greek yogurt plant being built in Twin Falls.

In fact, ask anyone benefiting from the incredible economic growth and increasing business diversity being made possible by the success of our Idaho dairy industry.

Ask the hundreds of Idaho citizens who are drawing paychecks and paying taxes as a result of growth at on Semiconductor in Pocatello, or the new Allstate regional customer service center in Chubbuck.

Ask any of the employees or supporting businesses benefiting from the growth of Ground Force Manufacturing in Post Falls or it's new under Ground Force expansion.

Ask Scentsy, or any of the health science, research and technology businesses choosing to expand into The CORE in Meridian.

Other great Idaho companies like:

MetaGeek in Boise, Dynamis in Eagle, and PNW Arms in Potlatch also have the potential to substantially change our economic landscape.

Those examples, and many more, are tangible results of Idaho's entrepreneurs stepping up and expressing confidence in our future.

And the key to their willingness to stake their future on Idaho is the degree to which we make a commitment to being partners for progress.

Partnership is the key to a new program you'll be hearing more about in the weeks and months to come.

It's called IGEM, for Idaho Global Entrepreneurial Mission.

It's patterned on successful programs in Utah and Virginia. A similar concept is being applied in Colorado, and industry increasingly is wrapping its arms around the idea.

So we're not reinventing the wheel here. In fact, our agriculture industry has had similar programs in place for years.

We're just perfecting it for our universities, our communities, and more of our Idaho businesses.

IGEM involves industry, entrepreneurs, higher education, the Idaho National Laboratory and the Center for Advanced Energy Studies.

Together, their focus will be on creating value on our campuses that will:

Help our existing businesses grow, nurture the startup of new businesses, and create more jobs and opportunities for Idaho.

That will require a genuine commitment, some targeted investment and - perhaps most importantly - a significant cultural change in how our universities approach research and working with industry.

I appreciate our university presidents and the State Board of Education for partnering with us in that process.

And I urge you to act decisively in support of the legislative efforts that IGEM will require. That includes funding collaborative research aimed at job creation.

Public schools throughout Idaho also are undergoing cultural and technological changes as we continue implementing the Students Come First reforms that you approved last year.

I'm committed - along with Superintendent Luna - to ensuring the success of those reforms.

That's why my budget calls for fully funding Students Come First, including its technology and pay-for-performance elements.

The modest but targeted and responsible General Fund increase I'm proposing for public schools is the right path forward. It will help our limited taxpayer resources go farther and make our K-through-12 education system more effective and customer-driven.

Most importantly, fully funding Students Come First will help ensure the success of our Idaho students in an increasingly complex, connected and competitive global marketplace.

Preparing Idaho students for the wider world and for reaching their greatest potential right here at home is a constitutional responsibility for State government.

And like supporting our veterans, it also happens to be the right thing to do - for our families, our communities, our economy, and our future.

When it comes to education, we cannot rely on the policies of the past to prepare our children for the possibilities of the future.

That's why I'm additionally proposing to fully fund the cost of enrollment growth going forward at our universities, colleges and community colleges.

And it's my recommendation that we fully fund the cost of moving into and operating new facilities on those schools' campuses.

In that way we'll be addressing the top priorities identified by the presidents at those institutions.

Now I'd like to say a few words about our community colleges.

Specifically, I want to mention an extraordinary example of collaboration between North Idaho College, the College of Southern Idaho and the College of Western Idaho.

As you know, there is a pressing need for more workforce training.

In fact, the explosive growth of demand here in the Treasure Valley prompted the presidents and board chairs at NIC and CSI to actually defer their share of an additional \$1 million in proposed funding for Fiscal 2013.

They said they would rather see the extra money go to the College of Western Idaho, which as you know is one of the fastest-growing community colleges in our nation's history.

So with gratitude for their selflessness and appreciating their foresight, I'm honoring that request in my budget recommendation.

Ladies and gentlemen, I was at St. Maries High School a few weeks ago to mark the statewide completion of our Idaho Education Network's Phase One efforts.

All 194 Idaho high schools now are connected to the IEN - almost a year ahead of schedule and 16 percent under budget.

In St. Maries, Principal John Cordell and Superintendent Joseph Kren have been champions of using technology and distance learning to improve and expand student achievement.

The culture at St. Maries High - as is the case with so many of our schools throughout Idaho - has been one aimed at enhancing student achievement through a variety of learning options despite their remote and rural nature.

St. Maries already is working with North Idaho College, Lewis-Clark State College and other curriculum providers to demonstrate that the possibilities are limitless with an innovative and open mind.

And there are plenty of those throughout Idaho, eager for the chance to expand their horizons as our Students Come First efforts will enable and empower them to do.

Like our students, Idaho's State government also must be prepared for the challenges ahead.

Your understanding of the need to work for the best while preparing for the worst gave us the ability to draw more than \$381 million from our various reserve accounts over four budget years.

Those funds were essential in helping Idaho weather economic hard times without anything like the dislocation and draconian measures that some other states were forced to take.

That money helped us keep our credit rating high and our debt-level low.

It helped us keep our taxes in check and our eyes on emerging from this extended downturn with a balanced and structurally sound budget.

And we all know that's a pre-requisite for the growth and renewed prosperity we need.

That's why the budget I'm submitting to you proposes to begin refilling our reserve accounts in preparation for the next unforeseen "rainy day."

My Executive Budget calls for setting aside a total of \$60 million in the Public Education Stabilization Fund, the Budget Stabilization Fund, and the new Higher Education Stabilization Fund.

That will help us maintain the kind of fiscal stability, certainty and responsibility that Idahoans deserve and employers look for in their State government.

And that's what Idaho citizens will keep getting under my administration, with your help and continuing support.

By contrast, that's not what the American people are getting from Washington, D.C.

Despite the hard work of our fine congressional delegation, Idaho's brightest spot on the federal level in 2011 was doing what the courts refused to do.

Congressman Mike Simpson deserves our praise and our thanks for his successful legislation restoring State management of wolves.

It helps that Mike was a former Speaker of this House.

With that experience, and his growing influence in Congress, he knows what it takes to get things done that reflect the priorities and needs of the people back here at home.

I'm proud that we are represented in Washington, D.C. by four experienced legislators who served with distinction in this building.

On the other end of the spectrum, as you know, the Obama administration's so-called "Patient Protection and Affordable Care Act" mandated establishment of a health insurance exchange in each state.

I have struggled with the federal imposition of this mandate - in part because Idaho was exploring ways to create its own market-based health insurance exchange long before the federal law was adopted.

Still, last September, I allowed State agencies to apply for a grant to prepare for the federal law while we continue fighting it in court.

My decision to allow the application to be submitted simply preserved the opportunity for you and all Idahoans to discuss our options and decide what's best for our citizens.

In the next few weeks we will continue to have those discussions - weighing all our options and the potential outcomes associated with each of them.

But it's also important to remember that those discussions will be taking place in the context of the U.S. Supreme Court agreeing to consider the lawsuit that Idaho and 25 other states filed to protect the 10th Amendment rights of Idaho - and of the people - to choose.

My goal is to collaborate with you today on a principled path forward, so we're prepared for the health care environment that we'll have tomorrow.

I look forward to hearing from you - and the people we serve - about our State role in ensuring that environment makes health care more accessible and affordable for all Idahoans.

Of course, health care is only one of the challenges that lay ahead for us.

We have little control over the vagaries of the world and national economy.

But we can ensure that economic opportunity finds a welcoming home here in Idaho.

Ladies and gentlemen, that's why I'm proposing that we set aside \$45 million for tax relief in Fiscal 2013.

I have been discussing the form of that tax relief for some time now, with legislative leaders, business groups, tax experts and our citizens.

There remains a wide diversity of opinion on how best to target tax relief.

There are plenty of ideas, and just as many ways for us to crunch the numbers.

But there's also broad consensus on the need to reduce the burden both on our hard-working taxpayers and on those employers who are looking for opportunities to grow our economy while creating careers and livelihoods.

I look forward to hearing your proposals and working with you on responsible and forward-looking ways to keep more of our taxpayers' money in their pockets - where it will do our communities and our people the most good.

Beyond Idaho's borders, we are not tasked with addressing the shortcomings of the national administration or the consequences of its inaction and misplaced priorities.

What we can do - and all we should seek to do - is set the best example possible of prudent, responsible, responsive and effective State government.

We can nurture and celebrate our private-sector success. We can encourage collaboration and partnership while protecting individual freedom. We can foster and remove impediments to opportunity. And we can seek to more equitably reward our most valued State employees for continuing in public service.

To that end, I'm proposing that we set aside \$41 million from the General Fund in Fiscal 2013 to reward our most deserving employees - including our public school teachers.

But that reward should be structured in such a way that it gives management as much flexibility as possible.

It also should be in the form of one-time payments, and it should be conditioned on tax revenues meeting our projections.

Before I go on, I'd like to take just a moment to recognize and offer my personal thanks to a long-time public servant who has been a mentor, a leader and a dear friend for generations of Idahoans.

General Darrell Manning is one of the most committed, conscientious and common-sense people I've ever had the privilege of knowing. He served in both chambers of this Legislature.

He was Idaho's first Transportation Director, and he's been a valued advisor and confidante of Governors and legislators for decades.

His recent decision to retire as chairman of the Idaho Transportation Board leaves a vacuum of knowledge, experience and institutional memory that will be difficult to fill. I am proud to have served by his side, and pleased to know that he will continue to answer my calls for his sage counsel.

General Manning, please stand and be recognized as we applaud your work for the people of Idaho.

With General Manning's support, I also want to announce today that Region 3 Transportation Board member Jerry Whitehead has agreed to take over as chairman effective in February.

I know you join me in welcoming Jerry to this new responsibility.

And I ask you to join me in pledging our support and assistance to Jerry, the Transportation Board and Director Ness as they work as a team to develop plans and priorities for this essential part of our economic infrastructure.

It's been that team concept that has enabled us to refine our State government's processes these past few years.

We've made them more transparent, seamless, responsive and stable.

Most importantly, we have become better stewards of the taxpayers' money.

And that's served to strengthen the foundation on which public confidence is built.

That's what being a laboratory of the republic really means.

And it's what Idaho is perfectly suited to contribute to our national discussion.

Speaking of teams, last summer my staff and I visited with Boise State football coach Chris Petersen.

We asked the coach how he's been able to keep upgrading the Broncos' success on the field.

We asked how he's been able to build a national reputation for excellence with what's considered limited resources by today's college football standards.

What I took away from his answer was this: Focus.

Focus on the challenges at hand. Focus on leveraging your strengths. Focus on improving every day. Focus on what you can control. And focus on helping individual players understand how they can help achieve team goals while reaching their own academic and athletic potential.

