17 In applying these tables to any given separate attendance unit, no
18 school district shall receive less total money than it would receive if it
19 had a lesser average daily attendance in such separate attendance unit. In
20 applying the kindergarten table to a kindergarten program of less days than
21 a full school year, the support unit allowance shall be in ratio to the num-
22 ber of days of a full school year. The attendance of students attending an
23 alternative secondary school in a school district reporting less than one
24 hundred (100) secondary students in average daily attendance shall not be
25 assigned to the alternative secondary table if the student is from a school
26 district reporting less than one hundred (100) secondary students in average
27 daily attendance, but shall instead be assigned to the secondary table of
28 the school district in which they are attending the alternative secondary
29 school, unless the alternative secondary school in question serves students
30 from multiple districts reporting less than one hundred (100) secondary
31 students in average daily attendance. The tables for exceptional educa-
32 tion and alternative school secondary support units shall be applicable
33 only for programs approved by the state department of education following
34 rules established by the state board of education. Moneys generated from
35 computation of support units for alternative schools shall be utilized for
36 alternative school programs. School district administrative and facility
37 costs may be included as part of the alternative school expenditures.

38 (5) State Distribution Factor per Support Unit. Divide educational
39 support program distribution funds, after subtracting the amounts necessary
40 to pay the obligations specified in subsection (2) of this section, by the
41 total state support units to secure the state distribution factor per sup-
42 port unit.

1 (6) District Support Units. The number of support units for each school
2 district in the state shall be determined as follows:

3 (a) (i) Divide the actual average daily attendance, excluding stu-
4 dents approved for inclusion in the exceptional child educational
5 program, for the administrative schools and each of the separate
6 schools and attendance units by the appropriate divisor from the
7 tables of support units in this section, then add the quotients
8 to obtain the district's support units allowance for regular stu-
9 dents, kindergarten through grade 12 including alternative school
10 secondary students. Calculations in application of this subsec-
11 tion shall be carried out to the nearest hundredth.

12 (ii) Divide the combined totals of the average daily attendance
13 of all preschool, kindergarten, elementary, secondary, juvenile
14 detention center students and students with disabilities approved
15 for inclusion in the exceptional child program of the district by
16 the appropriate divisor from the table for computation of excep-
17 tional education support units to obtain the number of support
18 units allowed for the district's approved exceptional child pro-
19 gram. Calculations for this subsection shall be carried out to the
20 nearest hundredth when more than one (1) unit is allowed.

21 (iii) The total number of support units of the district shall
22 be the sum of the total support units for regular students,
23 ~~subsection (6) paragraph (a) (i) of this subsection~~, and the sup-
24 port units allowance for the approved exceptional child program,
25 ~~subsection (6) paragraph (a) (ii) of this subsection~~.

26 (b) Total District Allowance Educational Program. Multiply the dis-
27 trict's total number of support units, carried out to the nearest hun-
28 dredth, by the state distribution factor per support unit and to this
29 product add the approved amount of programs of the district provided in
30 subsection (2) of this section to secure the district's total allowance
31 for the educational support program.

32 (c) District Share. The district's share of state apportionment is the
33 amount of the total district allowance, ~~subsection (6) paragraph (b) of~~
34 ~~this subsection~~.

35 (d) Adjustment of District Share. The contract salary of every non-
36 certificated teacher shall be subtracted from the district's share as
37 calculated from the provisions of ~~subsection (6) paragraph (c) of this~~
38 ~~subsection~~.

39 (7) Property Tax Computation Ratio. In order to receive state funds
40 pursuant to this section a charter district shall utilize a school mainte-
41 nance and operation property tax computation ratio for the purpose of cal-
42 culating its maintenance and operation levy, that is no greater than that
43 which it utilized in tax year 1994, less four-tenths of one percent (.4%). As
44 used herein, the term "property tax computation ratio" shall mean a ratio de-
45 termined by dividing the district's certified property tax maintenance and
46 operation budget by the actual or adjusted market value for assessment pur-
47 poses as such values existed on December 31, 1993. Such maintenance and op-
48 eration levy shall be based on the property tax computation ratio multiplied
49 by the actual or adjusted market value for assessment purposes as such values
50 existed on December 31 of the prior calendar year.

