

STATEMENT OF PURPOSE

RS23601

This legislation requires \$5 of each fee paid for a class D driver's training permit be paid to either the driver training account, if the person is taking driver's training from a public school; or the Bureau of Occupational Licenses for deposit in the state treasury to the credit of the occupational licenses fund, if the person is taking driver's training from a private driver's training program. Currently, this \$5 is paid to the driver training account regardless of whether the student is enrolled in driver's training through a public school or through a private driving school.

FISCAL NOTE

It is estimated that approximately \$25,000 per year would be credited to the bureau of occupational licenses fund rather than to the driver training account.