That's a pretty good formula for success.

It's a high standard, but one which I know everyone here today is committed to achieving for the people we serve.

Keeping faith with the Idaho way of life we inherited - and which we want to pass on - demands nothing less.

That way of life is characterized by our Idaho values - including our independence, our spiritual strengths, our strong belief in self-determination, and our enduring love of liberty.

Those values in turn are driven by faith in the broader American ideal that we as individuals have both the ability and the responsibility to make our future better than our past.

The responsibility we share as political leaders is to ensure that every individual Idahoan has the opportunity to realize that goal.

To do that, we must be united to overcome common challenges.

We must be consistent in nurturing success, and most of all we must be resolute in protecting our citizens in their efforts.

Ladies and gentlemen let me close today by expressing my sincere gratitude to you for agreeing to be a part of this process.

Thomas Jefferson wrote an 1801 letter that nicely expresses the importance of integrity to the workings of government.

He wrote - and I quote - "Of the various Executive duties, no one excites more anxious concern than that of placing the interests of our fellow citizens in the hands of honest men with understanding sufficient for their station."

And I would add today, "honest women."

My friends, you have the understanding, the perspective, and the love of our State and our nation far more than "sufficient" for your station - and far more than "sufficient" for the challenges of the times in which we live.

Thank you and Godspeed.

Now, let's get to work!

The Speaker thanked Governor Otter for his message.

The committees came forward and escorted the Governor, the Supreme Court Justices, Appellate Court Judges, and the elected officials to their chambers and offices respectively, and were, on their return, thanked and discharged by the Speaker.

On motion by Representative Bedke, seconded by Representative Higgins, by voice vote the State of the State and the Budget Address was ordered spread upon the pages of the House and Senate Journals.

On motion by Representative Bedke, seconded by Representative Moyle, by voice vote the Joint Session was dissolved.

The appointed committee came forward and escorted the Senators from the House Chamber.

### Motions and Resolutions

On request by Senator Davis, granted by unanimous consent, President Little appointed a committee consisting of Senator Lodge, Chairman, and Senators Johnson and LeFavour to escort Chief Justice Roger S. Burdick into the Senate Chamber where he delivered the following **State of the Judiciary Address**:

Mr. President, Mr. President Pro Tem and distinguished members of the Idaho Senate, my colleagues on the Supreme Court and Court of Appeals and fellow Idahoans.

I would first like to thank the Supreme Court Justices for electing me Chief Justice and giving me an opportunity to address this body. Don't worry; I'll get even with them later.

The last time I stood at the podium in these chambers was in 1965 when I was in Boys State I ran for Governor and lost. It took me a change to the judicial branch and 45 years, until 2010, to win a hotly contested election and here I am.

Since becoming Chief Justice I have traveled to each of the judicial districts and met with judges, county clerks, commissioners as well as sheriffs and others throughout the state. I would like to share my observations with you about the State of the Judiciary.

Partnerships are being established to implement efficiencies and meet citizens' changing needs at every level. This creativity has led to remarkable success in meeting the judiciary's mission of equal access to the timely, impartial and fair resolution of cases. I am struck by the commitment, compassion and competence of Idaho's trial judges and county officials in developing local solutions to unique problems despite severe fiscal restraints.

Let me share some of these accomplishments, emphasizing that without the cooperation of all three branches of state government and the counties' support and resources; it doesn't get done.

Idaho's judiciary has been working with the Legislature and the counties to craft a county-based statewide misdemeanor probation system. We now have 32 officers who have graduated from POST Academy with 21 now enrolled. The court's goal is that all officers will be certified by January, 2014. By monitoring misdemeanor offenders, we protect our citizens as well as save incarceration costs.

Kootenai County has opened their Juvenile Justice Center, with one courtroom dedicated to juvenile justice cases and child protection matters and another for felonies. A child-friendly waiting room has been opened to give a safe and peaceful waiting area for the children involved in child protection cases. Canyon County has also built a children's room for the same purpose.

We thank Justice Dan Eismann for his many accomplishments while Chief Justice, but his most beloved legacy came to fruition last year.

Idaho's first Veteran's Court was started in Ada County in March, 2011.

These courts have a special camaraderie based upon the "Warrior Ethos." It is embodied in the Soldier's Creed which reads in part:

I will always place the mission first.

I will never accept defeat.

I will never quit.

I will never leave a fallen comrade.

Words for all to live by; but they carry a special meaning to our veterans. By hearing from their own, and relying on shared experiences, the rehabilitation message gains credibility and helps to turn lives around. Two additional veterans courts will be starting in Canyon and Bannock counties. We owe it to our veterans to help them lead productive lives, as part of our national debt of gratitude.

Domestic Violence courts now exist in seven counties and supervised almost 1600 offenders in 2011. The Domestic Violence court could be our most complex problem solving court. The model starts with a judge who is cross-trained to handle all matters relating to a single family. A Domestic Violence Court team provides treatment which teaches positive, responsible behavior. The mix of court monitoring, counseling, treatment and education focuses on improving behavioral skills free of violence and promoting healthy relationships.

Although new to these courts, Idaho's judiciary is already a national leader. After a presentation by Idaho judges to a national conference, representatives from New York and Minnesota will be arriving shortly to observe our system.

Last year, Idaho's 59 problem solving courts supervised almost 2,250 felony, misdemeanor and juvenile offenders. 594 offenders graduated from our drug and mental health courts. Thank you for entrusting us with last year's substance abuse treatment appropriation for use in our problem solving courts. Research continues to show recidivism rates for graduates are lower than other alternatives for rehabilitation and sentencing.

Idaho's Child Protection Drug courts are another innovative approach to keep families together and to nurture and protect children. These courts address the parent's drug use while marshaling services to change family dynamics, thus saving the family unit. Because parenting skills are taught to us by our parents, these courts will influence not only the participating parents, but generations to come.

I would like to recognize the retirement of our statewide Drug Court coordinator, Norma Jaeger. She is a moving force not only in Child Protection Drug Courts but problem solving courts throughout the state. We will miss her non-stop energy, her warming smile and her ability to move people in the right direction. She starts a new chapter in her life and we thank her.

Speaking of new starts - Idaho's drug and mental health courts helped 20 babies to be born to clean and sober mothers, bringing the total to 248 drug-free births since the beginning of Idaho's problem solving courts. There can be no greater legacy than having these kids start out in a sober, safe home with parents who will teach them the rewards of sobriety and accountability.

We are not just focused on youth; we are energizing the entire system of guardianships and conservatorships to help our aged and disabled citizens achieve their potential. Working with judges and county clerks statewide, over \$212 million dollars are being managed by conservators and reviewed by existing trained court staff.

I know it goes without saying, but all of the district and magistrate judges who preside over problem solving courts do so in addition to a full case load and without further benefit; other than the life-changing expressions of hope on the faces of the participants.

The Snake River Basin Adjudication started in 1987 has progressed at unprecedented speed for an adjudication and as

a result spread its procedural model throughout the nation. I can happily report that fewer than 1900 claims are left to be adjudicated, having already completed over 150,000 claims. Under the leadership of District Judge Eric Wildman, we are now starting to draft the final decree for the Snake River Basin's water resources. We thank past presiding District Judges Hurlbutt, Wood, Melanson and now Wildman for shepherding Idaho's most complex civil case to its end.

All judges in Idaho's courts have seen a substantial increase in certain types of cases. Since 2006, there has been a 30% increase in district court civil cases including complex civil, medical and business disputes that often take years to resolve. Divorce and child custody cases have risen by 10%. With the decline in availability of mental health treatment, we have seen an astounding 151% increase in mental health commitment proceedings. These trends likely the direct result of the economic decline are a reflection of the heightened stress levels that Idahoans, businesses and families are experiencing in this economy.

The challenge then is how to meet this upward trend with static resources.

"Courts of justice shall be open to every person and a speedy remedy afforded to every injury . . . ."

These are not my words, but those of Article I, Section 18 in Idaho's Constitution. They are unchanged from 1889 and we are re-pledging ourselves to their spirit by our Advancing Justice Initiative. Senior Judge Barry Wood, working with national and local groups, is making a critical examination of all court case types to find unnecessary delay, developing new procedures and creating new expectations to minimize that delay. This is not speed for speed's sake. It is a search for efficiencies while preserving quality.

On the technology front we continue our march to "e-everything"; e-citations by law enforcement, e-payment of fines, fees and court costs by the public, and now plans for e-filing of court documents and paperless courthouses. These efforts meld seamlessly into our Advancing Justice Initiative.

An increasing part of Idaho's judicial caseload involves persons representing themselves. Our court assistance offices responded to over 60,000 requests in 2011; an 11% increase over 2010, an increase of 64% in five years. In addition to our "on the ground" court assistance offices, we will be launching a new revised self-help center website.

For many years Justice Jim Jones has provided exemplary leadership to the cause of unrepresented litigants in Idaho. Through his efforts and the Idaho Pro Bono Commission, lawyers are now encouraged to provide a minimum of fifty hours of pro bono legal service annually. He has fostered changes to the Idaho Civil Rules to make it easier for lawyers to provide pro bono assistance on a limited issue. He has worked tirelessly with Idaho Legal Aid and the State Bar to help explore funding alternatives. Some of these proposals will come to you in this session.

Even with the work of this Court, the State Bar and Idaho Law Foundation, we know there is further need. We support and encourage the Idaho Legislature to continue to explore funding for legal representation in civil cases for the many Idahoans who cannot afford legal services.

We also commend the work of the Criminal Justice Commission, which in addition to other important work,

is developing recommendations to improve criminal public defender services throughout the State.

Idaho's judiciary decides our citizens' most important personal and business problems, ranging from the care and custody of our children to the most byzantine of business relationships. For this constitutional requirement, we need our most experienced and scholarly lawyers to become judges.

Since July 2000, Governors Kempthorne, Risch and Otter have been given the full slate of four candidates to fill district judge positions only 26% of the time. Our magistrate judge openings during the same time period have had an ample list of qualified applicants. A more competitive compensation package is required to insure the third branch of government attracts highly qualified individuals for district judge and other positions. Idaho's trial judges have not had an increase in their compensation since July, 2008; we rank 47th lowest in the nation.

The Judge's Retirement Fund is the other significant part of the overall compensation package. By any estimation this fund is at or above the national performance standard for governmental pension funds. The Court has conferred with legislators, state pension experts, and PERSI's actuary to explore ways to strengthen the fund for the future. We hope reasonable consensus will be reached this session on ways to do so.

I will conclude my remarks by saying the state of the Judiciary is straining under increased caseloads, expanded duties, scarce resources and stagnant compensation. We must begin a conversation with the Legislature, the Governor and county clerks and commissioners about how best to address the pent up demand for judges, court facilities and new resources needed to conduct safe, timely hearings on the vital issues facing everyday Idaho citizens.

