

Difference in State Matched Funds When Compared to Other FMAP Rates. Idaho Currently Maintains a 71.3% Blended FMAP and in FY 2016 Equated to \$514.1 Million from the State Match and \$1.28 Billion from Federal Funds.

FMAP	Approximate Difference in State Match from Current FMAP	Notes
50%	\$353,793,600	Floor Rate
55%	\$271,037,330	
60%	\$188,281,060	
62.5%	\$147,358,084	Maine (2016 rate)
65%	\$105,524,790	
70%	\$22,768,520	
71.3%	\$0	Idaho (2016 rate)
75%	(\$59,987,750)	

* For each five percentage point change the state would need an additional \$82.8 million in matching funds.

** This analysis uses a blended rate for all Medicaid programs and matching rates, and assumes that all other factors are held constant and the only change is the FMAP.
