

STATEMENT OF PURPOSE

RS22435

This proposal amends section 19-5109, Idaho Code to allow the Peace Officer Standards and Training Council the ability to establish certification and training standards for volunteer reserve officers employed by law enforcement agencies. This proposal would give the Council additional authority to establish standards to certify Level I and Level II reserve officers.

FISCAL NOTE

The proposed change would increase documentation received for certification of volunteer reserve officers, but would have a negligible impact upon POST's dedicated funding source. Employing agencies or individual peace officers would provide the training, and POST may assist in providing training via the Idaho Educational Network or distance learning program to several localities at the same time.
