Dear Senators SIDDOWAY, Guthrie, Stennett, and Representatives COLLINS, Trujillo, Erpelding:

The Legislative Services Office, Research and Legislation, has received the enclosed rules of the State Tax Commission:
IDAPA 35.01.03 - Property Tax Administrative Rules - Proposed Rule (Docket No. 35-0103-1601);
IDAPA 35.01.03 - Property Tax Administrative Rules - Proposed Rule (Docket No. 35-0103-1602);
IDAPA 35.01.03 - Property Tax Administrative Rules - Proposed Rule (Docket No. 35-0103-1603);
IDAPA 35.01.03 - Property Tax Administrative Rules - Proposed Rule (Docket No. 35-0103-1605).

Pursuant to Section 67-454, Idaho Code, a meeting on the enclosed rules may be called by the cochairmen or by two (2) or more members of the subcommittee giving oral or written notice to Research and Legislation no later than fourteen (14) days after receipt of the rules' analysis from Legislative Services. The final date to call a meeting on the enclosed rules is no later than 09/30/2016. If a meeting is called, the subcommittee must hold the meeting within forty-two (42) days of receipt of the rules' analysis from Legislative Services. The final date to hold a meeting on the enclosed rules is 10/29/2016.

The germane joint subcommittee may request a statement of economic impact with respect to a proposed rule by notifying Research and Legislation. There is no time limit on requesting this statement, and it may be requested whether or not a meeting on the proposed rule is called or after a meeting has been held.

To notify Research and Legislation, call 334-4834, or send a written request to the address on the memorandum attached below.
MEMORANDUM

TO: Rules Review Subcommittee of the Senate Local Government & Taxation Committee and the House Revenue & Taxation Committee
FROM: Legislative Research Analyst - Kristin Ford
DATE: September 13, 2016
SUBJECT: State Tax Commission

IDAPA 35.01.03 - Property Tax Administrative Rules - Proposed Rule (Docket No. 35-0103-1601)
IDAPA 35.01.03 - Property Tax Administrative Rules - Proposed Rule (Docket No. 35-0103-1602)
IDAPA 35.01.03 - Property Tax Administrative Rules - Proposed Rule (Docket No. 35-0103-1603)
IDAPA 35.01.03 - Property Tax Administrative Rules - Proposed Rule (Docket No. 35-0103-1605)

1. Docket No. 35-0103-1601

The Idaho State Tax Commission submits notice of proposed rulemaking at IDAPA 35.01.03 - Property Tax Administrative Rules. According to the Commission, the purpose of the rule is to allow a single homeowner application to be filed to meet the requirements of the homeowner exemption in Sections 63-317 and 63-602G, Idaho Code. The rule also proposes to add illustrations of how the property tax exemption for investment in new plant or building facilities may be calculated. The Commission states that negotiated rulemaking was conducted and the Notice of Intent to Promulgate Rules - Negotiated Rulemaking was published in the May 4, 2016 edition of the Idaho Administrative Bulletin. There is no fiscal impact associated with this rulemaking. The proposed rule appears to be within the Commission's statutory authority under Sections 63-105 and 63-105A, Idaho Code.

2. Docket No. 35-0103-1602

The Idaho State Tax Commission submits notice of proposed rulemaking at IDAPA 35.01.03 - Property Tax Administrative Rules. The purpose of the rule is to administer the provisions of 2016 House Bill 431, relating to the maximum homeowner exemption amount; 2016 House Bill 474, relating to the requirements for a taxing district to budget a forgone increase; 2016 House Bill 534, relating to the taxation of solar energy farms; and 2016 House Bill 606, relating to the urban renewal agency plans. The Commission states that negotiated rulemaking was conducted and the Notice of Intent to Promulgate Rules - Negotiated Rulemaking was published in the May 4, 2016 edition of the Idaho Administrative Bulletin. There is no fiscal impact associated with this rulemaking. The proposed rules appear to be within the Commission's statutory authority under Sections 63-105 and 63-105A, Idaho Code.

3. Docket No. 35-0103-1603
The Idaho State Tax Commission submits notice of proposed rulemaking at IDAPA 35.01.03 - Property Tax Administrative Rules. According to the Commission, the purpose of the rule is to remove reference to a national appraisal guide as it relates to the valuation of recreational vehicles because the guide is no longer published. The rule also gives direction to the appraisers to value recreational vehicles at market value when the sales price is not known. The Commission states that negotiated rulemaking was conducted and the Notice of Intent to Promulgate Rules - Negotiated Rulemaking was published in the July 6, 2016 edition of the Idaho Administrative Bulletin. No fiscal impact is associated with this docket. The proposed rule appears to be within the Commission's statutory authority under Sections 63-105, 63-105A, and 49-446, Idaho Code.

4. Docket No. 35-0103-1605

The Idaho State Tax Commission submits notice of proposed rulemaking at IDAPA 35.01.03 - Property Tax Administrative Rules. According to the Commission, the purpose of Rule 006 is to remove two documents that were incorporated by reference related to automobiles, van/truck conversion and limousine appraisals, and to update another document incorporated by reference regarding identifying railcar marks for the purpose of assessment and billing for railcars. The purpose of Rule 809 is to extend by two weeks the time period that the Commission will receive notices of correction for unintentional clerical, mathematical or electronic errors in erroneous levies from county commissioners. No fiscal impact is associated with this rulemaking. The Commission states that negotiated rulemaking was not conducted due to the simple nature of these rules. The proposed rule appears to be within the Commission's statutory authority under Sections 63-105, 63-105A, and 63-810, Idaho Code.

c: State Tax Commission
Sherry Briscoe
AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section(s) 63-105A and 63-802, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 21, 2016.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

 Rule 625: Homeowners Exemption on Occupancy Tax Roll – This rule eliminates the requirement for the taxpayer to file more than one application in order to receive the homeowner’s exemption.

 Rule 631: Tax Exemption for Investment in New Plant and Building Facilities Upon County Commissioners’ Approval – Added to this rule are examples demonstrating that the land and existing buildings are not eligible for the property tax exemption found in Idaho Code 63-602NN. The proposed added examples are identical to those developed by the Idaho Department of Commerce for inclusion in their 63-602NN Users Guide.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year resulting from this rulemaking: N/A

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Alan Dornfest, (208) 334-7742, alan.dornfest@tax.idaho.gov.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 28, 2016.

DATED this 5th Day of August, 2016.

Alan Dornfest
Tax Policy Supervisor
State Tax Commission
P.O. Box 36, Boise, ID 83722-0410
(208) 334-7742

THE FOLLOWING IS THE PROPOSED TEXT OF DOCKET NO. 35-0103-1601
(Only Those Sections With Amendments Are Shown.)
STATE TAX COMMISSION
Property Tax Administrative Rules

Docket No. 35-0103-1601

Proposed Rulemaking

625. HOMEOWNERS EXEMPTION ON OCCUPANCY TAX ROLL (RULE 625).
Sections 63-317 and 63-602G, Idaho Code

01. Eligibility for Multiple Exemptions. Obtaining the exemption in Section 63-602G, Idaho Code, will not preclude a property owner from eligibility for the exemption granted by Section 63-317, Idaho Code. More than one (1) property may be eligible for this exemption provided that ownership and occupancy of the properties occurs at different times during the year and that each application is made on the owner's primary residence.

02. Separate Applications. The application for this exemption shall not substitute for the application required by Section 63-602G, Idaho Code.

(BREAK IN CONTINUITY OF SECTIONS)

631. TAX EXEMPTION FOR INVESTMENT IN NEW PLANT AND BUILDING FACILITIES UPON COUNTY COMMISSIONERS’ APPROVAL (RULE 631).
Section 63-602NN, Idaho Code

01. The Investment in Plant. In order to qualify for this exemption a taxpayer must invest at least three million dollars ($3,000,000) in new plant and/or building facilities excluding the investment in land. See Section 63-602NN, Idaho Code.

02. The Exemption. The board of county commissioners may exempt all or a portion of the market value of the defined project for a period of up to five (5) years. Land is not to be included in this exemption. See Section 63-602NN(2), Idaho Code.