These conversations will present new challenges for the future, but I'm convinced with the continued support of the Idaho Legislature, the Governor and county officials we will solve them and present an even stronger judiciary to you next year and the years thereafter.

Thank you and God Bless.

The President thanked Chief Justice Burdick for his remarks and Senator Lodge, Chairman, and Senators Johnson and LeFavour escorted Chief Justice Burdick from the Chamber, and the Committee was discharged.

On request by Senator Davis, granted by unanimous consent, the Senate advanced to the Fifteenth Order of Business.

#### BY RESOURCES AND ENVIRONMENT COMMITTEE A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, TO THE SECRETARY OF AGRICULTURE OF THE UNITED STATES, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Sixty-first Idaho Legislature, do hereby respectfully represent that:

WHEREAS, during the First Regular Session of the Sixty-first Idaho Legislature, we adopted Senate Joint Memorial No. 101, which urged the reauthorization and full funding of the federal Secure Rural School and County Self-Determination Act ("SRS" or "Act"); and

WHEREAS, the SRS was enacted to meet the financial obligations of the federal government in rural communities with extensive federal land ownership as these lands do not contribute to the county tax base. The SRS law establishes transfer payment schedules for federal moneys to be paid from the U.S. Treasury directly to the counties to help support their schools, roads and essential services; and

WHEREAS, in 2011, the SRS has provided approximately \$31 million dollars of federal funding to 34 Idaho counties for schools and roads with National Forest System lands in recognition of the federal government's obligation to these counties; and

WHEREAS, Congress has not yet reauthorized the SRS Act and the Act has now expired. Congress may still reauthorize, but current proposals for reauthorization are for less funding and for a shorter time than previous authorities; and

WHEREAS, the purpose of the SRS has always been for the federal government and counties to advance alternative arrangements to the SRS transfers; and

WHEREAS, five Idaho counties, Shoshone, Boundary, Clearwater, Idaho and Valley, commendably have developed a pilot project or an alternative proposal for SRS funding called a Community Forest Trust ("Trust"); and

WHEREAS, the proposed Trust would provide that resources on certain designated federal lands be managed for the purposes of providing revenues to all Idaho counties currently receiving SRS funding; and

WHEREAS, the resources on the federal lands included in the proposed Trust would be managed by Idaho Department of Lands professionals under all laws, federal and state, as they apply to state lands in Idaho, and overseen by a Board of Idaho County Commissioners appointed by the Governor; and

WHEREAS, lands included in the proposed Trust would remain federal lands and available to all Americans for recreation and enjoyment; and

WHEREAS, the resources in the Trust would be required to be managed prudently and sustainably, and management activities would be monitored to ensure environmental standards are met; and

WHEREAS, the Idaho counties have submitted a proposal to Congress to conduct a pilot of the Trust as part of the SRS reauthorization, and any revenues generated be deducted from approved SRS payments thereby helping both Idaho counties and the federal government meet deficit reduction goals; and

WHEREAS, the Trust pilot would be for a minimum of five years and include resources on 200,000 acres of federal forest land in Idaho; and

WHEREAS, the Idaho Association of Counties Board of Directors and the Idaho Association of Counties Public Lands Committee unanimously approved the Trust pilot in September 2011; and

WHEREAS, the Trust has been reviewed by the Idaho Land Board in August 2011 and supported, in concept, with direction to the Idaho Department of Lands to work with the counties on how it would be implemented.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-first Idaho Legislature, the Senate and the House of Representatives concurring therein, that we urge the Congress of the United States to endorse and enact a Community Forest Trust pilot for Idaho, consistent with the proposal presented by Idaho counties to the U.S. House Natural Resources Committee as part of the July 14, 2011, hearing record on the Secure Rural Schools and Community Self-Determination Act of 2008 reauthorization.

BE IT FURTHER RESOLVED that we urge the Congress of the United States to reauthorize and extend the Secure Rural Schools and Community Self-Determination Act of 2008 (P.L. 110-343) for an additional ten-year period through federal fiscal year 2021, and that the Act be continued at federal fiscal year 2008 funding levels and be funded through mandatory, continuing appropriations.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of Agriculture of the United States, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

[SCR 120](#) and [SJM 103](#) were introduced, read at length, and referred to the Judiciary and Rules Committee for printing.

The Senate advanced to the Sixth Order of Business.

#### A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second Regular Session of the Sixty-first Idaho Legislature, do hereby respectfully represent that:

WHEREAS, all Idahoans have the right to life, liberty and the pursuit of happiness, as provided in the Declaration of Independence; and

WHEREAS, the Continental Congress of 1787 declared that "Religion, Morality and knowledge being necessary to good government and the happiness of mankind ..."; and

WHEREAS, James Madison, a key defender of religious freedom and author of the First Amendment, said "Conscience is the most sacred of all property"; and

WHEREAS, the Executive Branch of the United States government has directed the U.S. Department of Health and Human Services (HHS) to promulgate a new, "preventive services" mandate that violates the rights of conscience of a majority of U.S. citizens; and

WHEREAS, Thomas Jefferson in 1809 stated that "No provision in our Constitution ought to be dearer to man than that which protects the rights of conscience against the enterprises of the civil authority"; and

WHEREAS, this new mandate has been written into an HHS regulation requiring private health insurance plans to cover costs of female surgical sterilization and all drugs and devices approved by the U.S. Food and Drug Administration, including contraceptives and drugs that can attack an unborn child before and after implantation in the mother's womb, in effect taking away the right to life; and

WHEREAS, under this new regulation, the United States government forces individuals and organizations to go into the marketplace and purchase a product that violates their conscience; and

WHEREAS, this should not happen in a land where free exercise of religion ranks first in the Bill of Rights; and

WHEREAS, the new HHS regulation covers all Americans and provides for only a miniscule amount of agency discretion to authorize "religious" exemptions that will exclude many religious social service agencies and health care providers and other groups that believe in the sanctity of life; and

WHEREAS, using this exemption, organizations would be free to act in accord with their religious teachings on life and procreation only if they were to stop hiring and serving those that object on religious grounds; and

WHEREAS, by implementing this regulation, the United States government appears to place pressure on institutions that consider life to be sacred, directing them to cease providing health care, education and charitable services to the general public; and

WHEREAS, the new HHS regulation fails to create a meaningful "conscience exemption" to the preventive services mandate; and

WHEREAS, this regulation underscores the need for Congress to approve the Respect for Rights of Conscience Act that would prevent mandates under the new federal health care reform law from undermining rights of conscience; and

WHEREAS, this new federal regulation applies to all religions and faiths in America that contain members who are conscientiously objecting to any mandate that violates the rights of the unborn by forcing American taxpayers to subsidize the costs of drugs and procedures under the new term "emergency contraceptive"; and

WHEREAS, regarding the HHS regulation, Cardinal-designate Timothy Dolan, Archbishop of New York and president of the U.S. Conference of Catholic Bishops, stated "In effect the president is saying we have a year to figure out how to violate our consciences. To force Americans to choose between violating their consciences and forgoing their health care is literally unconscionable .... It is as much an attack on access to health care as on religious freedom"; and

WHEREAS, the pro-life majority of Americans would be outraged to learn that their health insurance premiums must be used for these purposes.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-first Idaho Legislature, the Senate and the House of Representatives concurring therein,

that we request the President of the United States and the Congress of the United States to reverse and reject the HHS regulation so that those who sponsor, purchase and issue health insurance plans should not be forced to violate their deeply held moral and religious convictions in order to take part in any health care system that violates their belief in the sanctity of life.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

##### A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND AUTHORIZING THE DEPARTMENT OF PARKS AND RECREATION TO ENTER INTO AGREEMENTS WITH THE IDAHO STATE BUILDING AUTHORITY TO RESTRUCTURE FINANCING OF CERTAIN BONDS ISSUED TO ACQUIRE PROPERTIES ALONG BILLINGSLEY CREEK IN HAGERMAN VALLEY AND TO FACILITATE THE EXCHANGE OF PROPERTY.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, by Senate Concurrent Resolution No. 116 of the First Regular Session of the Fifty-sixth Idaho Legislature in 2001, the Department of Parks and Recreation was authorized to enter into agreements with the Idaho State Building Authority to provide financing for the acquisition of the Vardis Fisher property and other parcels along Billingsley Creek in the Hagerman Valley for the purpose of partnering with the University of Idaho in developing a key aquaculture and research facility for endangered species and development of recreation facilities;

WHEREAS, the federal government has failed to provide funding for the aquaculture and research facility;

WHEREAS, the University of Idaho has ceased its use of the aquaculture facilities on the property;

WHEREAS, the Vardis Fisher property has limited potential for recreational development;

WHEREAS, the Department of Parks and Recreation desires to exchange the Vardis Fisher property for property with greater recreational potential;

WHEREAS, the Department of Parks and Recreation is unable to exchange the Vardis Fisher property since title remains in the Idaho State Building Authority until bonds issued by the Idaho State Building Authority to finance the acquisition of the Billingsley Creek properties are paid in full;

WHEREAS, it is in the interest of the Department of Parks and Recreation to arrange for transfer of existing properties and facilities to the Idaho State Building Authority in order to accommodate the issuance of bonds to pay off the outstanding bonds related to the Billingsley Creek properties and allow the Idaho State Building Authority to transfer the title of the Billingsley Creek properties to the Department of Parks and Recreation so as to accommodate an exchange of the Vardis Fisher property; and

WHEREAS, because interest rates available for Idaho State Building Authority financing are at historic low levels, the proposed restructuring can be achieved without additional cost to the state.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-first Idaho Legislature,

the Senate and the House of Representatives concurring therein, that the Legislature hereby authorizes and provides approval for the Department of Parks and Recreation to enter into agreement or agreements with the Idaho State Building Authority, under such terms and conditions as may be reasonable and necessary, for the purpose of restructuring the financing using the existing property or facilities owned by the Department of Parks and Recreation, and for the transfer of title of the Billingsley Creek properties to the Department of Parks and Recreation.

BE IT FURTHER RESOLVED that this Concurrent Resolution constitutes the authorization required by the provisions of section 67-6410, Idaho Code.

