

STATEMENT OF PURPOSE

RS23574

This legislation creates an America The Beautiful® specialty license plate for an Idaho based national charity, Live Laugh Love Give, Inc., a sister charity to Support Our Troops, Inc., which has principal offices in Idaho. The income from the plate will be used by the charity for the benefit of Idaho's children and families, education issues, and military service members and their families. This legislation enables charity and government to cooperate for the benefit of the public without taxation of the public.

FISCAL NOTE

None to the general fund. All costs of administering the specialty plate program by the Idaho Transportation Department are paid by the purchasers of the plates.