03. Examples. The exemption applies only to new plant or new building facilities in which the required investment has been made during the project period and that are located at the project site. The exemption does not apply to property existing prior to the execution of the contract to exempt. See the following clarifying examples.

a. A company chooses your community to build a new manufacturing facility. The market value of the land purchased is three million dollars ($3,000,000). The market value of the new facility after construction is ten million dollars ($10,000,000), not including the land. The board of county commissioners may exempt all or a portion of the market value of the facility (ten million dollars ($10,000,000)) for up to five (5) years. They cannot exempt any portion of the land value.

b. An existing company chooses to expand and build a new processing line. The existing building and land are valued at twelve million dollars ($12,000,000). The new processing line will increase the value of the building and land to sixteen million dollars ($16,000,000). The board of county commissioners may exempt all or a portion of the increase value of the facility, which is four million dollars ($4,000,000) for up to five (5) years. They cannot exempt any portion of the original value of twelve million dollars ($12,000,000).

c. A new company purchases an existing building. The existing building and land is valued at eight million dollars ($8,000,000). The company will purchase new equipment in the amount of three million dollars ($3,000,000). The existing property with the new equipment is now valued at eleven million dollars ($11,000,000). The board of county commissioners may exempt all or a portion of the increased value of the property, which is three million dollars ($3,000,000). They cannot exempt any portion of the original value of eight million dollars ($8,000,000).

04. Cross Reference. See Rule 802 of these rules for instructions relating to the valuation of new construction.
IDAPA 35 - STATE TAX COMMISSION
35.01.03 - PROPERTY TAX ADMINISTRATIVE RULES
DOCKET NO. 35-0103-1602
NOTICE OF RULEMAKING - PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section(s) 63-105A and 63-802, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency; not later than September 21, 2016.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Rule 114: Powers and Duties – Property Tax – Value Information – This rule increases the stratum for reporting the properties receiving the homeowner’s exemption. The groups are changed from $25,000 increments up to $250,000 to $25,000 increments up to $450,000 in order to allow better statistical analysis.

Rule 317: Occupancy Tax on Newly Constructed Improvements on Real Property – This Rule is being amended so that the maximum homeowner’s exemption applied to property subject to the occupancy tax after July 1, 2016 and thereafter will conform with the new law setting the maximum homeowner’s exemption at $100,000.

Rule 609: Property Exempt From Taxation – Homestead – With passage of House Bill 431 the reference to the House Price Index is deleted from this rule and the examples are changed to reflect the new maximum homeowner’s exemption amount ($100,000).

Rule 802: Budget Certification Relating to New Construction and Annexation – This rule instructs taxing districts on how to compute new construction amounts within urban renewal revenue allocation areas under newly enacted HB606aa (63-301A). The rule allows new construction within a revenue allocation area when it is determined that an urban renewal plan for new (after July 1, 2016) revenue allocation areas have been modified.

Rule 803: Budget Certification – Dollar Certification Form (L-2 Form) – The administration of the provisions of HB534 and HB 606aa related to property tax budget certification are outlined and the requirements to report the amount and the description of budgeted forgone amount as expressed in HB 474 are explained. This rule also explains how to handle solar farm gross receipt tax receipts when computing maximum property tax budget as set out in newly enacted house bill HB 534 (63-802(1)(j)). The rule also explains the treatment of money received as a result of distributions of urban renewal allocations in excess of the amount necessary to pay indebtedness, as provided in newly enacted HB 606aa (Section 50-2913A(3), Idaho Code). In addition the rule explains how to distribute the money received as a result of distributions of urban renewal allocations in excess of the amount received by the urban renewal agency in the immediate prior year, as provided in Section 50-2913(3)(c), Idaho Code.

Rule 804: Tax Levy-Certification-Urban Renewal Districts – The rule provides for the urban renewal agencies to tell the state tax commission whether or not a plan modification has occurred and describes penalties for non-compliance. This rule provides for a notification process between the tax commission and counties.

Rule 805: Penalty for Failure to Comply with Reporting Requirements – This rule describes acceptable methods of compliance with the requirement to submit urban renewal plan modifications found in newly enacted house bill 606aa (section 7, new I.C. 50-2913) and to explain what action will be taken if the state tax commission does not receive a plan.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state
general fund greater than ten thousand dollars ($10,000) during the fiscal year resulting from this rulemaking: N/A

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Alan Dornfest, (208) 334-7742, alan.dornfest@tax.idaho.gov.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 28, 2016.

DATED this 5th Day of August, 2016.

Alan Dornfest
Tax Policy Supervisor
State Tax Commission
P.O. Box 36
Boise, ID 83722-0410
(208) 334-7742

THE FOLLOWING IS THE PROPOSED TEXT OF DOCKET NO. 35-0103-1602
(Only Those Sections With Amendments Are Shown.)

114. POWERS AND DUTIES - PROPERTY TAX - VALUE INFORMATION (RULE 114).
Sections 63-105A and 63-509, Idaho Code. To provide needed value information under Subsection 63-105A(2), Idaho Code, each county assessor will, to the extent practicable, report to the State Tax Commission in the same manner and at the same time as the abstract under Section 63-509, Idaho Code, the total market value and exempted value of all property (land and improvements) used for residential purposes and granted the homeowner’s exemption under Section 63-602G, Idaho Code, for the current year’s assessment roll. Additionally, each county assessor will, to the extent practicable, report to the State Tax Commission the number of properties and the aggregate total market value of the properties granted the homeowner’s exemption in each group starting with the group of properties valued at less than or equal to twenty-five thousand dollars ($25,000) and including each subsequent group with value increases of twenty-five thousand dollars ($25,000) and ending with the group of properties exceeding the value of more than four hundred fifty thousand dollars ($450,000).

(BREAK IN CONTINUITY OF SECTIONS)

317. OCCUPANCY TAX ON NEWLY CONSTRUCTED IMPROVEMENTS ON REAL PROPERTY (RULE 317).
Section 63-317, Idaho Code

01. Property Subject to Occupancy Tax. Excluding additions to existing improvements, the occupancy tax shall apply to improvements upon real property, whether under the same or different ownership. The occupancy tax shall also apply to new manufactured housing, as defined in Section 63-317, Idaho Code, excluding
additions to existing manufactured housing. (4-6-05)

02. **Prorated Market Value.** The market value for occupancy tax purposes shall be the full market value on January 1 and shall be prorated at least monthly from the occupancy date to the end of the year. (3-29-10)

03. **Notice of Appraisal.** When notifying each owner of the appraisal, the county assessor shall include at a minimum the full market value before any exemptions and before any prorating of the value, the length of time subject to the occupancy tax, and the prorated value. (5-3-03)

04. **Examples for Calculation of Value Less Homestead Exemption (HO).** The following examples show the procedure for the calculation of the taxable value subject to the occupancy tax less the homestead exemption (HO): (3-30-07)

a. Example for prorated market value exceeding maximum amount of the homestead exemption for improvements subject to the occupancy tax beginning July 1, 2016. Each year the maximum amount of the homestead exemption is subject to modification by the Housing Price Index. (3-29-10)

<table>
<thead>
<tr>
<th>Full Market Value of Home</th>
<th>$300,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prorated Market Value for 11 Month Occupancy</td>
<td>$300,000 x 11/12 = $275,000</td>
</tr>
<tr>
<td>Taxable Value</td>
<td>$275,000 - $104,471 (100,000 (HO) = $74,529)</td>
</tr>
</tbody>
</table>

b. Example for prorated market value resulting in less than the maximum amount of the homestead exemption.

<table>
<thead>
<tr>
<th>Full Market Value of Home</th>
<th>$120,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prorated Market Value for 3 Month Occupancy</td>
<td>$120,000 x 3/12 = $30,000</td>
</tr>
<tr>
<td>Taxable Value</td>
<td>$30,000 - $15,000 (HO) = $15,000</td>
</tr>
</tbody>
</table>

05. **Market Value.** The market value for occupancy tax purposes shall be entered on an occupancy tax valuation roll. Occupancy tax valuation shall not be included in the assessed value of any taxing district, but occupancy tax must be declared in the certified budget. (3-30-07)

06. **Allocation to Urban Renewal Agencies.** Occupancy tax revenue shall be distributed to urban renewal agencies in the same manner as property taxes. (4-7-11)

a. The portion of the occupancy tax raised for funds specified in Section 50-2908, Idaho Code, and Rule 804 of these rules must be distributed to the taxing districts levying property taxes for those funds and, therefore, must not be distributed to the urban renewal agency. (5-8-09)

b. Except for occupancy tax raised for funds specified in Section 50-2908, Idaho Code, and Rule 804 of these rules, for parcels within a newly formed revenue allocation area or within an area newly annexed to an existing revenue allocation area, occupancy tax for the tax year during which the formation or annexation took effect must be distributed to the urban renewal agency. (4-7-11)

07. **Property Qualifying for the Homestead Exemption on Occupancy Value.** When property is subject to occupancy tax, only the improvements shall be eligible for the homestead exemption found in Section 63-602G, Idaho Code. (3-30-07)
609. PROPERTY EXEMPT FROM TAXATION -- HOMESTEAD (RULE 609).
Sections 63-602G, 63-701, 63-703, and 63-3077, Idaho Code