#### BY STATE AFFAIRS COMMITTEE

#### A CONCURRENT RESOLUTION

STATING THE FINDINGS OF THE LEGISLATURE AND ENDORSING AND ENCOURAGING GOVERNOR C.L. "BUTCH" OTTER IN HIS EFFORTS MOVING FORWARD WITH THE GOVERNOR'S SAGE-GROUSE TASK FORCE.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, in March of 2010, the U.S. Fish and Wildlife Service determined that listing greater sage-grouse as a threatened or endangered species under the federal Endangered Species Act ("ESA") was warranted, but precluded by higher priority listing actions. Sage-grouse are now classified as "warranted but precluded"; and

WHEREAS, Governor C.L. "Butch" Otter has emphasized the great need to conserve the species and its habitat while maintaining other multiple uses of Idaho's public lands; and

WHEREAS, the U.S. Fish and Wildlife Service will be required to reevaluate the status of the species throughout its eleven-state western range by September 30, 2015; and

WHEREAS, Governor Otter has acknowledged this timeline provides Idaho an opportunity to continue and improve the good work Idaho has already been doing towards precluding the need to list the species. The Governor has noted that, over the past ten years, Idaho has developed a Sage-Grouse Conservation Plan, and funding has been provided for the twelve Sage-Grouse Local Working Groups to provide on-the-ground conservation measures. The Governor states that through this work we have halted the decline and are now seeing a gradual increase in some of Idaho's sage-grouse populations; and

WHEREAS, Governor Otter desires to ensure that Idaho has a sound, science-based plan that will provide for the bird's sustainability in Idaho, preclude a listing under the ESA, assure predictable uses of Idaho's public lands and enable Idaho citizens to participate in the process. With those goals in mind, Governor Otter will be forming a Governor's Task Force on Idaho Sage-Grouse; and

WHEREAS, Governor Otter has established specific goals for the Idaho plan, which goals include the drafting of a plan for the greater sage-grouse to exempt the state from compliance with the National Bureau of Land Management's Instruction Memorandum guidance, to provide a mechanism to preclude the need to list the species under the ESA, and in the event of listing, to minimize the impact to and provide regulatory certainty for, the use of permitted and lawful activities on public land; and

WHEREAS, Governor Otter has also established objectives of the task force in development of a plan that is biologically-driven, legally defensible and politically palatable, centered on conserving the species and its habitat while maintaining predictable levels of land use and the result of input from a diverse group of stakeholders. Additional objectives will include the ability of the plan to be incorporated into the Bureau of Land Management's Resource Management Plans (RMPs) and the U.S. Forest Service's Land Management Plans (LMPs) consistent with the requirements of the National Environmental Policy Act (NEPA), calibrated to meet the "adequate regulatory mechanism" standard under the ESA, and built on, to the extent possible, the great efforts provided by local sage-grouse working group plans and the current 2006 statewide plan for the species. The task force would also request and seek pertinent scientific information and technical expertise to inform the task force's deliberations regarding key sage-grouse habitat.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-first Idaho Legislature, the Senate and the House of Representatives concurring therein, that we endorse and encourage Governor C.L. "Butch" Otter in his efforts moving forward expeditiously with the Governor's Task Force on Idaho Sage-Grouse and request that the Governor report to the Pro Tempore of the Senate and the Speaker of the House of Representatives upon completion of the plan and to report on the work and progress of the task force to the 1st Regular Session of the 62nd Idaho Legislature.

BE IT FURTHER RESOLVED that we encourage the Governor's coordinated involvement of state agencies and offices with jurisdiction significantly affecting sage-grouse including, but not limited to, the Idaho Department of Fish and Game, the Idaho State Department of Agriculture, the Department of Lands, the Department of Parks and Recreation, the Office of Energy Resources and the Office of Species Conservation.

BE IT FURTHER RESOLVED that we encourage the coordinated involvement with neighboring states in their response to the Bureau of Land Management and the U.S. Forest Service guidance and policy proposals. We further request

that the Governor consider the appropriate use of the state's Constitutional Defense Fund to defend the state's interest in the management of its resources, including both its lands and its wildlife. The Legislature also encourages Attorney General Lawrence G. Wasden and the Office of the Governor to continue vigorous defense of Idaho's interests by actively intervening in federal litigation affecting sage-grouse.

A JOINT MEMORIAL

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the Senate and the House of Representatives of the State of Idaho assembled in the Second

Regular Session of the Sixty-first Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the failure of Congress to reexamine, reform and reauthorize our nation's major environmental laws, particularly the Endangered Species Act and the National Environmental Policy Act, has resulted in a court takeover of species and public land management responsibilities; and

WHEREAS, Congress has failed to reclaim its constitutional role over the management of species and public lands from overzealous federal agencies and an activist federal judiciary; and

WHEREAS, the federal Equal Access to Justice Act continues to authorize the expenditure of countless taxpayer funds to pay attorney's fees for the management of federal public lands and species through the courts; and

WHEREAS, the same organizations that receive taxpayer funds for lawsuits via the Equal Access to Justice Act are forcing federal agencies, through the courts, to vastly expand the number of protected species and habitats regardless of whether a species has been added to the federal listing for Endangered or Threatened Species or is deserving of such protection; and

WHEREAS, the listing, or potential listing, of species including wolves, sage grouse and slickspot peppergrass pose a direct threat to the economic livelihood of ranchers across the State of Idaho; and

WHEREAS, the vast expansion of listed species has the potential to cause immeasurable financial harm to the economy of Idaho and severely curtail recreational opportunities across the state; and

WHEREAS, additional federal laws such as the National Wildlife Refuge System Improvement Act are causing increased and unnecessary regulatory burdens on local communities, resource users, recreationalists and the economy of host regions; and

WHEREAS, the U.S. Fish and Wildlife Service is considering dramatic new regulatory constraints on the enjoyment of man-made water bodies such as Lake Lowell and Lake Walcott; and

WHEREAS, the U.S. Fish and Wildlife Service is considering new regulations and constraints on hundreds of thousands of acres in Boundary and Bonner Counties for caribou without adequate scientific justification; and

WHEREAS, federal authorization for the Endangered Species Act expired on October 1, 1992; and

WHEREAS, federal, state and local governments are enjoined in constitutional duty and fiduciary responsibility to provide all available remedies to protect the economy, customs, culture, public safety and public health of the citizenry; and

WHEREAS, Idaho's federal legislators have long recognized and championed reforms to the Endangered Species Act, the National Environmental Policy Act and the Equal Access to Justice Act that would limit the role of the courts in the management of species and public lands and recognize the important role that states and local units of government should play in species and land management decisions.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-first Idaho Legislature, the Senate and the House of Representatives concurring therein, that we urge Congress to reexamine, reform and reauthorize the Endangered Species Act, the National Environmental Policy Act, the Equal Access to Justice Act and any other federal law that disrespects the role of states and local governments in land management decisions and leads to costly and frivolous lawsuits that strip authority from Congress and place it in the hands of the judiciary.

BE IT FURTHER RESOLVED that the Senate and the House of Representatives of Idaho call on the President of the United States of America to forcefully direct his federal land management agencies to utilize free market principles such as cost-benefit analysis and peer review of the science involved in their decision making and respect the concept of multiple use in the management of federal lands.

BE IT FURTHER RESOLVED that the Senate and the House of Representatives of Idaho call on our congressional delegation to urge all federal land management agencies to use their discretionary authority to maximize the role and influence of local communities in federal land management decisions.

BE IT FURTHER RESOLVED that the Secretary of the Senate be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.

[SCR 125](#), [SCR 126](#), and [SJM 105](#) were introduced, read at length, and referred to the Judiciary and Rules Committee for printing.

#### A CONCURRENT RESOLUTION

STATING FINDINGS OF THE LEGISLATURE AND ENCOURAGING THE IDAHO DEPARTMENT OF HEALTH AND WELFARE TO CONDUCT TOWN HALL MEETINGS THROUGHOUT THE STATE TO GATHER FEEDBACK ON HOW TO RETAIN AND RECRUIT VOLUNTEER EMERGENCY MEDICAL SERVICES PROVIDERS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho is predominantly a rural state that relies heavily on volunteers for the provision of emergency medical services; and

WHEREAS, the existence of competent volunteer emergency medical services providers throughout Idaho is vital to the well-being of all those who live in or visit Idaho; and

WHEREAS, the requirements placed on volunteer emergency medical services providers must provide an assurance of public safety while not being onerous to a point so as to discourage volunteer participation.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-first Idaho Legislature, the Senate and the House of Representatives concurring therein, that we encourage the Idaho Department of Health and Welfare to conduct outreach town hall meetings throughout Idaho to develop a better understanding of the challenges that hinder recruitment and retention of volunteer emergency medical services providers.

BE IT FURTHER RESOLVED that the Department should schedule the town hall meetings in the evening hours to enable maximum participation by concerned stakeholders and should hold the town hall meetings in locations that will enable concerned stakeholders to attend without having to drive any farther than 50 miles whenever possible.

BE IT FURTHER RESOLVED that the Department should facilitate the town hall meetings in such a manner so as to gather as much feedback and suggestions for improvement as possible and should consider the feedback received during the town hall meetings as they continue to develop the programs, policies, plans and procedures that support and regulate emergency medical services in Idaho.

"SECTION 1. That Section 39-4509, Idaho Code, be, and the same is hereby amended to read as follows:

39-4509. STATEMENT OF POLICY – DEFINITION. For purposes of sections 39-4509 through 39-4515, Idaho Code:

(1) The legislature recognizes the established common law and the fundamental right of adult persons to control the decisions relating to the rendering of their medical care, including the decision to have life-sustaining procedures withheld or withdrawn. The legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits. The legislature further finds that patients are sometimes unable to express their desire to withhold or withdraw such artificial life prolongation procedures which provide nothing medically necessary or beneficial to the patient because of the patient's inability to communicate with the physician.

(2) In recognition of the dignity and privacy which patients have a right to expect, the legislature hereby declares that the laws of this state shall recognize the right of a competent person to have his or her wishes for medical treatment and for the withdrawal of artificial life-sustaining procedures carried out even though that person is no longer able to communicate with the physician.

(3) It is the intent of the legislature to establish an effective means for such communication. It is not the intent of the legislature that the procedures described in sections 39-4509 through 39-4515, Idaho Code, are the only effective means of such communication, and nothing in sections 39-4509 through 39-4515, Idaho Code, shall impair or supersede any legal right or legal responsibility which a person may have to effect the withholding or withdrawal of life-sustaining procedures in any lawful manner, provided that this sentence shall not be construed to authorize any violation of section 39-4514(3), Idaho Code. Any authentic expression of a person's wishes with respect to health care should be honored.

(4) "Competent person" means any emancipated minor or person eighteen (18) or more years of age who is of sound mind.

SECTION 2. That Section 39-4513, Idaho Code, be, and the same is hereby amended to read as follows:

39-4513. IMMUNITY. (1) No emergency medical services personnel, health care provider, facility, or individual employed by, acting as the agent of, or under contract with any such health care provider or facility shall be civilly or criminally liable or subject to discipline for unprofessional conduct for acts or omissions carried out or performed in good faith pursuant to the directives in a facially valid POST form or living will or by the holder of a facially valid durable power of attorney or directive for health care.