1 SECTION 3. That Section 33-1004, Idaho Code, be, and the same is hereby
2 amended to read as follows:

3 33-1004. STAFF ALLOWANCE. For each school district, a staff allowance
4 shall be determined as follows:

5 (1) Using the daily attendance reports that have been submitted for
6 computing the February 15 apportionment of state funds as provided in sec-
7 tion 33-1009, Idaho Code, ~~determine~~ calculate the total support units for
8 the district in the manner provided in section 33-1002(6) (a), Idaho Code;

9 (2) Determine the instructional staff allowance by multiplying the
10 support units by 1.4021. A district must demonstrate that it actually em-
11 ploys the number of certificated instructional staff allowed, except as
12 provided in subsection ~~(56)~~ (f) and (g) of this section. If the district does
13 not employ the number allowed, the staff allowance shall be reduced to the
14 actual number employed, except as provided in subsection ~~(56)~~ (f) and (g) of
15 this section;

16 (3) Determine the pupil service staff allowance by multiplying the sup-
17 port units by 0.079;

18 (4) Determine the administrative staff allowance by multiplying the
19 support units by .075;

20 ~~(45)~~ Determine the classified staff allowance by multiplying the sup-
21 port units by .375;

22 ~~(56)~~ Additional conditions governing staff allowance:

23 (a) In determining the number of staff in subsections (2), (3) ~~and~~, (4)
24 and (5) of this section, a district may contract separately for ser-
25 vices to be rendered by nondistrict employees and such employees may be
26 counted in the staff allowance. A "nondistrict employee" means a person
27 for whom the school district does not pay the employer's obligations
28 for employee benefits. When a district contracts for the services of a
29 nondistrict employee, only the salary portion of the contract shall be
30 allowable for computations.

31 (b) If there are circumstances preventing eligible use of staff al-
32 lowance to which a district is entitled as provided in subsections (2)
33 ~~and~~, (3) and (4) of this section, an appeal may be filed with the state
34 department of education outlining the reasons and proposed alternative
35 use of these funds, and a waiver may be granted.

36 (c) For any district with less than forty (40) support units:

37 (i) The instructional staff allowance shall be calculated
38 applying the actual number of support units. If the actual in-
39 structional staff employed in the school year is greater than the
40 instructional staff allowance, then the instructional staff al-
41 lowance shall be increased by one-half (1/2) staff allowance; and

42 (ii) The administrative staff allowance shall be calculated ap-
43 plying the actual number of support units. If the actual adminis-
44 trative staff employed in the school year is greater than the ad-
45 ministrative staff allowance, then the administrative staff al-
46 lowance shall be increased by one-half (1/2) staff allowance.

47 (iii) Additionally, for any district with less than twenty (20)
48 support units, the instructional staff allowance shall be calcu-
49 lated applying the actual number of support units. If the number

1 of instructional staff employed in the school year is greater than
2 the instructional staff allowance, the staff allowance shall be
3 increased as provided in subparagraphs (i) and (ii) of this para-
4 graph, and by an additional one-half (1/2) instructional staff al-
5 lowance.

6 (d) For any school district with one (1) or more separate secondary
7 schools serving grades nine (9) through twelve (12), the instructional
8 staff allowance shall be increased by two (2) additional instructional
9 staff allowances for each such separate secondary school.

10 (e) Only instructional, pupil service and administrative staff and
11 classified personnel compensated by the school district from the gen-
12 eral maintenance and operation fund of the district shall be included in
13 the calculation of staff allowance or in any other calculations based
14 upon staff, including determination of the experience and education
15 multiplier, the reporting requirements, or the district's salary-based
16 apportionment calculation. No food service staff or transportation
17 staff shall be included in the staff allowance.

18 (f) A district may utilize up to fifteen percent (15%) of the moneys
19 associated with positions funded pursuant to subsection (2) of this
20 section to pay another school district or public charter school for
21 instructional services or to defray the cost of providing virtual edu-
22 cation coursework, including virtual dual credit coursework, without a
23 reduction in the number of funded positions being imposed.

24 (g) A district may employ nine and one-half percent (9.5%) fewer posi-
25 tions than funded pursuant to subsections (2) and (3) of this section,
26 without a reduction in the number of funded positions being imposed.
27 Beginning in fiscal year 2016, this figure shall be reduced by one per-
28 cent (1%) each year for each school district in which the average class
29 size, as determined from prior fiscal year data reported to the state
30 department of education, was at least one (1) student greater than the
31 statewide average class size. The state department of education shall
32 report to the legislature every February, beginning in 2015, on the re-
33 ductions scheduled to take place in this figure, by school district, in
34 the ensuing fiscal year.

