

STATEMENT OF PURPOSE

RS23149

The purpose of the legislation is to protect Idaho's community colleges from monies being taken away to fund urban renewal districts (URDs). URDs have the ability to access taxing districts' budgets. In the past Idaho Code was amended to protect Idaho school districts from having monies diverted to URDs. This legislation would do the same to protect Idaho's three community colleges.

FISCAL NOTE

Fiscal Note: No impact to the General Fund