01. Homestead Exemption. The Homestead Exemption granted in 63-602G, Idaho Code shall also be known as the homeowner's exemption. (3-30-07)

02. Idaho Annual House Price Index Change. The successor to the United States Office of Federal Housing Enterprise Oversight is the Federal Housing Finance Agency. Annually, the State Tax Commission shall calculate the maximum dollar value limit for the homeowner’s exemption based on the annual change in the Idaho House Price Index-All-Transactions, published by the Federal Housing Finance Agency or its successor. The following procedure shall be used:

\( a. \) Step 1. Calculate the average Idaho House Price Index-All-Transactions of the four (4) most recently available quarters as of September 15. (4-7-11)

\( b. \) Step 2. Calculate the average Idaho House Price Index-All-Transactions of the four (4) quarters immediately preceding the earliest quarter used in Step 1. (4-7-11)

\( c. \) Step 3. Divide the Step 1 average by the Step 2 average to determine a factor. (3-30-07)

\( d. \) Step 4. Multiply the factor determined in Step 3 by the current maximum dollar value limit on the homeowner’s exemption to produce the new dollar value limit. (3-30-07)

02. Maximum Amount of Homestead Exemption. The homestead exemption is limited to the lesser of fifty percent (50%) of assessed value or one hundred thousand dollars ($100,000).

03. Partial Ownership. Any partial ownership shall be considered ownership for determining qualification for the homeowner’s exemption; however, the amount of the exemption shall be decided on the reduced proportion of the value commensurate with the proportion of partial ownership. The proportional reduction shall not apply to the ownership interests of a partner of a limited partnership, a member of a limited liability company or a shareholder of a corporation when that person has no less than five percent (5%) ownership interest in the entity unless any ownership interest is shared by any entity other than the limited partnership, limited liability company or corporation. For tenants in common with two (2) improvements located on one (1) parcel of land, determine the applicable value for the homeowner’s exemption using the procedure shown in Example 1 of Paragraph 609.03.a., of this rule unless the owner-occupant provides documented evidence of a different ownership interest in the improvement. See Examples 2, 3, and 4 in Paragraphs 609.03.b., 609.03.c., and 609.03.d. of this rule for additional partial ownership guidance. To calculate property tax reduction benefits when partial ownership exists, see Paragraph 700.05.b. of these rules. (4-2-08)

\( a. \) Example 1. John Smith and Bob Anderson own a property as tenants in common with two (2) residential improvements located on the property. Each residential improvement is owner occupied by one (1) of the tenants in common. The homeowner’s exemption is calculated as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Value</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land</td>
<td>$42,000</td>
<td></td>
</tr>
<tr>
<td>Residential Improvement</td>
<td>$82,000</td>
<td>Occupied by Mr. Smith</td>
</tr>
<tr>
<td>Prorated Ownership Interest (land and improvement)</td>
<td>$62,000</td>
<td>Mr. Smith’s interest</td>
</tr>
<tr>
<td>Homeowner’s Exemption</td>
<td>$31,000</td>
<td>For Mr. Smith as owner occupant</td>
</tr>
<tr>
<td>Residential Improvement</td>
<td>$67,000</td>
<td>Occupied by Mr. Anderson</td>
</tr>
</tbody>
</table>
b. Example 2. John Smith and Bob Anderson own a parcel of land as tenants in common with two (2) residential improvements located on the parcel. Mr. Smith has documented evidence of one hundred percent (100%) interest in one (1) residential improvement and Mr. Anderson has documented evidence of one hundred percent (100%) interest in the remaining residential improvement. Each residential improvement is owner occupied. The homeowner’s exemption is calculated as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Value</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prorated Ownership Interest</td>
<td>$54,500</td>
<td>Mr. Anderson's interest</td>
</tr>
<tr>
<td>(land and improvement)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Homeowner’s Exemption</td>
<td>$27,250</td>
<td>For Mr. Anderson as owner occupant</td>
</tr>
</tbody>
</table>

(3-30-07)

c. Example 3. Tom Johnson and Marie Johnson, husband and wife, and June Smith jointly own a property and occupy one (1) residential improvement located on the property. The following example shows how to calculate each homeowner’s exemption.

<table>
<thead>
<tr>
<th>Description</th>
<th>Value</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land</td>
<td>$42,000</td>
<td>Split 50% to each owner</td>
</tr>
<tr>
<td>Residential Improvement</td>
<td>$82,000</td>
<td>Owned and occupied by Mr. Smith</td>
</tr>
<tr>
<td>Homeowner’s Exemption</td>
<td>$51,500</td>
<td>For Mr. Smith</td>
</tr>
<tr>
<td>Residential Improvement</td>
<td>$67,000</td>
<td>Owned and occupied by Mr. Anderson</td>
</tr>
<tr>
<td>Homeowner’s Exemption</td>
<td>$44,000</td>
<td>For Mr. Anderson</td>
</tr>
</tbody>
</table>

(3-30-07)

d. Example 4. John and Susan Doe, husband and wife, and Mike Person jointly own a property, and Mr. and Mrs. Doe occupy the one (1) residential improvement located on the property. The following example shows how to calculate each homeowner’s exemption.

<table>
<thead>
<tr>
<th>Description</th>
<th>Value</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land</td>
<td>$95,000</td>
<td></td>
</tr>
<tr>
<td>Residential Improvement</td>
<td>$215,000</td>
<td></td>
</tr>
<tr>
<td>Land and Improvement</td>
<td>$310,000</td>
<td></td>
</tr>
<tr>
<td>Prorated ownership interest (land and improvement) ($310,000 X 66.67%)</td>
<td>$206,677</td>
<td>Mr. &amp; Mrs. Johnson’s interest</td>
</tr>
<tr>
<td>Homeowner’s Exemption Maximum for 2010 ($404,483 X 66.67%)</td>
<td>$67,439</td>
<td>Mr. &amp; Mrs. Johnson’s Homeowner’s Exemption</td>
</tr>
<tr>
<td>Prorated ownership interest (land and improvement) ($310,000 X 33.33%)</td>
<td>$103,323</td>
<td>Ms. Smith’s interest</td>
</tr>
<tr>
<td>Homeowner’s Exemption Maximum for 2017 ($404,483 X 33.33%)</td>
<td>$33,330</td>
<td>Ms. Smith’s Homeowner’s Exemption</td>
</tr>
</tbody>
</table>

(4-7-11)
04. Part Year Ownership. For qualifying taxpayers who claimed the homeowner's exemption on an eligible property, the homestead that qualified on January 1 of the current tax year shall continue to receive the exemption, provided however, the assessor may remove that property's exemption if, by April 15 of the tax year, the taxpayer owns a different homestead and requests that the exemption be transferred to the second homestead. (4-11-15)

05. Determination of Residency. The State Tax Commission may release pertinent information from any Idaho income tax return to the county assessor and the county Board of Equalization for the sole purpose of providing one (1) indicator of eligibility for the homeowner's exemption. According to Section 63-3077(4), Idaho Code, this information is confidential and is not subject to public disclosure. (4-11-06)

06. Notification of Erroneous Claims. When it is determined that an exemption granted under this Section to a taxpayer who has also received property tax relief under Chapter 7, Idaho Code, should not have been granted, the county assessor shall notify the State Tax Commission of the determination. (3-29-10)

(BREAK IN CONTINUITY OF SECTIONS)

802. BUDGET CERTIFICATION RELATING TO NEW CONSTRUCTION AND ANNEXATION (RULE 802).
Sections 63-802, 63-301A, 63-602W, and 63-602NN, Idaho Code

01. Definitions. (4-5-00)

a. “Change of Land Use Classification.” “Change of land use classification” shall mean any change in land use resulting in a secondary category change and in a change in taxable land value to be reflected on the current property roll. (4-7-11)

b. “Incremental Value as of December 31, 2006.” “Incremental value as of December 31, 2006” means the total of the increment values on the property roll, subsequent property roll, missed property roll, and operating property roll for the 2006 tax year. (4-7-11)

c. “Nonresidential Structure.” “Nonresidential structure” shall mean any structure listed by the assessor in any secondary category not described as residential, manufactured homes, or improvements to manufactured homes in Rule 511 of these rules. (4-2-08)
02. New Construction Roll Listing. “Listing” shall mean a summary report of the net taxable value of property listed on the new construction roll. This listing shall include the taxable value of qualifying new construction throughout each taxing district or unit, but shall not include otherwise qualifying new construction, the value of which will be included in the increment value of any revenue allocation area (RAA) within any urban renewal district encompassed by the taxing district or unit. In addition, new construction related to change of land use classification, but required by section 50-2903(4) to be added to the base assessment roll, cannot be added to any new construction roll. This report is to summarize the value reported on the new construction roll by taxing district or unit. Taxing districts and units shall be listed in the same order that is used for the certification of value required pursuant to Section 63-510(1), Idaho Code.