35 (67) In the event that the staff allowance in any category is insuffi-
36 cient to meet accreditation standards, a district may appeal to the state
37 board of education, demonstrating the insufficiency, and the state board may
38 grant a waiver authorizing sufficient additional staff to be included within
39 the staff allowance to meet accreditation standards. Such a waiver shall be
40 limited to one (1) year, but may be renewed upon showing of continuing justi-
41 fication.

42 (78) A district may utilize a portion of the instructional staff al-
43 lowance provided for in this section for kindergarten teachers to visit the
44 parents or guardians of students during the first week of the kindergarten
45 school year. Such visits may take place at school, at the student's home or
46 at another location agreed to by the teacher and parents or guardians. The
47 purpose of such visits is to help strengthen the working relationship be-
48 tween the teacher, the parents or guardians, and the student. The visits
49 should be used as an opportunity to help establish the teacher's expecta-
50 tions of the student. The visit should also provide an opportunity for the

1 parents or guardians to explain their expectations. The amount of moneys to
2 be expended for such visits by the district may not exceed the amount equal to
3 one (1) week of instructional staff allowance computed for kindergarten in-
4 structors in the district.

Credits earned by such occupational specialist instructional staff after initial certification shall be credited toward the education factor.~~

~~In determining the statewide average multiplier for instructional staff, no multiplier in excess of 1.59092 shall be used. 10 SECTION 5. That Chapter 10, Title 33, Idaho Code, be, and the same is
 11 hereby amended by the addition thereto of a NEW SECTION, to be known and des-

 14 structional staff shall be placed in a cohort on the career ladder starting
 15 with the second cell on the residency/professional compensation rung that
 16 corresponds with the next higher allocation amount than is currently re-
 17 ceived by the district, based on the experience and education index pursuant
 18 to section 33-1004A, Idaho Code, as applied in fiscal year 2015. For each
 19 year between July 1, 2015, and June 30, 2019, those instructional staff will
 20 move one (1) cell on the career ladder for each year they are employed by a
 21 district and meet the applicable performance criteria for the compensation
 22 rung and implementation year, unless such movement would result in the dis-
 23 trict receiving a lesser allocation than the district would have received if
 24 the instructional staff would have moved based on the experience and educa-
 25 tion index as applied in fiscal year 2015, for such instructional staff the
 26 district salary apportionment calculation shall use the amount that would
 27 have been applied based on the experience and education index.

28 (a) Instructional staff who are in their first year of holding a cer-
 29 tificate shall be placed in the first cell of the residency compensation
 30 rung and shall move one (1) cell on the residency compensation rung for

 35 from a state other than Idaho and who are approved to teach in Idaho will

 40 cable cell on the career ladder, school districts shall receive an
 41 additional allocation amount for instructional staff holding a profes-

 45 earned based upon a transcript on file with the teacher certification
 46 office of the state department of education, earned at an institution
 47 of higher education accredited by a body recognized by the state board
 48 of education or credits earned through an internship or other work ex-
 49 perience approved by the state board of education, shall be credited

1 toward the education allocation. Education allocation amounts are not
2 cumulative. Instructional staff whose initial certificate is an occu-
3 pational specialist certificate shall be treated as BA degree prepared
4 instructional staff. Credits earned by such occupational specialist
5 instructional staff after initial certification shall be credited to-
6 ward the education allocation. Additional allocations are:

35 the performance criteria for three (3) of the previous five (5) years, one

47 allocation amount, only transcribed credits and degrees on file with the

5 throughout the state. A portion of such administrators' instructional staff
6 employee evaluations shall be independently reviewed. The state department
7 of education shall appoint persons to conduct the reviews. Administrator
8 certificate holders shall be required to participate in ongoing evaluation
9 training pursuant to section 33-1204, Idaho Code. The state department of
10 education shall report annually the findings of such reviews to the senate
11 education committee, the house of representatives education committee,
12 the state board of education and the deans of Idaho's approved teacher
13 preparation programs. The state board of education shall promulgate rules
14 implementing the provisions of this subsection.

15 SECTION 7. That Section 33-1004C, Idaho Code, be, and the same is hereby
16 amended to read as follows:

17 33-1004C. BASE AND MINIMUM SALARIES -- LEADERSHIP PREMIUMS -- EDUCA-
18 TION AND EXPERIENCE INDEX. (1) The following shall be reviewed annually by
19 the legislature:

20 (a) The base salary figures pursuant to subsections (1-), (2-), and
21 (3-) and (4) of section 33-1004E, Idaho Code;

22 (b) The minimum instructional salary figure pursuant to subsection
23 (1-) of section 33-1004E, Idaho Code; and

24 (c) The leadership premium figures pursuant to subsections (1) and (2)
25 of section 33-1004J, Idaho Code.

