

STATEMENT OF PURPOSE

RS22710

During the 2013 legislative session, Senate Bill 1147a was passed, including a sunset clause. One of the purposes of such was to collect data to ascertain the effectiveness of the statutory modifications. At this time, not enough data is available to measure the effectiveness of the bill. Accordingly, the intent is to extend the sunset clause for one additional year to allow for further data collection.

FISCAL NOTE

No fiscal impact.