(2) Any physician or other health care provider who for ethical or professional reasons is incapable or unwilling to conform to the desires of the ~~patient~~ person who may give consent to care for the patient under section 39-4504, Idaho Code, as expressed by the procedures set forth in this chapter may, subject to the requirements of section 39-4514(3), Idaho Code, withdraw without incurring any civil or criminal liability provided the physician or other health care provider, before withdrawal of his or her participation, makes a good faith effort to assist the patient in obtaining the services of another physician or other health care provider who is willing to provide care for the patient in accordance with the patient's expressed or documented wishes.

(3) No person who exercises the responsibilities of a durable power of attorney for health care in good faith shall be subject to civil or criminal liability as a result.

(4) Neither the registration of a health care directive in the health care directive registry under section 39-4515, Idaho Code, nor the revocation of such a directive requires a health care provider to request information from that registry. The decision of a health care provider to request or not to request a health care directive document from the registry shall be immune from civil or criminal liability. A health care provider who in good faith acts in reliance on a facially valid health care directive received from the health care directive registry shall be immune from civil or criminal liability for those acts done in such reliance.

(5) Health care providers and emergency medical services personnel may disregard the POST form or a POST identification device:

- (a) If they believe in good faith that the order has been revoked; or
- (b) To avoid oral or physical confrontation; or
- (c) If ordered to do so by the attending physician.

SECTION 3. That Section 39-4514, Idaho Code, be, and the same is hereby amended to read as follows:

39-4514. GENERAL PROVISIONS. (1) Application. Except as specifically provided herein, t This chapter shall have no effect or be in any manner construed to apply to persons not executing a living will and durable power of attorney for health care or POST form pursuant to this chapter nor shall it in any manner affect the rights of any such persons or of others acting for or on behalf of such persons to give or refuse to give consent or withhold consent for any medical care, neither shall this chapter be construed to affect chapter 3 or chapter 4, title 66, Idaho Code, in any manner.

(2) Euthanasia, mercy killing, or assisted suicide. This chapter does not make legal, and in no way condones, euthanasia, mercy killing, or assisted suicide or permit an affirmative or deliberate act or omission to end life, other than to allow the natural process of dying.

(3) Withdrawal of care. Assisted feeding or artificial nutrition and hydration may not be withdrawn or denied if its provision is directed by a competent patient in accordance with section 39-4503, Idaho Code, by a patient's health care directive under section 39-4510, Idaho Code, or by a patient's surrogate decision maker in accordance with section 39-4504, Idaho Code. Health care other than assisted feeding or artificial nutrition and hydration may not be withdrawn or denied if its provision is directed by a competent patient in accordance with section 39-4503, Idaho Code, by a patient's health care directive under section 39-4510, Idaho Code, or by a patient's surrogated decision maker in accordance with section 39-4504, Idaho Code, unless such care would be futile care as defined in subsection (6) of this section. Except as specifically provided in chapters 3 and 4, title 66, Idaho Code, health care, assisted feeding or artificial nutrition and hydration, the denial of which is directed by a competent patient in accordance with section 39-4503, Idaho Code, by a patient's health care directive under section 39-4510, Idaho Code, or by a patient's surrogate decision maker in accordance with section 39-4504, Idaho Code, shall be withdrawn and denied in accordance with a valid directive. This subsection does not require provision of treatment to a patient if it would require denial of the same or similar treatment to another patient.

(3) (4) Comfort care. Individuals caring for a patient for whom artificial life-sustaining procedures or artificially administered nutrition and hydration are withheld or withdrawn shall provide comfort care as defined in section 39-4502, Idaho Code.

(4) (5) Presumed consent to resuscitation. There is a presumption in favor of consent to cardiopulmonary resuscitation (CPR) unless:

- (a) A completed living will for that person is in effect, pursuant to section 39-4510, Idaho Code, and the person is in a terminal condition or persistent vegetative state; or
- (b) A completed durable power of attorney for health care for that person is in effect, pursuant to section 39-4510, Idaho Code, in which the person has indicated that he or she does not wish to receive cardiopulmonary resuscitation, or his or her representative has determined that the person would not wish to receive cardiopulmonary resuscitation; or
- (c) The patient has a completed physician orders for scope of treatment (POST) form indicating otherwise and/or proper POST identification pursuant to section 39-4502(13), Idaho Code.

(5) (6) Futile care. Nothing in this chapter shall be construed to require medical treatment that is medically inappropriate or futile; provided that this subsection does not authorize any violation of subsection (3) of this section. Futile care does not include comfort care. Futile care is a course of treatment:

(a) For a patient with a terminal condition, for whom, in reasonable medical judgment, death is imminent within hours or at most a few days whether or not the medical treatment is provided and that in reasonable medical judgment will not improve the patient's condition; or

(b) The denial of which in reasonable medical judgment will not result in or hasten the patient's death.

(6 7) Existing directives and directives from other states. A health care directive executed prior to July 1, 2007, but which was in the living will, durable power of attorney for health care, DNR, or POST form pursuant to prior Idaho law at the time of execution, or in another form that contained the elements set forth in this chapter at the time of execution, shall be deemed to be in compliance with this chapter. Health care directives or similar documents executed in another state that substantially comply with this chapter shall be deemed to be in compliance with this chapter.

(7 8) Insurance.

(a) The making of a living will and/or durable power of attorney for health care or physician orders for scope of treatment (POST) form pursuant to this chapter shall not restrict, inhibit or impair in any manner the sale, procurement or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of artificial life-sustaining procedures from an insured patient, notwithstanding any term of the policy to the contrary.

(b) No physician, health care facility or other health care provider and no health care service plan, insurer issuing disability insurance, self-insured employee plan, welfare benefit plan or nonprofit hospital service plan shall require any person to execute a living will and durable power of attorney for health care or physician orders for scope of treatment (POST) form as a condition for being insured for, or receiving, health care services.

(8 9) Portability and copies.

(a) A completed physician orders for scope of treatment (POST) form signed by a physician shall be transferred with the patient to, and be effective in, all care settings including, but not limited to, home care, ambulance or other transport, hospital, residential care facility, and hospice care. The POST form shall remain in effect until such time as there is a valid revocation pursuant to section 39-4511, Idaho Code, or new orders are issued by a physician.

(b) A photostatic, facsimile or electronic copy of a valid physician orders for scope of treatment (POST) form may be treated as an original by a health care provider or by an institution receiving or treating a patient.

(9 10) Registration. A directive or the revocation of a directive meeting the requirements of this chapter may be registered with the secretary of state pursuant to section 39-4515, Idaho Code. Failure to register the health care directive shall not affect the validity of the health care directive.

(10 1) Rulemaking authority.

(a) The department of health and welfare shall adopt those rules and protocols necessary to administer the provisions of this chapter.

(b) In the adoption of a physician orders for scope of treatment (POST) or DNR protocol, the department shall adopt standardized POST identification to be used statewide."

### Reports of Special Committees

March 23, 2012

Senator Brent Hill  
President Pro Tempore  
Idaho State Senate

Dear President Pro Tempore Hill:

On March 16, 2012, you appointed a Committee on Ethics, pursuant to Senate Rule 53, to investigate the allegations of violations of the Senate Rules or applicable law. We respectfully submit the committee report to the Senate.

Senators Malepeai, Bock and Stennett asserted rules violations in an original letter of complaint dated March 15, 2012. Their complaint alleged that Senator Monty Pearce failed to properly disclose possible conflicts of interest as required by Senate Rule 39(H), when the Resources and Environment Committee and Senate considered certain oil and gas administrative rules, draft RS legislation and House bills.

The Committee on Ethics consisted of the following six members, three from each political party: Senator Dean Mortimer as Chairman, Senator Jim Hammond, Senator Bert Brackett, Senator Elliot Werk, Senator Diane Bilyeu, and Senator Dan Schmidt.

Pursuant to Senate Rule 53, I wrote a letter to Senator Monty Pearce to inform him of the complaint and that a Committee on Ethics had been appointed. This letter was dated and hand-delivered on March 16, 2012. Senator Pearce also received a copy of the complaint on March 16, 2012.

The Committee on Ethics met on March 19, 20 and 21, 2012. At the initial committee meeting on March 19, 2012, the committee was briefed by Mr. Brian Kane from the Attorney General's office regarding the applicable Senate Rules and law. The complaint was taken under consideration and the committee asked the complainants in writing on March 19, 2012, to narrow the allegations. The complainants were asked to respond in writing by 8:00 a.m. on March 20, 2012. Senator Pearce was also asked to respond in writing to the committee by 8:00 a.m., March 20, 2012, to the original complaint.

On March 20, 2012, the committee received a revised complaint letter dated March 19, 2012 from the three complainants. They had narrowed the allegations of Senator Pearce's failure to properly disclose to the Resources and Environment Committee and the Senate, with regard to House Bill 464. Senator Bock and Senator Stennett presented specific argument and testimony in the revised complaint to the committee and answered questions from the members. Mr. Kane was asked to advise the committee on the revised complaint and the complainants' testimony. The Committee also received on March 20, 2012, a letter from Mr. Charles F. Peterson, attorney representing Senator Pearce, dated March 20, 2012, in response to the original complaint. Mr. Peterson presented testimony and answered questions from committee members. The committee agreed that more information was needed about existing leases, in order to compare Senator Pearce's leases to others.

On March 21, 2012, Chairman Mortimer invited Senator Bock to address the committee, on behalf of the three complainants. Mr. Peterson, representing Senator Pearce, was then given time to present a letter dated March 21, 2012, to the committee, and he presented testimony and responded to questions. Senator Stennett gave further testimony. The committee examined a sampling of various oil and gas leases provided by Mr. Kane. Mr. Kane advised the committee and answered questions.

After completing its preliminary investigation at its March 21, 2012, meeting, a motion to dismiss the complaint was made by Senator Hammond and seconded by Senator Schmidt. The motion passed unanimously by voice vote. The Committee on Ethics found that probable cause does not exist that a violation had occurred, and that the complaint should be dismissed against Senator Monty Pearce.

Sincerely,  
/s/ Dean M. Mortimer, Chairman  
Senate Ethics Committee

On request by Senator Davis, granted by unanimous consent, the Committee on Ethics report was ordered spread upon the pages of the Journal.

This amendment to the Constitution of the State of Idaho expressly guarantees the citizens of Idaho the right to hunt, fish and trap within the rules and regulations set forth by the Idaho Department of Fish and Game. Furthermore, it provides that the right to hunt, fish or trap may be lost due to a violation of the rules or regulations set forth by the Idaho Department of Fish and Game or other statute. Although hunting, fishing and trapping are preferred methods for managing wildlife, the amendment recognizes that in some instances other methods of management may be necessary. Private property and water rights should not be affected by this resolution.