26 (2) The statewide education and experience index (or state average in-
27 dex, or state index) is the average of all qualifying employees, instruc-
28 tional and administrative respectively. It is determined by totaling the
29 index value for all qualifying employees and dividing by the number of em-
30 ployees.

31 SECTION 8. That Section 33-1004E, Idaho Code, be, and the same is hereby
32 amended to read as follows:

33 33-1004E. DISTRICT'S SALARY-BASED APPORTIONMENT. Each district shall
34 be entitled to a salary-based apportionment calculated as provided in this
35 section.

36 (1-) To determine the apportionment for instructional staff, ~~first~~
37 ~~determine the district average experience and education index by placing~~
38 ~~all eligible district certificated instructional employees on the statewide~~
39 ~~index provided in section 33-1004A, take the amounts indicated on the career~~
40 ~~ladder table plus the amounts associated with the additional education allo-~~
41 ~~cation amounts pursuant to section 33-1004B, Idaho Code, and calculate the~~
42 ~~weighted average. The resulting average is the district index. Districts~~
43 ~~with an index above the state average index shall receive their actual index~~
44 ~~but not more than the state average plus .03 for the 1994-95 school year, and~~
45 ~~shall receive their actual index but not more than the state average plus~~
46 ~~.06 for the 1995-96 school year, and thereafter shall receive their actual~~
47 ~~district index. The district instructional staff index shall be multiplied~~

1 ~~by the instructional base salary of \$23,354. The amount so determined shall~~
2 ~~be multiplied by the district staff allowance for instructional staff de-~~
3 ~~termined as provided in section 33-1004(2), Idaho Code. The instructional~~
4 ~~salary allocation shall be further increased by the amount necessary for~~
5 ~~each full-time equivalent instructional staff member placed on the experi-~~
6 ~~ence and education index to be allocated at least the minimum salary mandated~~
7 ~~by this section. Full-time instructional staff salaries shall be determined~~
8 ~~from a salary schedule developed by each district and submitted to the state~~
9 ~~department of education. No full-time instructional staff member shall be~~
10 ~~paid less than \$31,750 the minimum dollar amount on the career ladder res-~~
11 ~~idency compensation rung pursuant to section 33-1004B, Idaho Code, for the~~
12 ~~applicable fiscal year. If an instructional staff member has been certified~~
13 ~~by the national board for professional teaching standards, the staff member~~
14 ~~shall be designated as a master teacher and receive two thousand dollars~~
15 ~~(\$2,000) per year for five (5) years from the year in which national board~~
16 ~~certification was earned. The instructional salary district staff allot-~~
17 ~~ment shall be increased by two thousand dollars (\$2,000) for each master~~
18 ~~teacher national board certified instructional staff person and pupil~~
19 ~~service staff member who earned national board certification; provided how-~~
20 ~~ever, that no such awards shall be paid for the period July 1, 2010, through~~
21 ~~June 30, 2011, nor shall any liabilities accrue or payments be made pursuant~~
22 ~~to this section in the future to any individuals who would have otherwise~~
23 ~~qualified for a payment during this stated time period. The resulting amount~~
24 ~~is the district's salary-based apportionment for instructional staff and~~
25 ~~pupil service staff. For purposes of this section, teachers qualifying for~~
26 ~~the salary increase as master teacher shall be those who have been recognized~~
27 ~~as national board certified teachers as of July 1 of each year.~~

28 (2-) To determine the apportionment for pupil service staff, first
29 determine the district average experience and education index by placing
30 all eligible district certificated pupil service employees on the statewide
31 index pursuant to section 33-1004A, Idaho Code. The resulting average is the
32 district index. The district pupil service staff index shall be multiplied
33 by the instructional base salary of twenty-three thousand three hundred
34 fifty-four dollars (\$23,354). The amount so determined shall be multiplied
35 by the district staff allowance for pupil service staff determined pursuant
36 to section 33-1004(3), Idaho Code. The pupil service staff salary alloca-
37 tion shall be further increased by the amount necessary for each full-time
38 equivalent pupil service staff member placed on the experience and education
39 index to be allocated at least the minimum salary mandated by this section.
40 Full-time pupil service staff salaries shall be determined from a salary
41 schedule developed by each district and submitted to the state department of
42 education. The resulting amount is the district's salary-based apportion-
43 ment for pupil service staff. No full-time pupil service staff member shall
44 be paid less than thirty-one thousand seven hundred fifty dollars (\$31,750).

