

STATEMENT OF PURPOSE

RS22650

This amendment to the Idaho Hazardous Waste Management Act would clarify the definition of "restricted hazardous waste" found at 39 Idaho Code 4403 (17). This portion of the Idaho Code outlines which waste types are prohibited from disposal in a commercial hazardous waste disposal facility located in Idaho, as well as providing exceptions to the definition for wastes not regulated under the federal Atomic Energy Act of 1954, as amended. The proposed clarification is designed to harmonize the Idaho code with existing federal statutes and regulation while providing a more concise definition of "restricted hazardous waste." The clarification would also allow several federal agencies to utilize the Grand View facility.

FISCAL NOTE

This amendment has a positive impact to the General Account by approximately \$100,000 per fiscal year.