   a. Qualifying new construction which is valued by the State Tax Commission shall be reported to the county assessor for each applicable taxing district by October 1 and shall be listed by the assessor on the immediate next new construction roll. (3-29-12)

   b. Previously allowable new construction that has never been included. When a taxing district proves new construction described by Section 63-301A(3), Idaho Code, occurred during any one of the immediately preceding five (5) years and has never been included on a new construction roll, the county assessor must list that property on the immediate next new construction roll at the value proven by the taxing district. Any such additional new construction must also be separately listed for each taxing district or unit. The taxing district has the burden of proving the new construction was omitted from a new construction roll and the value that would have been listed for that property had it been listed on the appropriate new construction roll. No taxing district shall ever be granted any increase in budget authority greater than the amount that would have resulted had the property been listed on the appropriate new construction roll. Regardless of the year that the new construction should have been listed on the appropriate new construction roll, additional budget authority resulting from new construction previously omitted from a new construction roll and listed on the current year’s new construction roll shall be permitted only if the taxing district is in compliance with the budget hearing notification requirements of Section 63-802A, Idaho Code, for the current year. (3-29-12)

   c. Reporting the amount of taxable market value to be deducted. For each taxing district or unit, the new construction roll listing shall separately identify the total amount of taxable market value to be deducted as required in Section 63-301A(1)(f), Idaho Code. In addition to other requirements, the amount of value deducted shall never exceed the amount originally added to a new construction roll. (3-29-12)

   d. Determining the amount of taxable market value to be deducted. The amount of taxable market value to be deducted under Section 63-301A(1)(f)(i), Idaho Code, shall be determined by the highest authority to which the assessment is ultimately appealed. Accordingly, adjustments should not be made until there has been a final decision on any appeal. In addition, the deduction for lower values resulting from appeals shall be made only for property that was placed on a new construction roll within the immediately preceding five (5) years. (3-29-12)

03. Special Provisions for Value Increases and Decreases. Special provisions for value increases and decreases related to change of land use classification as defined in Paragraph 802.01.a. of this rule or increases in land value resulting from loss of the exemption provided in Section 63-602W(4), Idaho Code.

   a. Value increases. Certain related land value increases are to be included on the new construction roll.

      i. Except as provided in Subparagraph 802.03.a.iii., increases in land value shall be reported on the new construction roll in the year in which the new category appears on the current property roll. (4-4-13)

      ii. Except as provided in Subparagraph 802.03.a.iii., the increase in taxable land value to be reported shall be computed by subtracting the taxable land value, had the land remained in its previous use category, from the taxable land value in the current use category. (4-4-13)

      iii. Subject to the limitations found in Paragraph 802.06.a. of this rule, increases in land value resulting from loss of the exemption provided in Section 63-602W(4), Idaho Code, shall be reported on the new construction roll in the year the exemption is lost, provided this occurs no later than June 30 of that year. If the exemption is lost
after June 30 of a given year, the resulting increase in land value shall be reported on the new construction roll in the immediate following year. (4-4-13)

b. Value decreases. Certain related land value decreases are to be included on the new construction roll and subtracted from total new construction value for any taxing district. The amount of decrease in any one year shall never exceed the amount of value originally added to the new construction roll for the same property. (4-4-13)

i. Value decreases are to be reported only for land for which taxable market value was reduced as a result of change of land use classification or granting of the exemption for site improvements provided in Section 63-602W(4), Idaho Code, during any one (1) of the immediately preceding five (5) years and for which an increase in value due to addition of site improvements or change of land use classification during the same five-year period had been added to a new construction roll. For the site improvement exemption provided in Section 63-602W(4), Idaho Code, the five-year period shall commence with the year following the year the exemption is first granted. For example, if a parcel first received the exemption in 2012, any site improvement related addition to a new construction roll for 2008 or more recently must be subtracted from the 2013 new construction roll, unless the exemption is lost by June 30, 2013, in which case there is no subtraction and no addition to the new construction roll for the loss of this exemption. (4-4-13)

ii. If the current land category is the same as the category prior to the change that resulted in an addition to the new construction roll, the amount to be subtracted shall equal the amount originally added. For example, a dry grazing land parcel that would have had a value of ten thousand dollars ($10,000) became commercial land and was assessed at fifty thousand dollars ($50,000). The forty thousand dollar ($40,000) difference was reported on the new construction roll in year one (1). In year two (2), the parcel is reclassified as dry grazing land and is to be assessed at fifteen thousand dollars ($15,000). The forty thousand dollar ($40,000) difference that was added to the year one (1) new construction roll must be deducted from the value shown on the new construction roll in year two (2). (4-7-11)

iii. If the current land category is different than the category prior to the change that resulted in an addition to the new construction roll, the amount to be subtracted shall be the lesser of the amount originally added or the amount that would have been added had the first change in land use been from the current land category. For example, a dry grazing land parcel that would have had a value of ten thousand dollars ($10,000) became commercial land and was assessed at fifty thousand dollars ($50,000). The forty thousand dollar ($40,000) difference was reported on the new construction roll in year one (1). In year two (2), the parcel is reclassified as irrigated agricultural land and would have had a value in year one (1) of twenty thousand dollars ($20,000). The amount to be subtracted from the value shown on the new construction roll in year two (2) is thirty thousand dollars ($30,000). (4-7-11)

iv. Provided the criteria in Subparagraph 802.03.b.i. are met, value decreases resulting from previously included land value becoming exempt are to be reported and subtracted. (4-4-13)

v. Except as provided in Subparagraph 802.03.b.vi., only land value decreases that meet the criteria listed in Subparagraphs 802.03.b.i. or 802.03.b.iv. of this rule and include and result from a change in land secondary category can be considered. (4-4-13)

vi. Provided the criteria in Subparagraph 802.03.b.i. are met, land value decreases resulting from the exemption provided in Section 63-602W(4), Idaho Code, are to be subtracted from the new construction roll in the year immediately following the most recent year in which the exemption has been granted. To comply with the budget adjustments required by Section 63-802, Idaho Code, which limits taxing district budgets based on the highest amount of property tax revenue requested during the previous three (3) years, such subtraction shall be required for up to three (3) years, provided the property continues to receive the exemption. For example, a property for which five hundred thousand dollars ($500,000) was added to the 2011 new construction roll for site improvements that were added and taxable at that time receives a five hundred thousand dollar ($500,000) exemption pursuant to Section 63-602W(4), Idaho Code, in 2012. The property continues to receive the exemption in the same amount in 2013, but the exempt amount increases to five hundred twenty thousand dollars ($520,000) in 2014. The property loses the exemption before June 30, 2015. However, the 2015 value of the site improvements has been determined to be only four hundred thousand dollars ($400,000) because of market value changes. Therefore, only four hundred thousand dollars ($400,000) in value is added as a result of the loss of the exemption. Table A shows the effect on each year’s new construction roll, while Table B shows the effect on a hypothetical taxing district’s maximum
allowable property tax budget.  

vii. Table A - Effect on New Construction Roll:

<table>
<thead>
<tr>
<th>Year</th>
<th>Occurrence</th>
<th>Effect on New Construction Roll (for that year)</th>
</tr>
</thead>
<tbody>
<tr>
<td>2011</td>
<td>Site improvements added and taxable</td>
<td>+ $500,000</td>
</tr>
<tr>
<td>2012</td>
<td>Site improvements exempt</td>
<td>NA (no prior year’s exemption)</td>
</tr>
<tr>
<td>2013</td>
<td>Site improvements exempt</td>
<td>- $500,000</td>
</tr>
<tr>
<td>2014</td>
<td>Site improvements exempt</td>
<td>- $500,000</td>
</tr>
<tr>
<td>2015</td>
<td>Loses site improvement exemption before June 30</td>
<td>+ $400,000</td>
</tr>
</tbody>
</table>

viii. In Table B, assume that the taxing district has a tax levy rate of zero point zero zero two five (0.0025) in 2010, a total taxable value of one hundred million dollars ($100,000,000) in 2010 and a property tax budget in 2010 that is two hundred fifty thousand dollars ($250,000) and was the highest of the preceding three (3) years. The total amount of new construction is the amount due to the site improvements and no other value change occurs in the district during the period shown. There are no property tax replacement monies for this district. Beginning in 2011 the taxing district levies the maximum it is allowed each year. The factor of one point zero three (1.03) shown in Table B is used to calculate the allowable three percent (3%) increase.

ix. Table B - Effect on Hypothetical Taxing District’s Maximum Allowable Property Tax Budget:

<table>
<thead>
<tr>
<th>Year</th>
<th>Occurrence</th>
<th>Effect on New Construction Roll (for that year)</th>
<th>Maximum Allowable Property Tax Budget</th>
<th>Calculations</th>
</tr>
</thead>
<tbody>
<tr>
<td>2011</td>
<td>Site improvements added and taxable</td>
<td>+ $500,000</td>
<td>$258,750</td>
<td>($250,000 X 1.03) + ($500,000 X 0.0025) (tax levy rate = $258,750/ $100,500,000 = 0.002574627)</td>
</tr>
<tr>
<td>2012</td>
<td>Site improvements exempt</td>
<td>NA (no prior year’s exemption; no new construction value)</td>
<td>$266,512</td>
<td>$258,750 X 1.03 (tax levy rate = $266,512/ $100,000,000 = 0.002665120)</td>
</tr>
<tr>
<td>2013</td>
<td>Site improvements exempt</td>
<td>- $500,000</td>
<td>$273,174</td>
<td>($266,512 X 1.03) – ($500,000 X 0.002665120) (tax levy rate = $273,174 / $100,000,000 = 0.002731744)</td>
</tr>
<tr>
<td>2014</td>
<td>Site improvements exempt</td>
<td>- $500,000</td>
<td>$280,003</td>
<td>($273,174 X 1.03) – ($500,000 X 0.002731744) (tax levy rate = $280,003/ $100,000,000 = 0.002800033)</td>
</tr>
</tbody>
</table>
04. Manufactured Housing. “Installation” of new or used manufactured housing shall mean capturing the net taxable market value of the improvement(s) that did not previously exist within the county.

05. Partial New Construction Values. Except as provided in Subsection 802.06 of this rule, the net taxable market value attributable directly to new construction shall be reported on the new construction roll in the tax year it is placed on the current assessment roll. Except as provided in Subsection 802.06 of this rule, any increase in a nonresidential parcel’s taxable value, due to new construction, shall be computed by subtracting the previous year’s or years’ partial taxable value(s) from the current taxable value. If any of this difference is attributable to inflation, such value, except as provided in Subsection 802.06 of this rule, shall not be included on the new construction roll.

Example: Assume a partially completed, nonresidential improvement was assessed at ten thousand dollars ($10,000) as of January 1, 2009. The improvement was occupied February 2, 2009. Assume the ten thousand dollar ($10,000) value was on the 2009 new construction roll. Assume that in 2010 the improvement is assessed at ninety thousand dollars ($90,000). Assume there has been no inflation. The value that can be reported on the 2010 new construction roll is calculated as follows:

\[
\begin{align*}
\text{2010 Value} & \quad \text{$90,000} \\
\text{2009 Value Already Reported on New Construction Roll} & \quad <$10,000> \\
\text{2010 New Construction Roll Value (this improvement)} & \quad $80,000
\end{align*}
\]

06. Change in Status.

a. A previously exempt improvement which becomes taxable shall not be included on the new construction roll, unless the loss of the exemption occurs during the year in which the improvement was constructed or unless the improvement has lost the exemption provided in Section 63-602W(3) or (4), Section 63-602E(3), or Section 63-602NN, Idaho Code. For any such property, the amount that may be included on the new construction roll shall be the value of the portion of the property subject to the exemption at the time the exemption was first granted. Examples of special cases for the exemption provided in Section 63-602W(4), Idaho Code, follow:

i. If the exemption is lost by June 30 of the year in which the exempt amount was to be subtracted from the new construction roll, then there shall be no subtraction, nor shall the formerly exempt amount be added, to the new construction roll, unless it had been previously subtracted from a new construction roll. For example, the property first became exempt in 2012, but lost the exemption by June 30, 2013. The 2013 new construction roll was not adjusted downward, so any previous inclusion of the exempt value would not be added in the future. Had the property lost the exemption later in 2013, there would have been a subtraction from the 2013 new construction roll and a subsequent addition to the 2014 new construction roll.

ii. If the exemption was granted to property for which no value had been added to any new construction roll, the value of the property (site improvements) at the time the exemption was first granted may be
b. Upon receipt by the State Tax Commission of a resolution recommending adoption of an ordinance for termination of an RAA under Section 50-2903(5), Idaho Code, any not previously included positive difference of the most current increment value minus the “incremental value as of December 31, 2006,” or the entire current increment value, if there was no such value as of December 31, 2006, shall be added to the appropriate year’s new construction roll. Upon the effective date of any de-annexation of a portion of an RAA, the immediate prior year’s increment value associated with the parcels in the de-annexed area is to be included in the appropriate year’s new construction roll as described in Paragraph 802.06.d. of this rule, provided such value has not been previously included on any new construction roll. When this information is received after the fourth Monday in July, this positive net increment value shall be added to the following year’s new construction roll. (4-7-11)

c. Upon receipt by the State Tax Commission of an attestation indicating that an urban renewal plan has been modified in such a way as to result in resetting the base value in an RAA, as provided in Section 50-2903A, Idaho Code, increases in base value due to the addition of previously determined increment value may be added to the new construction roll as described in Section 63-301A(3)(i), Idaho Code, provided such value has not previously been included on any new construction roll. In such a case, at termination of the RAA, only new additional increment value following the reset of the base value shall be included on the new construction roll. (4-7-11)

d. When a portion of an RAA is de-annexed, the following steps must be used to determine the amount to be added to the current year’s new construction roll and the amount to be subtracted from the “incremental value as of December 31, 2006.” (4-7-11)

i. Step 1. For the parcels in the de-annexed area, determine the December 31, 2006, increment value. (4-7-11)

ii. Step 2. Subtract the increment value determined in Step 1 from the most current immediate prior year’s increment value for the parcels in the de-annexed area. (4-7-11)

iii. Step 3. Add any positive difference calculated in Step 2 to the current year’s new construction roll value. (4-7-11)

iv. Step 4. Adjust the “incremental value as of December 31, 2006” for the RAA by subtracting the increment value determined in Step 1. (4-7-11)

v. The following table shows the amount to be added to the current year’s new construction roll and the amount to be subtracted from the “incremental value as of December 31, 2006” applicable to the adjusted remaining RAA. The table assumes an area is de-annexed from an original RAA effective December 31, 2009.

<table>
<thead>
<tr>
<th>Steps (as designated in Paragraph 802.06.c.)</th>
<th>Area</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>December 31, 2006, increment value of the original RAA</td>
<td></td>
<td>$10,000,000</td>
</tr>
<tr>
<td>Step 1</td>
<td>December 31, 2006, increment value of the de-annexed area</td>
<td></td>
</tr>
<tr>
<td>December 31, 2009, increment value of the de-annexed area</td>
<td></td>
<td>$3,000,000</td>
</tr>
<tr>
<td>Steps 2 and 3</td>
<td>Amount related to the de-annexed area to be added to the 2010 new construction roll</td>
<td></td>
</tr>
<tr>
<td>Step 4</td>
<td>Adjustment amount to be deducted from the original RAA’s “incremental value as of December 31, 2006”</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Adjusted “incremental value as of December 31, 2006” for the remaining RAA (base for future new construction roll additions upon dissolution of all or part of remaining RAA)</td>
<td></td>
</tr>
</tbody>
</table>
vi. If the de-annexation in the example in sub-paragraph v. had taken effect prior to the fourth Monday of July, 2016, the 2015 increment value for the affected parcels would have been added to the 2016 new construction roll after subtracting the 2006 increment value.

vii. The value of operating property increment value to be included on the new construction roll when a de-annexation occurs is computed as shown in the following example:

<table>
<thead>
<tr>
<th>Sum the previous year’s increment values of the locally assessed parcels in the area to be de-annexed</th>
<th>$15,000,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Divide this sum by the previous year’s increment value of all locally assessed parcels in the RAA</td>
<td>$15,000,000 ÷ $130,000,000 = .1154</td>
</tr>
<tr>
<td>Multiply by 100 to determine the percentage applicable to the locally assessed parcels located within the area to be de-annexed</td>
<td>.1154 x 100 = 11.54%</td>
</tr>
<tr>
<td>Determine the difference between the operating property increment value in the whole RAA for the year preceding the de-annexation from the 2006 increment value of all operating in the whole RAA</td>
<td>$2,000,000 - $500,000 = $1,500,000</td>
</tr>
<tr>
<td>Multiply the locally assessed percentage by the increase in the operating property increment value</td>
<td>11.54% x $1,500,000 = $173,100</td>
</tr>
<tr>
<td>The value of operating property increment to be included on the new construction roll when a de-annexation occurs</td>
<td>$173,100</td>
</tr>
</tbody>
</table>

07. Limitation on Annexation and New Construction Roll Value. For any taxing district annexing property in a given year, the new construction roll for the following year shall not include value that has been included in the annexation value. When an annexation includes any part of a revenue allocation area, only taxable value that is part of the current base value of the taxing district is to be included in the annexation value reported for that taxing district for the year following the year of the annexation.