45 (3) To determine the apportionment for district administrative staff,
46 first determine the district average experience and education index by plac-
47 ing all eligible certificated administrative employees on the statewide
48 index provided in section 33-1004A, Idaho Code. The resulting average is
49 the district index. Districts with an index above the state average index
50 shall receive their actual index but not more than the state average plus .03

1 for the school year 1994-95, and shall receive their actual index but not
 2 more than the state average index plus .06 for the 1995-96 school year, and
 3 thereafter shall receive their actual district index. The district admin-

28 board of trustees of the school district then employing such person not later
29 than the first day of June preceding the expiration of the term of the cur-

31 trustees shall notify each person entitled to be employed on a renewable con-
32 tract of the requirement that such person must give the notice hereinabove
33 and that failure to do so may be interpreted by the board as a declination of
34 the right to automatic renewal or the offer of another contract. Such noti-
35 fication shall be made, in writing, not later than the fifteenth day of May,
36 in each year, except to those persons to whom the board, prior to said date,
37 has sent proposed contracts for the next ensuing year, or to whom the board
38 has given the notice required by this section.

39 (3) Any contract automatically renewed under the provisions of this
40 section shall be for the same length as the term stated in the current con-

48 or from reassigning an administrative employee to a nonadministrative posi-
49 tion with appropriate reduction of salary from the preexisting salary level.

1 In the event the board of trustees reassigns an administrative employee to a

11 reasonable period of probation. This period of probation shall be preceded
12 by a written notice from the board of trustees with reasons for such pro-

14 tion of the person's performance during the probationary period. Such pe-
15 riod of probation shall not affect the person's renewable contract status.
16 Consideration of probationary status for certificated personnel is consid-

18 Idaho Code, and may be held in executive session. If the consideration re-
19 sults in probationary status, the individual on probation shall not be named
20 in the minutes of the meeting. A record of the decision shall be placed in the
21 teacher's personnel file.

22 (6) If the board of trustees takes action to immediately discharge or
23 discharge upon termination of the current contract a certificated person
24 whose contract would otherwise be automatically renewed, or to renew the
25 contract of any such person at a reduced salary, the action of the board
26 shall be consistent with the procedures specified in section 33-513 5.,
27 Idaho Code, and furthermore, the board shall notify the employee in writing
28 whether there is just and reasonable cause not to renew the contract or to
29 reduce the salary of the affected employee, and if so, what reasons it relied
30 upon in that determination.

31 (7) If the board of trustees takes action after the declaration of a fi-
32 nancial emergency pursuant to section 33-522, Idaho Code, and such action is
33 directed at more than one (1) certificated employee and, if mutually agreed
34 to by both parties, a single informal review shall be conducted. Without

50 trustees.

1 (c) The hearing shall be scheduled to take place not less than six (6)

17 quest of the employee.

18 (i) At the hearing the superintendent or other duly authorized admin-
19 istrative officer shall present evidence to substantiate the reduction
20 contained in such notice.

21 (j) The employees may produce evidence to refute the reduction. Any
22 witness presented by the superintendent or by the employees shall be
23 subject to cross-examination. The board of trustees may also examine
24 witnesses and be represented by counsel.

25 (k) The affected employees may file written briefs and arguments with
26 the board of trustees within three (3) days after the close of the hear-
27 ing or such other time as may be agreed upon by the affected employees
28 and the board of trustees.

29 (l) Within seven (7) days following the close of the hearing, the board
30 of trustees shall determine and, acting through its duly authorized ad-
31 ministrative official, shall notify the employees in writing whether
32 the evidence presented at the hearing established the need for the ac-
33 tion taken.

34 The due process hearing pursuant to this subsection (7) shall not be required
35 if the board of trustees and the local education association reach an agree-
36 ment on issues agreed upon pursuant to section 33-522(3), Idaho Code.

37 (8) If the board of trustees, for reasons other than unsatisfactory
38 service, for the ensuing contract year, determines to change the length of
39 the term stated in the current contract, reduce the salary or not renew the
40 contract of a certificated person whose contract would otherwise be automat-
