STATEMENT OF PURPOSE

RS22081

Use of the approved income withholding form is a requirement under the Social Security Act and mandated by the Administration of Health and Human Services. This federal mandate requires states to utilize the approved Income Withholding for Support form in all IV-D child support cases, and in non-IV-D child support cases with child support orders initially issued in the state on or after January 1, 1994. The rule also requires states to administer all withholding payments through the State Disbursement Unit. The effective date of the requirement is May 31, 2012.
