

STATEMENT OF PURPOSE

RS21932

This bill amends the penalties for flooding public highways with irrigation water, Section 18-3908 Idaho Code. The statute provides for an infraction or misdemeanor where an individual by act or omission floods the right-of-way. The amendment increases the penalty for such infraction to \$100-\$250, plus court costs. This section provides authorization for road supervisors to bring an infraction complaint before a peace officer. The amendments also address facility malfunction and unexpected climactic events. The proposed amendment also identifies that efforts to enforce this section do not limit or preclude a highway district civil efforts under Idaho Code 40-2319
