

STATEMENT OF PURPOSE

RS21004

The purpose of this legislation is to amend Idaho Code 33-5202A to clarify the official designation of a charter school "founder." This legislation would require that a "founder" could only be designated as a "founder" within one hundred eighty (180) calendar days after the date that instruction first begins at the charter school. This legislation also makes a technical correction in adding a grammatically necessary comma.

FISCAL NOTE

None.
