

**STATEMENT OF PURPOSE**

**RS20925**

In Idaho, if a person chooses to purchase an automobile insurance policy with a deductible of \$150 for comprehensive coverage or \$300 for collision or physical damage, an insurer cannot require as a condition of renewal of the policy, the customer purchase a higher deductible. This proposal would raise the maximum deductible to \$250 and \$500 respectively. The proposed changes are in line with the increase in the U.S. Bureau of Labor and Statistics Consumer Price Index trend beginning with the 1991 figures. This section was last amended in 1991.

**FISCAL NOTE**

The financial impact is none.