08. Notification of New Construction Roll and Annexation Values. On or before the fourth Monday in July, each county auditor must report the net taxable values on the new construction roll and within annexed areas for each appropriate taxing district or unit to that taxing district or unit.

803. BUDGET CERTIFICATION -- DOLLAR CERTIFICATION FORM (L-2 FORM) (RULE 803). Sections 63-602G(5), 63-802, 63-803, 63-3029B(4), 63-3502B, 50-2903A, 50-2913, 63-3638(11), and (13), Idaho Code

01. Definitions.

a. “Dollar Certification Form” (L-2 Form). The Dollar Certification Form (L-2 Form) is the form used to submit to the State Tax Commission the budget request from each board of county commissioners for each taxing district. This form shall be presumed a true and correct representation of the budget previously prepared and approved by a taxing district. The budget will be presumed adopted in accordance with pertinent statutory provisions unless clear and convincing documentary evidence establishes that a budget results in an unauthorized levy and action as provided in Section 63-809, Idaho Code.

b. “Prior Year’s Market Value for Assessment Purposes.” Prior year’s market value for assessment purposes shall mean the value used to calculate levies during the immediate prior year. This value shall be used for calculating the permanent budget increase permitted for cities, pursuant to Section 63-802(1)(f), Idaho Code.
c. “Annual Budget.” For the purpose of calculating dollar amount increases permitted pursuant to Section 63-802(1), Idaho Code, the annual budget shall include any amount approved as a result of an election held pursuant to Sections 63-802(1)(f) or 63-802(1)(g), Idaho Code, provided that said amount is certified on the L-2 Form as part of the budget request. If the amount certified does not include the entire amount approved as a result of the election held pursuant to Sections 63-802(1)(f) or 63-802(1)(g), Idaho Code, then the amount not used shall be added to the foregone increase amount determined for the taxing district. See the following example.

</tr>
</tbody>
</table>

*The Library District with zero dollars ($0) in value for new construction and/or annexation approves an additional budget amount of one thousand dollars ($1,000) in 1999, but only certifies four hundred dollars ($400) for the year 2000. Note the example does not account for any foregone amount resulting from the district's decision to not increase its budget by three percent (3%) in 1997, 1998 or 1999. (4-6-05)

d. “Property Tax Funded Budget.” Property tax funded budget means that portion of any taxing district’s budget certified to the board of county commissioners, approved by the State Tax Commission, and subject to the limitations of Section 63-802, Idaho Code. (3-20-04)

e. “Recovered/Recaptured Property Substitute Funds Tax List.” Recovered/recaptured property tax substitute funds list means the report sent by the county auditor to the appropriate taxing district(s)/unit(s) by the first Monday in August and to the State Tax Commission with the L-2 Forms, listing the amount of revenue distributed to each appropriate taxing district/unit as recovery of property tax or other payments during the twelve (12) month period ending June 30 each year under the following sections:

i. Section 63-602G(5), Idaho Code; and (5-8-09)

ii. Section 63-3029B(4), Idaho Code; and (5-8-09)

iii. Section 31-808(11), Idaho Code; (4-11-15)

iv. Section 63-602KK(7), Idaho Code, for personal property exempted after 2013 for which no replacement money was paid; and (3-25-16)

v. Section 63-3502B(2), Idaho Code, for distributions of gross earnings tax on solar farms; and (____)

vi. Section 50-2903A(3), Idaho Code, for distributions of urban renewal allocations in excess of the amount necessary to pay indebtedness, when required; and (____)

vii. Section 50-2913(3)(c), Idaho Code, for distributions of urban renewal allocations in excess of the amount received during the immediate prior tax year, when required. (____)

f. “Taxing District/Unit.” Taxing district/unit means any governmental entity with authority to levy property taxes as defined in Section 63-201, Idaho Code, and those noncountywide governmental entities without authority to levy property taxes but on whose behalf such taxes are levied or allocated by an authorized entity such as the county or city for such entities as county road and bridge funds or urban renewal agencies, respectively. (4-6-05)
g. “New Taxing District.” For property tax budget and levy purposes, new taxing district means any taxing district for which no property tax revenue has previously been levied. See the Idaho Supreme Court case of Idaho County Property Owners Association, Inc. v. Syringa General Hospital District, 119 Idaho 309, 805 P.2d 1233 (1991).

02. Budget Certification. The required budget certification shall be made to each board of county commissioners representing each county in which the district is located by submitting the completed and signed L-2 Form prescribed by the State Tax Commission. Unless otherwise provided for in Idaho Code, budget requests for the property tax funded portions of the budget shall not exceed the amount published in the notice of budget hearing if a budget hearing notice is required in Idaho Code for the district. The levy approved by the State Tax Commission shall not exceed the levy computed using the amount shown in the notice of budget hearing.

03. Budget Certification Requested Documents. Using the completed L-2 Form, each board of county commissioners shall submit to the State Tax Commission a budget request for each taxing district in the county that certifies a budget request to finance the property tax funded portion of its annual budget. The board of county commissioners shall only submit documentation specifically requested by the State Tax Commission. For any taxing district submitting a budget including previously forgone increases, required documentation includes a copy of the resolution certifying the amount of the forgone increase being included and the specific purpose for which this increase is being budgeted. Each such taxing district must submit the resolution to the board of county commissioners representing each county in which the district is located along with the L-2 Form. The board of county commissioners must attach a copy of the resolution to be submitted to the State Tax Commission along with the L-2 Form. Such submittal will constitute submittal to the State Tax Commission.

04. L-2 Form Contents. Each taxing district or unit completing an L-2 Form shall include the following information on or with this form.

a. “Department or Fund.” Identify the department or fund for which the taxing district is requesting a budget for the current tax year.

b. “Total Approved Budget.” List the dollar amount of the total budget for each department or fund identified. The amounts must include all money that a taxing district has a potential to spend at the time the budget is set, regardless of whether funds are to be raised from property tax.

c. “Cash Forward Balance.” List any money retained, but intended to be spent to fund the approved budget being certified on the L-2 form.

d. “Other Revenue not Shown in Column 5.” List the revenue included in the total approved budget to be derived from sources other than property tax or money brought forward from a prior year. For example, sales tax revenue is included.

e. “Property Tax Replacement.” Report the following:

i. The amount of money received annually under Section 63-3638(11), Idaho Code, as replacement revenue for the agricultural equipment exemption under Section 63-602EE, Idaho Code;

ii. The amount of money received as recovery of property tax exemption under Section 63-602G(5), Idaho Code, and listed on the “Recovered/recaptured property tax substitute funds list”;

iii. The amount of money received as recapture of the property tax benefit under Section 63-3029B(4), Idaho Code, and listed on the “Recovered/recaptured property tax substitute funds list”;

iv. The amount of money transferred from the interest-bearing trust to the county indigent fund under Section 31-808(11), Idaho Code;

v. The appropriate amount of money listed on the statement and distributed to the county and each appropriate city under Section 63-2603, Idaho Code, as county property tax relief and detention facility debt retirement;
vi. The amount of money received annually under Section 63-3638(13), for the personal property exemption under 63-602KK(2), Idaho Code; and

vii. The amount of money received annually under Section 63-602KK(7), Idaho Code, for personal property exempted after 2013, for which no replacement money was paid, and listed on the “Recovered/recaptured property tax substitute funds list”;

vii. The amount of money received in the 12 month period ending June 30 of the current tax year as a result of distributions of the gross earning tax on solar farms, as provided in Section 63-3502B(2), Idaho Code, and listed on the “Recovered/recaptured property tax substitute funds list”; and

viii. The amount of money received in the 12 month period ending June 30 of the current tax year as a result of distributions of urban renewal allocations in excess of the amount necessary to pay indebtedness, as provided in Section 50-2903A(3), Idaho Code, and listed on the “Recovered/recaptured property tax substitute funds list”; and

ix. The amount of money received in the 12 month period ending June 30 of the current tax year as a result of distributions of urban renewal allocations in excess of the amount received by the urban renewal agency in the immediate prior year, as provided in Section 50-2913(3)(c), Idaho Code and listed on the “Recovered/recaptured property tax substitute funds list.”

f. “Balance to be Levied.” Report the amount of money included in the total approved budget to be derived from property tax.

h. Attached Information. Other information submitted to the county auditor with the L-2 Form.

i. For all taxing districts, L-2 worksheet.

ii. For newly formed recreation or auditorium districts, a copy of the petition forming the district showing any levy restrictions imposed by that petition.

iii. For any new ballot measures (bonds, overrides, permanent overrides, supplemental maintenance and operations funds, and plant facility funds), notice of election and election results.

iv. Voter approved fund tracker.

v. For fire districts, a copy of any new agreements with utility companies providing for payment of property taxes by that utility company to that fire district.

vi. For any city with city funded library operations and services at the time of consolidation with any
library district, each such city must submit a certification to the board of county commissioners and the board of the library district reporting the dedicated portion of that city’s property tax funded library fund budget and separately reporting any portion of its property tax funded general fund budget used to fund library operations or services at the time of the election for consolidation with the library district. (3-20-04)

vii. For any library district consolidating with any city that had any portion of its property tax funded budget(s) dedicated to library operations or services at the time of the election for consolidation, each such library district must submit to the board of county commissioners a copy of the certification from that city reporting the information provided for in Subparagraph 803.04.h.vi. of this rule. (4-6-05)

viii. For any taxing district including previously forgone increases in their budget, a copy of the resolution describing the amount of the forgone increase being included and specific purpose for which it is being included.

