HOUSE BILL NO. 126

BY EDUCATION COMMITTEE

AN ACT

RELATING TO THE STAFF ALLOWANCE FOR SCHOOL DISTRICTS; AMENDING SECTION
33-1004, IDAHO CODE, TO PROVIDE CIRCUMSTANCES WHEN A CERTAIN NUMBER OF
SUPPORT UNITS SHALL BE USED TO CALCULATE DISCRETIONARY FUNDING.

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 33-1004, Idaho Code, be, and the same is hereby
amended to read as follows:

33-1004. STAFF ALLOWANCE. For each school district, a staff allowance
shall be determined as follows:

(1) Using the daily attendance reports that have been submitted for
computing the February 15 apportionment of state funds as provided in sec-
tion 33-1009, Idaho Code, determine the total support units for the district
in the manner provided in section 33-1002(6) (a), Idaho Code, unless the
number of support units used to calculate discretionary funding pursuant to
section 33-1018, Idaho Code, is greater, in which case the greater support
unit number shall be used;

(2) Determine the instructional staff allowance by multiplying the
support units by 1.1. A district must demonstrate that it actually employs
the number of certificated instructional staff allowed, except as provided
in subsection (5) (f) and (g) of this section. If the district does not employ
the number allowed, the staff allowance shall be reduced to the actual number
employed, except as provided in subsection (5) (f) and (g) of this section;

(3) Determine the administrative staff allowance by multiplying the
support units by .075;

(4) Determine the classified staff allowance by multiplying the sup-
port units by .375;

(5) Additional conditions governing staff allowance:

(a) In determining the number of staff in subsections (2), (3) and (4)
of this section, a district may contract separately for services to be
rendered by nondistrict employees and such employees may be counted
in the staff allowance. A "nondistrict employee" means a person for
whom the school district does not pay the employer's obligations for
employee benefits. When a district contracts for the services of a
nondistrict employee, only the salary portion of the contract shall be
allowable for computations.

(b) If there are circumstances preventing eligible use of staff al-
lowance to which a district is entitled as provided in subsections (2)
and (3) of this section, an appeal may be filed with the state depart-
ment of education outlining the reasons and proposed alternative use of
these funds, and a waiver may be granted.

(c) For any district with less than forty (40) support units:

1 (i) The instructional staff allowance shall be calculated
2 applying the actual number of support units. If the actual in-
3 structional staff employed in the school year is greater than the
4 instructional staff allowance, then the instructional staff al-
5 lowance shall be increased by one-half (1/2) staff allowance; and

6 (ii) The administrative staff allowance shall be calculated ap-
7 plying the actual number of support units. If the actual adminis-
8 trative staff employed in the school year is greater than the ad-
9 ministrative staff allowance, then the administrative staff al-
10 lowance shall be increased by one-half (1/2) staff allowance.

11 (iii) Additionally, for any district with less than twenty (20)
12 support units, the instructional staff allowance shall be calcu-
13 lated applying the actual number of support units. If the number
14 of instructional staff employed in the school year is greater than
15 the instructional staff allowance, the staff allowance shall be
16 increased as provided in subparagraphs (i) and (ii) of this para-
17 graph, and by an additional one-half (1/2) instructional staff al-
18 lowance.

19 (d) For any school district with one (1) or more separate secondary
20 schools serving grades nine (9) through twelve (12), the instructional
21 staff allowance shall be increased by two (2) additional instructional
22 staff allowances for each such separate secondary school.

23 (e) Only instructional, administrative and classified personnel
24 compensated by the school district from the general maintenance and
25 operation fund of the district shall be included in the calculation
26 of staff allowance or in any other calculations based upon staff, in-
27 cluding determination of the experience and education multiplier, the
28 reporting requirements, or the district's salary-based apportionment
29 calculation. No food service staff or transportation staff shall be
30 included in the staff allowance.

31 (f) A district may utilize up to fifteen percent (15%) of the moneys
32 associated with positions funded pursuant to subsection (2) of this
33 section to pay another school district or public charter school for
34 instructional services or to defray the cost of providing virtual edu-
35 cation coursework, including virtual dual credit coursework, without a
36 reduction in the number of funded positions being imposed.

37 (g) A district may employ nine and one-half percent (9.5%) fewer posi-
38 tions than funded pursuant to subsection (2) of this section, without a
39 reduction in the number of funded positions being imposed. Beginning in
40 fiscal year 2016, this figure shall be reduced by one percent (1%) each
41 year for each school district in which the average class size, as deter-
42 mined from prior fiscal year data reported to the state department of
43 education, was at least one (1) student greater than the statewide av-
44 erage class size. The state department of education shall report to the
45 legislature every February, beginning in 2015, on the reductions sched-
46 uled to take place in this figure, by school district, in the ensuing
47 fiscal year.

48 (6) In the event that the staff allowance in any category is insuffi-
49 cient to meet accreditation standards, a district may appeal to the state
50 board of education, demonstrating the insufficiency, and the state board may

1 grant a waiver authorizing sufficient additional staff to be included within
2 the staff allowance to meet accreditation standards. Such a waiver shall be
3 limited to one (1) year, but may be renewed upon showing of continuing justifi-
4 cation.

5 (7) A district may utilize a portion of the instructional staff al-
6 lowance provided for in this section for kindergarten teachers to visit the
7 parents or guardians of students during the first week of the kindergarten
8 school year. Such visits may take place at school, at the student's home
9 or at another location agreed to by the teacher and parents or guardians.
10 The purpose of such visits is to help strengthen the working relationship
11 between the teacher, the parents or guardians, and the student. The visits
12 should be used as an opportunity to help establish the teacher's expecta-
13 tions of the student. The visit should also provide an opportunity for the
14 parents or guardians to explain their expectations. The amount of moneys to
15 be expended for such visits by the district may not exceed the amount equal
16 to one (1) week of instructional staff allowance computed for kindergarten
17 instructors in the district.
