3. IDAPA 13.01.09 - Rules Governing the Taking of Game Birds in the State of Idaho (Controlled Hunt Tag to Minor Child or Grandchild)

The Department of Fish and Game submits notice of temporary and proposed rule at IDAPA 13.01.09 - Rules Governing the Taking of Game Birds in the State of Idaho relating to controlled hunt tag designation to minor children or grandchildren. According to the department, the purpose of the rulemaking is to make several minor wording changes to more closely align the statute and the rule for designating a controlled hunt tag from a parent or grandparent to his or her minor child or grandchild.

The department states that the effective date of the temporary rule was August 26, 2013. The department notes that negotiated rulemaking was not conducted due to the minor nature of the change. The rule appears to be authorized pursuant to Sections 36-104 and 36-405, Idaho Code.

4. IDAPA 13.01.11 - Rules Governing Fish (Single-Point Hook and Watercraft)

The Department of Fish and Game submits notice of temporary and proposed rule at IDAPA 13.01.11 - Rules Governing Fish relating to single-point hooks and watercraft. According to the department, the purpose of the rulemaking is to define "single-point hook" and "watercraft." The department indicates that the terms have been used in season proclamations for some time.

The department states that the term "single-point hook" is used to limit fishing tackle to prevent snagging and that in certain situations where fish are large, visible and congregated, hooks with more than one point create a higher probability that anglers could intentionally or unintentionally snag a fish. The department states that this can lead to illegal harvest or unintended mortality and is of particular concern in fisheries for salmon and steelhead in tributary river systems. The rule change defines the term as "a bent wire device for catching fish, with one (1) shank and one (1) point."

The department also states that the term "watercraft" is used to limit angler conflict and address safety concerns. The department notes that in some reservoirs and large river fisheries with concentrated angler use, there can be conflicts and/or unsafe conditions for bank/wading anglers created by wake from watercraft. The department states that watercraft anchored in desired fishing areas can also monopolize preferred fishing locations to the point that bank/wading anglers have no opportunity to fish and, although these events are rare, they can occur in waters with high-use fisheries for salmon and steelhead. The rule change defines the term as "those devices designed as a means of transportation on water."

The department states that the effective date of the temporary rule was August 26, 2013. The department notes that negotiated rulemaking was not conducted due to the simple nature of the change and the fact that the terms have been used in season proclamations for some time. The rule appears to be authorized pursuant to Sections 36-104 and 36-901, Idaho Code.

5. IDAPA 13.01.11 - Rules Governing Fish (Minimization of Risk to Landed Sturgeon)

The Department of Fish and Game submits notice of temporary and proposed rule at IDAPA 13.01.11 - Rules Governing Fish relating to the minimization of risk to landed sturgeon. According to the department, the purpose of the rulemaking is to provide that only catch-and-release angling is allowed in Idaho for sturgeon. The department states that keeping the sturgeon in the water allows the natural buoyancy of the water to support internal organs of larger fish. The department goes on to state that sturgeon have a cartilaginous skeleton which is not as supportive as a bony skeleton found in most fish species. This rule was in the Administrative Code

through 2008 and then was inadvertently removed during a chapter restructure but was never rescinded by the Fish and Game Commission.

The department states that the effective date of the temporary rule was August 26, 2013. The department notes that negotiated rulemaking was not conducted due to the simple nature of the change and the fact that the rule was inadvertently removed during a chapter restructure. The rule appears to be authorized pursuant to Sections 36-104 and 36-901, Idaho Code.

The temporary rule confers a benefit to certain hunters and sportsmen.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

Not Applicable.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because this minor wording change is simple in nature, and is in response to a Legislative request.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

Not Applicable.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule and how an electronic copy can be obtained or, if otherwise unavailable, where copyrighted or other proprietary materials may be obtained:

DOCKET NO. 13-0111-1301

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is August 26, 2013.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 36-104(b) and 36-901, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 16, 2013.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This rule defines the terms “single-point hook” and “watercraft” which have been used for many years in fish season proclamations.

The term “single-point hook” is used to limit fishing tackle to prevent snagging. In certain situations where fish are large, visible, and congregated, hooks with more than one point create a higher probability that anglers could intentionally or unintentionally snag a fish. This can lead to illegal harvest or unintended mortality. This is of particular concern in fisheries for salmon and steelhead in tributary river systems.

The term “watercraft” is used to limit angler conflict and address safety concerns. In some reservoirs and large river fisheries with concentrated angler use, there can be conflicts and/or unsafe conditions for bank/wading anglers created by wake from watercraft. Watercraft anchored in desired fishing areas can also monopolize preferred fishing locations to the point that bank/wading anglers have no opportunity to fish. These events are rare but can occur in waters with high-use salmon and steelhead fisheries.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The temporary rule confers a benefit to certain anglers and sportsmen.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

Not Applicable.

IDAPA 13 - IDAHO FISH AND GAME COMMISSION

13.01.11 - RULES GOVERNING FISH

DOCKET NO. 13-0111-1302

NOTICE OF RULEMAKING - TEMPORARY AND PROPOSED RULE

EFFECTIVE DATE: The effective date of the temporary rule is August 26, 2013.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Sections 36-104(b) and 36-901, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 16, 2013.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This rule is intended to minimize the risk of injury to sturgeon when landed by anglers. Only 'catch-and-release' angling is allowed in Idaho for sturgeon. Keeping the sturgeon in the water allows the natural buoyancy of the water to support internal organs of larger fish. Sturgeon have a cartilaginous skeleton which is not as supportive as a bony skeleton found in most fish species. The rule was in IDAPA through 2008 and was inadvertently removed during a chapter restructure, but the rule was not rescinded by the Commission.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

The temporary rule confers a benefit to certain anglers, outfitters and sportsmen.

FEE SUMMARY: Pursuant to Section 67-5226(2), the Governor has found that the fee or charge being imposed or increased is justified and necessary to avoid immediate danger and the fee is described herein:

Not Applicable.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because this minor change is simple in nature, and the rule was inadvertently removed during a chapter restructure.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

Not Applicable.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule and how an electronic copy can be obtained or, if otherwise unavailable, where copyrighted or other proprietary materials may be obtained:

Not Applicable.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Sharon Kiefer (208) 287-2780.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before October 23, 2013.