05. Special Provisions for Fire Districts Levying Against Operating Property. To prevent double counting of public utility property values, for any year following the first year in which any fire district increases its budget using the provision of Section 63-802(2), Idaho Code, such fire district shall not be permitted further increases under this provision unless the following conditions are met:

a. The fire district and public utility have entered into a new agreement of consent to provide fire protection to the public utility; and

b. Said new agreement succeeds the original agreement; and

c. In the first year in which levies are certified following the new agreement, the difference between the current year's taxable value of the consenting public utility and public utility value used in previous budget calculations made pursuant to this section is used in place of the current year's taxable value of the consenting public utility. (3-30-01)

06. Special Provisions for Property Tax Replacement. Property tax replacement monies must be reported on the L-2 Form and separately identified on accompanying worksheets. Except as provided in Paragraph 803.06.f. of this rule, for all taxing districts, these monies must be subtracted from the “balance to be levied”. The reduced balance shall be used to compute levies, but the maximum amount permitted pursuant to Section 63-802, Idaho Code, shall be based on the sum of these property tax replacement monies, excluding monies received pursuant to Section 31-808(11) Idaho Code, and the amount actually levied. (4-11-15)

a. The State Tax Commission shall, by the fourth Monday of July, notify each county clerk if the amount of property tax replacement money, pursuant to Sections 63-3638(11) and (13), Idaho Code, to be paid to a taxing district changes from the amount paid in the preceding year. By the first Monday of May, the State Tax Commission shall further notify each school district and each county clerk of any changes in the amount of property tax replacement money to be received by that school district pursuant to Sections 63-3638(11) and (13), Idaho Code. (4-11-15)

b. By no later than the first Monday of August of each year, each county clerk shall notify each appropriate taxing district or unit of the total amount of property tax replacement monies that will be received, and shall further identify the type of replacement money as described in Paragraph 803.04.e. of this rule. For charter school districts subject to the provisions of Paragraph 803.06.f. of this rule, the amount to be subtracted shall be reported. (4-11-15)

c. Except as provided in Paragraph 803.06.d. of this rule, the subtraction required in Subsection 803.06 of this rule may be from any fund(s) subject to the limitations of Section 63-802, Idaho Code. For school districts this subtraction must be first from funds subject to the limitations of Section 63-802, Idaho Code, then from other property tax funded budgets. (5-8-09)

d. For counties taxing districts receiving monies distributions of the gross earning tax on solar farms described in Section 31-808(11) Idaho Code, the amount of money transferred from the interest-bearing trust to the county indigent fund any such distribution received during the 12 (twelve) months ending June 30
of the current tax year shall be subtracted from the maximum amount of property tax revenue permitted pursuant to Section 63-802, Idaho Code. In addition to the amounts reported as described in Paragraph 803.06.b. of this rule, the county clerk shall, by the third Monday in August, notify each taxing unit of the total amount of the gross earnings tax on solar farms billed for the current tax year.

(5-8-09)

e. Levy limits shall be tested against the amount actually levied. (3-15-02)

f. For charter school districts with a levy in 2013 for maintenance and operations, as provided in Section 33-802(6), Idaho Code, a portion of the property tax replacement money received for property subject to the exemption in Section 63-602KK, Idaho Code, is not required to be subtracted in determining the “balance to be levied.” Said portion shall be the amount calculated by applying the 2013 levy rate for the maintenance and operations levy amount, as authorized in the district’s charter, to the 2013 exempt value of personal property used to compute replacement money provided to the school district. (4-11-15)

g. For recovered personal property exemptions, as provided in Section 63-602KK(7), Idaho Code, for personal property exempted in 2013 for which replacement money was paid, recovered amounts shall be distributed to the State Tax Commission. Once received, the amount of future payments to the affected taxing districts shall be reduced by the amount received. (3-25-16)

07. Special Provisions for Library Districts Consolidating with Any City’s Existing Library Operations or Services. For any library district consolidating with any city’s existing library operations or services, the amount of the dedicated property tax funded general fund and library fund budgets certified by the city under Subparagraph 803.04.h.vi., of this rule shall be added to that library district’s property tax funded budget in effect at the time of the election for consolidation. This total shall be used as this district’s property tax funded budget for the most recent year of the three (3) years preceding the current tax year for the purpose of deciding the property tax funded budget that may be increased as provided by Section 63-802, Idaho Code. (4-6-05)

08. Special Provisions for Cities with Existing Library Operations or Services Consolidating with Any Library District. For any city with existing library operations or services at the time of consolidation with any library district, the amount of the dedicated property tax funded library fund budget included in the certification by the city under Subparagraph 803.04.h.vi., of this rule shall be subtracted from that city’s total property tax funded budget in effect at the time of the election for the consolidation. This difference shall be used as this city’s property tax funded budget for the most recent year of the three (3) years preceding the current tax year for the purpose of deciding the property tax funded budget that may be increased as provided by Section 63-802, Idaho Code. (4-6-05)

09. Special Provisions for Calculating Total Levy Rate for Taxing Districts or Units with Multiple Funds. Whenever the “Calculated Levy Rate” column of the L-2 Form indicates that a levy rate has been calculated for more than one (1) fund for any taxing district or unit, the “Column Total” entry must be the sum of the levy rates calculated for each fund. Prior to this summation, the levy rates to be summed must be rounded or truncated at the ninth decimal place. No additional rounding is permitted for the column total. (4-6-05)

10. Special Provisions for School Districts’ Tort Funds - Hypothetical New Construction Levy. To calculate the new construction portion of the allowed annual increase in a school district's tort fund under Section 63-802(1), Idaho Code, calculate a Hypothetical New Construction Levy. To calculate this hypothetical levy, sum the amount of the school district's tort fund levied for the prior year, the agricultural equipment replacement revenue, and the personal property replacement revenue, then divide this sum by the school district's taxable value used to determine the tort fund's levy for the prior year. For the current year, the allowed tort fund increase for new construction is the Hypothetical New Construction Levy times the current year's new construction roll value for the school district. (3-25-16)

11. Special Provisions for Interim Abatement Districts. When an interim abatement district transitions into a formally defined abatement district under Section 39-2812, Idaho Code, the formally defined abatement district shall not be considered a new taxing district as defined in Paragraph 803.01.g. of this rule for the purposes of Section 63-802, Idaho Code. For the formally defined abatement district, the annual budget subject to the limitations of Section 63-802, Idaho Code, shall be the amount of property tax revenue approved for the interim abatement district. (4-2-08)
12. Special Provisions for Levies for Payment of Judgments by Order of Court. The levy permitted pursuant to Section 63-1305A, Idaho Code, requires that the taxing district first budgets the maximum amount of property tax permitted pursuant to Section 63-802, Idaho Code, including any foregone amount. This requirement shall be deemed to have been met if, despite additional budget allowed pursuant to Section 63-802, Idaho Code, every fund used by the taxing district levies at the maximum levy rate provided by law, or, if no maximum levy rate is provided, the fund levies the maximum permitted budget amount. To the extent necessary to enable all previously accrued foregone amounts to be levied, the taxing district may need to use additional funds within which it is permitted to levy property taxes before levying as permitted pursuant to Section 63-1305A, Idaho Code. (4-4-13)

142. Cross Reference for School Districts with Tuition Funds. School district tuition fund levies are exempt from the limitations of Section 63-802, Idaho Code. See Section 33-1408, Idaho Code. (4-11-15)

