

## STATEMENT OF PURPOSE

### RS22030

This legislation requires all medical professionals to accurately and clearly identify their license type or area of practice on advertising materials, on writings in their places of business and on any required name tags. This legislation does not restrict or expand the scope of any licensed healthcare provider; it simply provides transparency and gives authority to healthcare licensure boards to regulate the honest and accurate self-identification of all healthcare providers.

## FISCAL NOTE

No fiscal impact.