April 10, 2012

The Honorable Brad Little  
President of the Senate  
Idaho Legislature

Dear Mr. President:

I hereby advise you that I have transmitted today to the Secretary of State, the following Senate Bill, which was allowed to become law without my signature:

[S 1321](#), as amended

as prescribed by the Constitution.

Idaho Code 36-111 establishes a set-aside feeding account funded by a portion of the fee for antelope, elk and deer tags. The statute provided for \$1.50 from each tag and put at least half that amount into the separate feeding account to be used for winter feeding and winter range rehabilitation.

Previously, statute allowed for expenditure of winter feeding account funds for all costs associated with winter feeding. Senate Bill 1321a restricts expenditures to only "blocks, pellets and hay." Current winter feeding expenditures that appear to be restricted by S1321a are: 1) motorized vehicle travel costs used to deliver winter feed; 2) emergency temporary personnel costs associated with winter feeding; 3) travel reimbursement costs for volunteers, and 4) equipment costs, such as feed troughs, sleds, and winter feed storage facilities.

Necessary costs associated with winter feeding, but not covered by the winter feeding fund, most likely will be shifted to other license-funded budgets, diminishing other programs important to sportsmen. There would no longer be any "problem solving" of winter feeding issues via range rehabilitation.

Hunters, who have long supported the mission of this account to support emergency winter feeding and long-term natural feeding via winter range rehabilitation would find the use of their license funds restricted.

As Always - Idaho, *Esto Perpetua*  
/s/ C.L. "Butch" Otter  
Governor of Idaho

The correspondence was ordered filed in the office of the Secretary of the Senate.

## SECTION IV

## TOPICAL INDEX

[ALPHABETICALLY ARRANGED]

This Topical Index alphabetically lists subject matter for **ALL** Senate bills, and **ONLY** those House bills introduced in the Senate. Nonlegislative subject matter is included and referred to by page number only.

Since the Senate Journal **only** covers the actions of House bills transmitted to the Senate, this topical index does not refer to every House bill introduced in the House. Separate indices in this volume list, in numerical order, all House bills, memorials, resolutions, and proclamations received by the Senate and show action taken by the Senate thereon. If a particular subject matter does not appear in this index, refer to the House Journal Alphabetical Index. Session law numbers for legislation passing both Senate and House, and becoming law, are included for all Senate bills within the Numerical Index Section V.

**COMMISSION FOR REAPPORTIONMENT**

**REVISED FINDINGS AND CONCLUSIONS**

**FOR LEGISLATIVE PLAN L 93, A REVISION OF PLAN L 87**

This Commission For Reapportionment, whose members are:

Ron Beitelspacher, Co-Chair  
Dolores Crow, Co-Chair  
Shauneen Grange, Commissioner  
Randy Hansen , Commissioner  
Elmer Martinez, Commissioner  
Sheila Olsen, Commissioner

was reconvened on January 26, 2012 by order of the Idaho Supreme Court within their opinion and holding in the case of *Twin Falls County v. Idaho Redistricting Commission*, (January 18, 2012) to revise Legislative Plan L 87. Set forth below are the findings and conclusions of the Commission in their adoption of Plan L 93, A Revision of Plan L 87.

**PRIOR REDISTRICTING COMMISSION<sup>1</sup>**

The prior Redistricting Commission was convened by the Secretary of State on June 7, 2011. That Commission held a total of fourteen public hearings around the state in Sandpoint, Coeur d’Alene, Moscow, Lewiston, Boise, Meridian, Caldwell, Hailey, Twin Falls, Burley, Soda Springs, Rexburg, Pocatello and Idaho Falls. The prior Commission also held several public meetings in Boise reviewing approximately 82 proposed Legislative Plans and 50 proposed Constitutional Plans. The previous Commission concluded its proceedings without adopting either a legislative or congressional plan on September 6, 2011.

**CURRENT REDISTRICTING COMMISSION**

After being sworn in by the Secretary of the State, this Redistricting Commission adopted the record and proceedings of the previous Redistricting Commission. This Commission convened public hearings in Idaho Falls (October 5, 2011), Coeur D’ Alene (October 6, 2011) and Boise (October 7, 2011) during which time citizens were provided the opportunity to comment on the approximately 86

Legislative plans under consideration by the Commission along with the approximately 51 Congressional plans under consideration. Pursuant to the Order of the Idaho Supreme Court, the Commission reconvened on January 26-29, 2012 for the purpose of revising Plan L 87. Within those meetings, the Commission adopted these findings, and revised plan L 87 resulting in the adoption of Plan L 93, a Revision of Plan L 87.

Based upon the Redistricting Commission's review of the record, its meetings, the public comments received, and the governing legal requirements, the Commission makes the following findings and conclusions:

### LEGAL REQUIREMENTS AND APPLICATION

1. **Federal Constitutional Requirements.** The United States Constitution has been interpreted by the United States Supreme Court and the Idaho Supreme Court to require that legislative districts be formed after each census with substantially equal population to satisfy the one person/one vote requirement. A legislative redistricting plan that has more than a ten percent deviation is presumptively unconstitutional. *Smith v. Idaho Comm'n on Redistricting*, 136 Idaho 542 (2001). State legislative redistricting plans of less than 10% deviation between the most populous and least populous districts are presumed to satisfy the federal constitutional requirement. Merely showing that an alternative plan with a lower overall range could be used was not in itself sufficient to require invalidation of a plan. *Gafney v. Cummings*, 412 U.S. 735 (1973).
2. **State Constitutional Requirements.** Article III §5 of the Idaho Constitution establishes the following requirements on legislative redistricting:

SENATORIAL AND REPRESENTATIVE DISTRICTS. A senatorial or representative district, when more than one county shall constitute the same, shall be composed of contiguous counties, and a county may be divided in creating districts only to the extent it is reasonably determined by statute that counties must be divided to create senatorial and representative districts which comply with the constitution of the United States. A county may be divided into more than one legislative district when districts are wholly contained within a single county. No floterial district shall be created. Multi-member districts may be created in any district composed of more than one county only to the extent that two representatives may be elected from a district from which one senator is elected. The provisions of this section shall apply to any apportionment adopted following the 1990 decennial census.

Idaho Constitution, Art. III, Sec. 5.

This provision has been interpreted and applied by the Idaho Supreme Court to mean that a plan that splits 8 counties is unconstitutional if a plan that splits 7 counties within the allowable deviation (less than 10%), is advanced. *Twin Falls County v. Idaho Com'n on Redistricting*, ---P.3d ---, 2012 WL 130416, \*3 (2012). Art. III, Section 2(2) of the Idaho Constitution charges the Commission for Reapportionment with the task of redistricting the Idaho legislature. Art. III. Sec. 2(3) of the Idaho Constitution authorizes the legislature to "enact laws providing for the implementation of the provisions of this section."

3. **State Statutory Requirements.** Idaho Code section 72-1506 provides criteria to govern legislative redistricting plans.

a. Idaho Code section 72-1506 states:

72-1506. Criteria governing plans. Congressional and legislative redistricting plans considered by the commission, and plans adopted by the commission, shall be governed by the following criteria:

(1) The total state population as reported by the U.S. census bureau, and the population of subunits determined therefrom, shall be exclusive permissible data.

(2) To the maximum extent possible, districts shall preserve traditional neighborhoods and local communities of interest.

(3) Districts shall be substantially equal in population and should seek to comply with all applicable federal standards and statutes.

(4) To the maximum extent possible, the plan should avoid drawing districts that are oddly shaped.

(5) Division of counties shall be avoided whenever possible. In the event that a county must be divided, the number of such divisions, per county, should be kept to a minimum.

(6) To the extent that counties must be divided to create districts, such districts shall be composed of contiguous counties.

(7) District boundaries shall retain the local voting precinct boundary lines to the extent those lines comply with the provisions of section [34-306](#), Idaho Code. When the commission determines, by an affirmative vote of at least five (5) members recorded in its minutes, that it cannot complete its duties for a legislative district by fully complying with the provisions of this subsection, this subsection shall not apply to the commission or legislative redistricting plan it shall adopt.

(8) Counties shall not be divided to protect a particular political party or a particular incumbent.

(9) When a legislative district contains more than one (1) county or a portion of a county, the counties or portion of a county in the district shall be directly connected by roads and highways which are designated as part of the interstate highway system, the United States highway system or the state highway system. When the commission determines, by an affirmative vote of at least five (5) members recorded in its minutes, that it cannot complete its duties for a legislative district by fully complying with the provisions of this subsection, this subsection shall not apply to the commission or legislative redistricting plan it shall adopt.

b. Within the *Twin Falls County* case, the Court found that the following provisions of Idaho Code § 72-1506 are mandatory: (1), (2), (3), (6), (7), (8), and (9). To the maximum extent possible, the Commission complied with the mandatory requirements placed upon it for compliance. Two provisions of Idaho Code § 72-1506 are advisory: (4) and the provision in ¶(5) that states: “In the event that a county must be divided, the number of such divisions, per county, should be kept to a minimum. *Twin Falls County*, at \*4, (“They are merely advisory.”) & n.4 (clarifying which provisions are advisory).

c. The Commission found that it could not complete its duties by fully complying with the provisions of Idaho Code section 72-1506(7). Therefore, on January 27, 2012, all six Commissioners voted unanimously to waive the requirement that precincts be kept intact.

- d. The Commission also found that it could not complete its duties by fully complying with the provisions of Idaho Code section 72-1506(9). Therefore, on January 27, 2012, all six Commissioners voted unanimously to waive the requirement that all counties included in a district be connected by state highways.
4. **Application of Legal Requirements: Deviation.** The Idaho Supreme Court has held that a population deviation exceeding ten percent is presumptively unconstitutional. *Smith v. Idaho Comm'n on Redistricting*, 136 Idaho 542 (2001). The deviation in the legislative redistricting plan adopted hereby submitted by the Commission has a deviation of 9.92%.
5. **Application of Legal Requirements: Division of Counties.** The Idaho Supreme Court has held that Article III Sec. 5 of the Idaho Constitution prohibits the division of counties unless absolutely necessary to satisfy the one person/one vote requirement of the United States Constitution. *Bingham County v. Comm'n for Reapportionment*, 137 Idaho 870, 874 (2002). Further, the Idaho Supreme Court has directed that a plan that splits 8 counties is unconstitutional upon the presentation of a plan that splits only 7. *Twin Falls County v. Idaho Redistricting Commission*, --- P.3d ---Consistent with this requirement, Counties were only divided when required by one person/ one vote.

