

STATEMENT OF PURPOSE

RS22476

This legislation amends the scrap metal act to resolve several issues related to the enactment of House Bill 241 at last year's session of the Legislature. Scrap metal dealers and other interested parties met during the interim between last year's session and this year's session to develop a series of amendments to the act that are contained in this legislation. Specifically the amendments: (1) reduce the circumstances by which a felony charge may be imposed on scrap metal dealers; (2) provide for more specific detail on the circumstances by which a scrap metal dealer must make photographic images of its customers, and; (3) corrects several other technical details in the scrap metal act.
