

STATEMENT OF PURPOSE

RS21064C4

The unclaimed property program is frequently asked if there is a method of donating property held in the program to a public purpose. Often, the amounts in question are less than the postage required to send a warrant to the claimant. To facilitate these requests efficiently and with no additional costs to the program, this legislation provides a method for the claimant to donate to a cross-section of public purposes likely to appeal to most claimants and requiring only an electronic transfer of funds within the state treasury.

FISCAL NOTE

None