#### GENERAL FINDINGS

6. **Unique Physical Features.** There are several physical factors which complicate redistricting in Idaho. The unique shape of the state limits the combinations of contiguous counties that can be combined to create legislative districts. The geography of Idaho (wilderness areas, mountain ranges, deserts and rivers) in some cases limits the ideal combination of certain counties in the creation of legislative districts. The low population of many counties limits the ideal combination of certain counties in the creation of legislative districts. The fact that most of the external boundaries of Idaho (with the exception of certain areas on the western border) run through very sparsely populated areas limits the ideal combination of counties in the creation of legislative districts. For redistricting purposes, Idaho is the exact opposite of the rectangular shaped state whose population is evenly distributed over flat farmland. The federal one person/one vote requirement, the Idaho Constitution's limitation on the number of districts, the Idaho Constitution's limitation on the division of counties in the formation of legislative districts, and these unique physical features necessarily result in the creation of a few legislative districts that are not ideal under any redistricting plan.
7. **Number of Districts.** Art. III Sec. 2 of the Idaho Constitution requires that there be "not less than thirty nor more than thirty-five" legislative districts. After considering redistricting plans from thirty to thirty-five districts, as well as the very nearly unanimous public testimony received in favor of retaining the maximum number of thirty-five districts, the Commission finds that the thirty-five district plan is constitutional and serves the best interests of the citizens of the state of Idaho. Consistent with Article III, sec. 2, the Commission has adopted a 35 district plan.

8. **Division of Counties.** In a thirty-five district plan:

- a. 1 county has a population that it can constitute a single district by itself without combining with any other county or portion of another county. It is Bingham County. Bingham County has not been split and constitutes a district of its own within its County boundaries.
- b. Two counties could be divided into districts wholly within that county that meet the one person/one vote requirement without having to combine any portion of that county with any other county or portion of another county. They are Ada and Kootenai County.
- c. Four counties are of such population that one or more districts can be created solely within the county, but a portion of the county must be combined with other counties to meet the one person/one vote requirements. They are Bannock, Bonneville, Canyon, and Twin Falls Counties.
  - i. Bonneville County occupies a particularly unique situation because it has the population sufficient to equal 2.32 districts (pop. 104,234), but it must be split in order to preserve the County boundaries surrounding it in compliance with the Idaho Supreme Court's application of Article III, § 5 that a plan that splits 8 counties is unconstitutional if a plan splitting only 7 counties is advanced.
  - ii. Twin Falls County occupies a situation similar to Bonneville County. It has a population that should indicate 1.72 districts, but it is surrounded by counties requiring additional population and combinations. As Twin Falls mathematically must be split to comply with one person/ one vote, the Commission relied on the advisory portion of Idaho Code § 72-1506(5) to create legislative districts by splitting Twin Falls County twice.
- d. The remaining counties are so sparsely populated that they must be combined with other counties to create districts of sufficient population to comply with the federal constitutional requirement of one person/one vote. One of these counties (Bonner) must be divided and combined with contiguous counties because one neighboring county (Boundary) is not contiguous to any other county. Boundary County is so small it cannot constitute a district by itself which satisfies the one person/one vote requirement and when Bonner and Boundary Counties are combined undivided, they are too large to constitute a district which complies with the one person/one vote requirement.

9. **Demographic Data.** Although divided into 44 counties, both the population and land area of the counties are disparate. For example, out of 44 counties, 36 must be combined in some

fashion or another to achieve a district with a constitutionally acceptable population. Additionally, based upon the lack of an equal distribution of the population throughout the state, often a simple combination of counties into one district cannot be achieved, which therefore requires a county to be split in order to satisfy the one person - one vote requirement. To illustrate this principle (although no Idaho counties are actually configured like this), if there were three adjacent counties each with the population of two-thirds of a district, it might be necessary to split one of them among two districts to apportion them while keeping the other two wholly within a district, and there is no constitutional reason to choose among them which of the three to split. As indicated above, the following Counties must be split: Bonner (geography/ one person/ one vote), Kootenai (internally), Ada (internally), Canyon (internally and externally), Twin Falls (internally and externally), Bannock (internally and externally) and Bonneville (internally and externally). Idaho's unique shape further challenges the reapportionment of the Idaho because neighboring state boundaries often limit the direction in which the Commission can combine Counties. For example, within the Panhandle of Idaho, counties must generally be combined north and south, while on the Eastern border, combinations are limited to North, South, and West.

**10. Consideration of Plans:** The Commission had before it for consideration 93 full and partial legislative reapportionment plans. But of those 93, only 8 complied with dual requirements one person one vote and minimum county splits. Those plans were L 66, L 67, L 76, L 77, L 79, L 90, L 91, and L 93. The remaining plans (85) were either presumptively unconstitutional due to too many county splits or unacceptable population deviation, or failed to reapportion the entire state. The Commission evaluated and considered every plan submitted to it.

**11. Statistical Data.** The total state population is 1,567,582. With a total of thirty-five legislative districts, the ideal district population is 44,788 people.

## **SPECIFIC FINDINGS**

### **APPROVED PLAN: L 93**

12. The Commission adopts Plan L 93 as the Idaho Legislative Redistricting Plan by a unanimous 6-0 vote. District 28 contains the largest population with a total of 46,955 people. This constitutes a deviation of 4.84%<sup>2</sup> above the ideal district size of 44,788 people. District 20 has the smallest population with a total of 42,610 people. This constitutes a deviation of 4.86% below the ideal district size. Combined the overall plan population deviation of Plan L 93 is 9.70%. Specifically as to each district in Plan L 93, the Commission finds:

---

<sup>2</sup> The deviation percentages have been rounded to the nearest hundredth of a percentage point.

13. District 1 (Boundary County and Bonner County (part)). Separately, neither Boundary County nor Bonner County have sufficiently large populations to constitute one ideal district of 44,788 persons. When combined, they exceed 44,788 people, the population of an ideal district, by more than allowable deviation. The Commission therefore finds that it is necessary to divide the population of Bonner County to create District 1 because it is the only Idaho county contiguous to Boundary County and the division is necessary to satisfy the one person, one vote requirement of the 14<sup>th</sup> Amendment to the United States Constitution. Bonner County was divided along major highways and roads in an effort to keep communities of interest together. District 1 contains 46,712 people, a deviation of +4.30% from the ideal district.
14. District 2 (Kootenai County (part)). Consists primarily of the northern and eastern rural areas of Kootenai County. Includes the communities of Hayden, Dalton Gardens. Runs South to the Benewah County line, east to Shoshone County Line, and West to the Washington Border. District 2 contains 45,894 people with a deviation of +2.47 % from the ideal district.
15. District 3 (Kootenai County (part)). District 3 is contained wholly within Kootenai County. It includes the remainder of Kootenai County that is west of the city of Coeur d'Alene and Highway 95 to the Idaho border. Consistent with public testimony received at the June 22, 2011 hearings in Coeur d'Alene and Sandpoint, and the October 6, 2011 hearing in Coeur d'Alene, District 3 includes the majority of the cities of Post Falls and Rathdrum, keeping traditional communities of interest intact. Further, the district was divided along major highways providing an easily distinguished boundary. District 3 contains 46,276 people with a deviation of +3.32% from the ideal district.
16. District 4 (Kootenai County (part)). District 4 is contained entirely within Kootenai County and includes the majority of the city of Coeur d'Alene, a traditional community of interest unto itself. The district line follows well known and clearly identifiable streets and highways. District 4 contains 46,324 people with a deviation of +3.43% from the ideal district.
17. District 5 (Benewah County and Latah County). District 5 is comprised of the entirety of Benewah County and Latah County. Separately, Benewah County and Latah County do not have a large enough population to constitute an entire legislative district. Therefore, combining Benewah County and Latah County is necessary to meet the one person one vote requirement. Further, combining these counties keeps communities of interest intact. Idaho's major state highway, Highway 95 runs the entire length of the District 5. District 5 contains 46,529 people with a deviation of +3.89% from the ideal district.
18. District 6 (Lewis County and Nez Perce County). District 6 contains all of Lewis County and Nez Perce County. Separately, Lewis County and Nez Perce County do not have enough population to constitute an entire legislative district. As Nez Perce County is bounded by

Oregon and Washington on the west, the only contiguous county that could be combined with Nez Perce County to make compact legislative district is Lewis County. District 6 contains 43,086 people with a deviation of -3.80% from the ideal district.

19. District 7 (Bonner County (part), Shoshone County, Clearwater County, and Idaho County). District 7 includes a portion of Bonner County, the entirety of Shoshone County, the entirety of Clearwater County and the entirety of Idaho County. In order to meet the one person one vote requirement, the Commission combined this portion of Bonner County with Shoshone County because of the requirements of Article III sec. 5 and the geography of the panhandle. Any alternative configuration would result in an additional split of a county elsewhere. The requirement of Idaho Code sec. 72-1506 (9) (Roads), was waived by the Commission by a 6-0 vote.

This district is evidence of the great difficulty in creating legislative districts in a state the size and shape of Idaho with its diverse landscape and comparatively sparse population density. The Commission recognizes that this district is large and not ideal; however, it is necessary to meet the one person one vote requirement and preserve county boundaries whenever possible. It is particularly revealing that this district comprised of a massive geographical area is still population light, which clearly reflects the disparity between population and county land size evident throughout Idaho. District 7 includes 42,930 people with a deviation of -4.15% from the ideal district.

20. District 8 (Gem, Valley, Boise, Custer, Lemhi). District 8 consists of the entirety of Gem, Boise, Valley and Custer and Lemhi Counties. Separately, none of these counties have sufficient population to form independent legislative districts. More compact configurations were rejected because they would have required the splitting of counties, which is specifically disallowed by Article III, sec. 5 and the Court's holding in *Twin Falls County*. District 8 has 45,913 people, a deviation of +2.51% from the ideal district.
21. District 9 (Canyon County (part), Washington, Adams, and Payette County). District 9 contains a portion of Canyon County, Washington County, Adams County, and Payette County. Payette County is bounded on the west by the state of Oregon and does not have sufficient population to constitute one district. Payette County is bordered by both Canyon and Washington Counties. Adams, Washington, and Payette counties lack sufficient population to satisfy the one person one vote requirement requiring that a portion of Canyon County, the only remaining county that is contiguous to Payette County, be combined to create District 9. In dividing Canyon County, the Commission kept communities of interest intact by keeping the cities of Parma whole and including them in this district. Further, Payette County is connected to this portion of Canyon County by two major roadways, Highway 95 and Interstate 84, both major routes of commerce that create communities of interest and commonality throughout the region. District 9 includes 44,559 people with a deviation of -.51% from the ideal district.

