RS22390

This legislation seeks to amend Sections 39-241, 39-260 and 39-268, Idaho Code, to align with terminology changes previously made under Senate Bill No. 1273 presented in the 2012 Legislative Session. The term "advanced practice professional nurse" was changed to "advanced practice registered nurse" effective July 1, 2013. The bill also further clarified the roles of the advanced practice registered nurse.

FISCAL NOTE

There will be an increased cost to the program of approximately \$10,000 for system and certificate updates. There will be no impact to the state General Fund as the program receipt dollars will be utilized to cover this expense.
