

## STATEMENT OF PURPOSE

### RS22962

This is companion legislation to Senate Bill 1338, which consolidates provisions of Chapters 3 and 4 of Title 37, Idaho Code, pertaining to minimum standards of dairy product sanitary condition, quality, identify, classification and grade. This legislation enacts a new Chapter 4 of Title 37 entitled the "Dairy Environmental Control Act" to recodify environmental provisions that are repealed by Senate Bill 1338, and to more clearly and comprehensively define the Department of Agriculture's authority to regulate dairy farms to protect the State's water resources.

### FISCAL NOTE

There are no fiscal impacts.
