

## STATEMENT OF PURPOSE

### RS22057

This legislation deals with the frozen movement on the state's funding grid for educator salaries for those educators who earned additional college credits applicable to FY11. SB 1184 (2011) previously repealed this freeze. The repeal of SB 1184 through Proposition 3 reinstated the freeze. This legislation reinstates the repeal of the freeze, which will allow school districts to receive full state funding for actual college credits earned by their professional educator employees

### FISCAL NOTE

If this legislation is not passed, it will reduce the amount of funding required for Public Schools in FY14 by \$4 million, as compared to the FY13 appropriation. If this legislation is passed, the \$4 million appropriated for the full funding of salary-based apportionment dollars for all college credits earned will remain in place in FY14 and into the future.