22. District 10 (Canyon County (part)) is compact, follows major roads and highways and consists of the majority of the city of Caldwell, a traditional community of interest located entirely in Canyon County. District 10 contains 45,422 people, a deviation of +1.42% from the ideal district.
23. District 11 (Canyon County (part)). District 11 consists of all of rural Canyon County including Wilder, Notus, Greenleaf, and Middleton. This portion of Canyon County is tied together by Highways 44, 45, 55, and 95 that runs throughout the district as well as several other roads which creates a corridor for commerce and a commonality of interest between the two counties. District 11 contains 43,430 people, a deviation of -3.03% from the ideal district.
24. District 12 (Canyon County (part)) is compact and consists of a portion of the city of Nampa, which had to be split due to its size. Nampa was divided along major roads and highways and in accordance with traditional communities of interest. This district is located entirely in Canyon County. District 12 contains 45,525 people, a deviation of +1.65% from the ideal district.
25. District 13 (Canyon County (part)) is compact and includes the remainder of the city of Nampa, which had to be split due to its size. Nampa was divided along major roads and highways and in accordance with traditional communities of interest. This district is located entirely in Canyon County and contains 46,784 people, a deviation of +4.46% from the ideal district.
26. District 14 (Ada County (part)). Ada County has sufficient population for nine total districts. This plan keeps Ada County intact, uses major roads and highways as easily identifiable boundaries and divides the districts based on city lines which constitute traditional communities of interest. The majority of the districts in Ada County have a population deviation of less than the ideal district in order to accommodate for future growth in these areas. District 14 consists of the cities of Eagle and Star, traditional communities of interest unto themselves. District 14 contains 44,919 people, a deviation of .29% from the ideal district.
27. District 15 (Ada County (part)) is made up of a community of interest located wholly within the city of Boise and Ada County. District 15 contains 42,799 people, a deviation of -4.44% from the ideal district.
28. District 16 (Ada County (part)) consists of the entirety of Garden City as well as traditional communities of interest in the city of Boise. Portions of the city of Boise were included in order to satisfy the one person one vote requirement. District 16 includes 44,383 people, a deviation of -.90% from the ideal district.

29. District 17 (Ada County (part)) is made up of communities of interest located wholly within the city of Boise in Ada County. District 17 includes 43,778 people, a deviation of -2.26% from the ideal district.
30. District 18 (Ada County (part)) includes traditional communities of interest in the city of Boise and continues to Ada County's boundary. District 18 includes 43,586 people, a deviation of -2.68% from the ideal district.
31. District 19 (Ada County (part)) includes traditional communities of interest in the city of Boise and continues to Ada County's northern boundary and Highway 55. District 19 includes 42,921 people, a deviation of -4.17% from the ideal district.
32. District 20 (Ada County (part)) includes the majority of the city of Meridian, a traditional community of interest wholly contained in Ada County. Significant public testimony supported keeping the city of Meridian whole. District 20 includes 42,610 people, a deviation of -4.86% from the ideal district.
33. District 21(Ada County (part)) includes traditional communities of interest south of Interstate 84 that are wholly included in Ada County. District 21 includes 43,541 people, a deviation of -2.78% from the ideal district.
34. District 22 (Ada County (part)) keeps the majority of the city of Kuna intact and continues to the Ada County boundary. District 22 includes 43,828 people, a deviation of -2.14% from the ideal district.
35. District 23 (Owyhee County , Elmore County, and Twin Falls County (part)). District 23 includes all of Elmore and Owyhee Counties. Elmore County does not have a large enough population to constitute a district by itself and therefore in order to meet the one vote requirement, it was combined with Owyhee County and a small portion of Twin Falls County. Due to Owyhee County's geographic location this combination was necessary as Elmore and Twin Falls Counties are its only two remaining neighboring counties that could be combined to form a complete legislative district. Elmore and Owyhee Counties are connected by Highway 51 which runs north to south, creating a commercial zone and linking the communities within those counties together. Combined, these two counties did not have sufficient population to form a complete legislative district, and in the interest of forming compact districts, a portion of Twin Falls County which is contiguous to both Elmore and Owyhee Counties, had to be included. District 23 contains 44,458 people, a deviation of -0.74% from the ideal district.
36. District 24 (Twin Falls County (part)). District 24 consists of the majority of the city of Twin Falls, a traditional community of interest entirely contained within Twin Falls County. District 24 includes 46,915 people, a deviation of 4.75% from the ideal district.

37. District 25 (Jerome County and Twin Falls County). District 25 includes the entirety of Jerome County and Twin Falls County. Separately, these counties do not have a large enough population to constitute an entire legislative district. They are contiguous counties connected by Interstate 84 and Highways 30 and 93. This district keeps Buhl and Filer as well as Kimberly, Hansen and Murtaugh together. District 25 includes 46,795 people, a deviation of +4.48% from the ideal district.
- a. In the creation of this district, and the reapportionment of Twin Falls County in particular, Districts 23, 24 and 25 reflect the difficulty of reapportionment in Idaho. A single plan was advanced (out of 8 possibilities) that split Twin Falls only once (apportioning it among two districts instead of three). The Commission considered that alternative but rejected it because it required the bisection of the City of Twin Falls, a combination of Minidoka and Jerome Counties (which are connected by a sliver of land constituting the Snake River Canyon, and breaks up the natural combination of Minidoka and Cassia Counties, an area that is commonly referred to based upon the combination as “Mini-Cassia.” Based upon the Idaho Supreme Court’s express recognition of the advisory nature of Idaho Code § 72-1506(5),<sup>3</sup> the Commission after careful consideration determined that the configuration of Plan L 93 best served the citizens of the State of Idaho, as well as, Twin Falls, Minidoka, Jerome, and Cassia Counties.
  - b. This configuration represents the Commission’s adherence to the mandatory requirements of Idaho Code § 72-1506, including ¶ (2) that “to the maximum extent possible, districts shall preserve traditional neighborhoods and local communities of interest” over the advisory requirement of Idaho Code § 72-1506(5) that “In the event that a county must be divided, the number of such divisions, per county, should be kept to a minimum.
38. District 26 (Blaine County, Lincoln County, Gooding County, and Camas County). Consistent with the Idaho Constitutional requirement to keep counties whole to the maximum extent possible, District 26 combines the entirety of Blaine, Lincoln, Gooding, and Camas counties. These counties are contiguous, connected by several different roads and highways and share common watersheds creating communities of interest. District 26 has 43,165 people, a deviation of -3.62% from the ideal district.
39. District 27 (Cassia County and Minidoka County). Cassia and Minidoka counties are combined to create a district. This combination reflects a common community of interest as it is commonly referred to as the Mini-Cassia area. This keeps the cities of Rupert, Paul, Heyburn, Burley and Declo together. Geographically, the Snake River and Snake River

Canyon create a natural divide between District 27 and District 25. District 27 includes 43,021 people, a deviation of -3.95% from the ideal population district.

40. District 28 (Bannock County(part) and Power County)). District 28 includes all of Power County and part of Bannock County. This district includes the airport shared by these two counties and is tied together by a major interstate highway. District 28 includes 46,955 people, a deviation of -4.84% from the ideal district.
41. District 29 (Bannock County (part)). District 29 consists of the majority of the city of Pocatello, a community of interest in itself, and is located entirely within Bannock County. District 29 is compact and easily distinguished due to its clearly identifiable boundaries consisting of interstate highways and the Bannock County line. District 29 includes 43,701 people, a deviation of -2.43% from the ideal district.
42. District 30 (Bonneville County (part)). Bonneville County has a large enough population that two complete legislative districts may be contained within the county; however, it is not large enough to form three inclusive legislative districts. Therefore, the Commission finds that Bonneville County must be split in order to comply with the one person one vote requirement. District 30 is contained entirely within Bonneville County and includes local communities of interest that share the area's agricultural emphasis. Further, the district includes the majority of the cities of Lincoln and Ammon, communities of interest in themselves. District 30 contains 46,525 people, a deviation of +3.88% from the ideal district.
43. District 31 (Bingham County). District 31 includes the entirety of Bingham County, which is large enough to constitute an entire legislative district. District 31 has 45,607 people, a deviation of 1.83% from the ideal district.
44. District 32 (Bonneville County (part), Bear Lake County, Caribou County, Franklin County, Oneida and Teton County (part)). District 32 is another example of how the Idaho's unique geography and the sparseness population distribution in certain areas necessitate the creation of large districts. District 32 includes the entirety of Bear Lake, Caribou, Franklin, Oneida, and Teton Counties, which still lack population sufficient to constitute a district within acceptable limits of deviation. Therefore a portion of Bonneville County had to be combined with these counties. Together these counties do not have sufficient population to create an entire legislative district and must be combined with portions of other counties in order to meet the one person one vote requirement. Therefore, these counties are combined with the remainder of Bonneville County which is contiguous.

This district is evidence of the great difficulty in creating legislative districts in a state the size and shape of Idaho with its diverse landscape and comparatively sparse population density. The Commission recognizes that this district is large and not ideal; however, it is necessary to meet the one person one vote requirement and preserve county boundaries

- whenever possible. It is particularly revealing that this district comprised of a massive geographical area is still population light, which clearly reflects the disparity between population and county land size evident throughout Idaho. The requirement of Idaho Code sec. 72-1506 (9) (Roads), was waived by the Commission by a 6-0 vote. District 32 includes 44,502 people, a deviation of -0.64% from the ideal district.
45. District 33 (Bonneville County (part)). The majority of the city of Idaho Falls is included in District 33 which is contained entirely within Bonneville County. Idaho Falls is a community of interest requiring statutory protection and the district is compact with easily identifiable boundaries. District 33 has 45,964 people, a deviation of +2.63% from the ideal district.
46. District 34 (Madison County, Bonneville County (part)). Madison County is kept whole within District 34 but it does not contain sufficient population to form an entire legislative district. In order to meet the one person one vote requirement, the Commission included the northern portion of Bonneville County. Although Bonneville County had to be split to comply with Article III, § 5, the communities of Uconn and Iona were maintained. This district is directly connected by Highways 20 and 26 creating commercial corridors and commonality of interests. District 34 has 44,970 people, a deviation of +0.44% from the ideal district.
47. District 35 (Butte County, Clark County, Jefferson County, and Fremont County). District 35 is contiguous, bounded by Idaho's borders with Montana and Wyoming, and made up of all of Butte, Clark, Jefferson and Fremont counties. Individually, the population of these counties is insufficient to meet the one person one vote requirement and therefore they must be combined. This is another large geographic district that must come together to create a population adequate to satisfy the one person one vote requirement. As vast as the area is, it does share a common interest in natural resources, farming, ranching, and recreation. District 35 contains 43,255 people a deviation of -3.42% from the ideal district.
