

STATEMENT OF PURPOSE

RS22509

As changes have been made to the Idaho Probate Code, some cross-references that should have been deleted or modified have been missed. This bill corrects two areas. First, in Sections 1, 3, and 4, this bill deletes references to the "family allowance", which was eliminated from the Idaho Probate Code several years ago. In Section 2, the time period for presentation of certain claims in probate was changed in the Uniform Probate Code from two years to three years, but the reference to that time period in this code section was not properly changed to state the three year period. This bill is only housekeeping.

FISCAL NOTE

This bill will have no fiscal impact.
