FROM: Principal Legislative Research Analyst - Ryan Bush

DATE: September 19, 2016

SUBJECT: Division of Building Safety

IDAPA 07.02.05 - Rules Governing Plumbing Safety Licensing - Proposed Rule (Docket No. 07-0205-1601)

IDAPA 07.02.07 - Rules Governing Civil Penalties - Proposed Rule (Docket No. 07-0207-1601)

(1) 07.02.05 - Rules Governing Plumbing Safety Licensing - Proposed Rule (Docket No. 07-0205-1601)

The Division of Building Safety submits notice of proposed rulemaking at IDAPA 07.02.05 - Rules Governing Plumbing Safety Licensing. This proposed rule allows an out of state journeyman plumber to apply for a certificate of competency if he has eight years of plumbing experience. Previously, such journeymen could only apply with four years of schooling and four years of experience.

The Division states that negotiated rulemaking was not conducted because the change was discussed at numerous meetings of the Plumbing Board. There is no fiscal impact associated with this rulemaking.

The proposed rule appears to be within the statutory authority granted to the Division in Section 54-2606, Idaho Code.

(2) 07.02.07 - Rules Governing Civil Penalties- Proposed Rule (Docket No. 07-0207-1601)

The Division of Building Safety submits notice of proposed rulemaking at IDAPA 07.02.07 - Rules Governing Civil Penalties. This proposed rule makes a person who holds a valid Idaho state plumbing contractor's certificate of competency subject to certain civil penalties. These contractors were previously exempt from those penalties.

The Division states that negotiated rulemaking was not conducted because the change is simple in nature and was discussed at numerous meetings of the Plumbing Board. There is no fiscal impact associated with this rulemaking.

07.02.05 - RULES GOVERNING PLUMBING SAFETY LICENSING

DOCKET NO. 07-0205-1601

NOTICE OF RULEMAKING - PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 54-2605, 54-2606 and 54-2610, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 21, 2016.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The construction industry in Idaho is facing a critical shortage of skilled workers, including plumbers. As it currently stands, many plumbers come to Idaho from states that do not require schooling which leaves them unable to qualify for testing as a journeyman. This rulemaking change would allow for such a person to qualify for a journeyman's exam by demonstrating they have eight (8) years of plumbing experience, in lieu of the current requirement of four (4) years' experience and four (4) years of schooling.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because the contents of this rulemaking related to the experience and education requirements for out-of-state plumbers who seek licensure as journeymen in Idaho has been discussed at numerous Plumbing Board meetings over the past several years. Initially, a rule was established and approved by the Legislature in 2015 setting forth the licensure requirements; however, after further discussion with plumbing contractors, the Board determined to further revise the requirements for out-of-state applicants. This rule provides a benefit to Idaho plumbing contractors who may need to hire journeymen who have plumbing experience acquired in another state, but who have not been required to perform schooling in that state. For those journeymen who have sufficient plumbing experience in the form of a minimum of eight (8) years' experience working as a plumbing journeyman in the trade, this rule would allow them to be eligible to take the plumbing journeyman exam in Idaho.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

DOCKET NO. 07-0207-1601

NOTICE OF RULEMAKING - PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Sections 54-2605, 54-2606 and 54-2607, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 21, 2016.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Currently, plumbing contractors are exempt from being subject to a civil penalty for failing to pay for or obtain a plumbing permit prior to making a plumbing installation, as well as exempt from being subject to a civil penalty for failing to make corrections of plumbing installations when notified by the Division. As a result, short of licensure discipline, there is no recourse available to the Division if a contractor chooses not to comply with the permitting and inspection requirements in statute or rule. This rulemaking puts contractors on equal footing with plumbing specialty contractors and homeowners who are already subject to civil penalties for the same violations.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because the rulemaking is simple in nature. This rulemaking was discussed at several Plumbing Board meetings over the course of the last year, and no opposition to it was made. The rulemaking includes plumbing contractors among those who may receive a civil penalty for certain violations of the plumbing statutes and rules.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A