804. TAX LEVY - CERTIFICATION - URBAN RENEWAL DISTRICTS (RULE 804).

01. Definitions. (4-5-00)

a. “Urban renewal district.” An urban renewal district, as referred to in Section 63-215, Idaho Code, shall mean an urban renewal area formed pursuant to an urban renewal plan adopted in accordance with Section 50-2008, Idaho Code. Urban renewal districts are not taxing districts. (4-5-00)

b. “Revenue allocation area (RAA).” A revenue allocation area (RAA) as referred to in Section 50-2908, Idaho Code, shall be the area defined in Section 50-2903, Idaho Code, in which base and increment values are to be determined. A new urban renewal plan is required when an urban renewal agency establishes a new RAA. Revenue allocation areas (RAAs) are not taxing districts. (4-5-00)

c. “Current base value.” The current base value of each parcel in a taxing district or unit shall be the value of that parcel on the current base assessment roll as defined under Section 50-2903, Idaho Code. Current base value does not include value found on the occupancy roll. (4-5-00)

d. “Initial base value.” The initial base value for each parcel is the sum of the taxable value of each category of property in the parcel for the year the RAA is established. In the case of annexation to an RAA, initial base value of each annexed parcel shall be the value of that parcel as of January 1 of the year in which the annexation takes place. (4-11-15)

e. “Increment value.” The increment value is the difference between the current equalized value of each parcel of taxable property in the RAA and that parcel’s current base value, provided such difference is a positive value. (4-5-00)

f. “Revenue allocation financing provision.” A revenue allocation area (RAA) shall be considered to be a revenue allocation financing provision. (4-5-00)

02. Establishing and Adjusting Base and Increment Values. (4-5-00)

a. Establishing initial base value. If a parcel’s legal description has changed prior to computing initial base year value, the value that best reflects the prior year’s taxable value of the parcel’s current legal description must be determined and will constitute the initial base year value for such parcel. The initial base value includes the taxable value, as of the effective date of the ordinance adopting the urban renewal plan, of all otherwise taxable property, as defined in Section 50-2903, Idaho Code. Initial base value does not include value found on the occupancy roll. (4-5-00)

b. Adjustments to base value - general value changes. Adjustments to base values will be calculated on a parcel by parcel basis, each parcel being a unit and the total value of the unit being used in the calculation of any adjustment. Base values are to be adjusted downward when the current taxable value of any parcel in the RAA is less than the most recent base value for such parcel. In the case of parcels containing some categories of property which increase in value and some which decrease, the base value for the parcel will only decrease provided the sum of the changes in category values results in a decrease in total parcel value. Any adjustments shall be made by category and
may result in increases or decreases to base values for given categories of property for any parcel. Adjustments to base values for any real, personal, or operating property shall establish new base values from which future adjustments may be made. In the following examples the parcel’s initial base value is one hundred thousand dollars ($100,000), including Category 21 value of twenty thousand dollars ($20,000) and Category 42 value of eighty thousand dollars ($80,000).

i. Case 1: Offsetting decreases and increases in value. One (1) year later the parcel has a one thousand dollar ($1,000) decrease in value in Category 21 and a one thousand dollar ($1,000) increase in Category 42 value. There is no change in the base value for the parcel.

ii. Case 2: Partially offsetting decreases and increases in value. One (1) year later the parcel has a three thousand dollars ($3,000) decrease in value in Category 21 and a one thousand dollars ($1,000) increase in Category 42 value. The base value decreases two thousand dollars ($2,000) to ninety-eight thousand dollars ($98,000).

iii. Case 3: Future increase in value following decreases. One (1) year after the parcel in Case 2 has a base value reduced to ninety-eight thousand dollars ($98,000), the value of the parcel increases by five thousand dollars ($5,000) which is the net of category changes. The base value remains at ninety-eight thousand dollars ($98,000).

c. Adjustments to base value - splits and combinations. Before other adjustments can be made, the most recent base value must be adjusted to reflect changes in each parcel’s legal description. This adjustment shall be calculated as described in the following subsections.

i. When a parcel has been split, the most recent base year value is transferred to the new parcels, making sure that the new total equals the most recent base year value. Proportions used to determine the amount of base value assigned to each of the new parcels shall be based on the value of the new parcels had they existed in the year preceding the year for which the value of the new parcels is first established.

ii. When a parcel has been combined with another parcel, the most recent base year values are added together.

iii. When a parcel has been split and combined with another parcel in the same year, the value of the split shall be calculated as set forth in Subsection 804.02.c.i. and then the value of the combination will be calculated as set forth in Subsection 804.02.c.ii.

d. Adjustments to base values when exempt parcels become taxable. Base values shall be adjusted as described in the following subsections.

i. Fully exempt parcels at time of RAA establishment. When a parcel that was exempt at the time the RAA was established becomes taxable, the base value is to be adjusted upwards to reflect the estimated value of the formerly exempt parcel at the time the RAA was established.

ii. Partially exempt parcels losing the speculative value exemption. When a partially exempt parcel with a speculative value exemption that applies to farmland within the RAA becomes fully taxable, the base value of the RAA shall be adjusted upwards by the difference between the taxable value of the parcel for the year in which the exemption is lost and the taxable value of the parcel included in the base value of the RAA. For example, assume a parcel of farmland within an RAA had a taxable value of five hundred dollars ($500) in the year the RAA base value was established. Assume also that this parcel had a speculative value exemption of two thousand dollars ($2,000) at that time. Two (2) years later the parcel is reclassified as industrial land, loses the speculative value exemption, and has a current taxable value of fifty thousand dollars ($50,000). The base value within the RAA would be adjusted upwards by forty-nine thousand five hundred dollars ($49,500), the difference between fifty thousand dollars ($50,000) and five hundred ($500). The preceding example applies only in cases of loss of the speculative value exemption that applies to land actively devoted to agriculture and does not apply to timberland. Site improvements, such as roads and utilities, that become taxable after the loss of the speculative value exemption are not to be added to the base value. For example, if, in addition to the fifty thousand dollars ($50,000) current taxable value of the undeveloped land, site improvements valued at twenty-five thousand dollars ($25,000) are added, the amount...
reflected in the base value remains fifty thousand dollars ($50,000), and the additional twenty-five thousand dollars ($25,000) is added to the increment value. In addition, this example applies only to land that loses the speculative value exemption as a result of changes occurring in 2010 or later and first affecting taxable values in 2011 or later. Parcels that lost speculative value exemptions prior to 2010 had base value adjustments as described in Subsection 804.02.d.iii. of this rule. (3-29-12)

iii. Partially exempt parcels other than those losing the speculative value exemption. When a partially exempt parcel, other than one subject to the speculative value exemption that applies to farmland, within the RAA becomes fully taxable, the base value of the RAA shall be adjusted upwards by the difference between the value that would have been assessed had the parcel been fully taxable in the year the RAA was established and the taxable value of the parcel included in the base value of the RAA. For example, assume a residential parcel within an RAA had a market value of one hundred thousand dollars ($100,000), a homeowner’s exemption of fifty thousand dollars ($50,000), and a taxable value of fifty thousand dollars ($50,000) in the year the RAA base value was established. After five (5) years, this parcel is no longer used for owner-occupied residential purposes and loses its partial exemption. At that time the parcel has a taxable value of one hundred eighty-eight thousand dollars ($188,000). The base value within the RAA would be adjusted upwards by fifty thousand dollars ($50,000) to one hundred thousand dollars ($100,000) to reflect the loss of the homeowner’s exemption, but not any other value increases. (3-29-12)

iv. Partially exempt properties for which the amount of the partial exemption changes. For partially exempt properties that do not lose an exemption, but for which the amount of the exemption changes, there shall be no adjustment to the base value, unless the current taxable value is less than the most recent base value for the property. For example, assume a home has a market value of two hundred thousand dollars ($200,000) and a homeowner’s exemption of one hundred thousand dollars ($100,000), leaving a taxable value of one hundred thousand dollars ($100,000), all of which is base value. The following year the homeowner's exemption limit changes to ninety thousand dollars ($90,000), so the property's taxable value increases to one hundred ten thousand dollars ($110,000). The base value remains at one hundred thousand dollars ($100,000). Alternatively, assume the property in the preceding example increases in market value to two hundred twenty thousand dollars ($220,000) and the homeowner's exemption drops to ninety thousand dollars ($90,000) because of the change in the maximum amount of this exemption. The base value remains at one hundred thousand dollars ($100,000). Finally, assume the property decreases in value to one hundred eighty-eight thousand dollars ($188,000) at the same time the homeowner's exemption limit changes to ninety thousand dollars ($90,000). The property now has a taxable value of ninety-eight thousand dollars ($98,000), requiring an adjustment in the base value to match this amount, since it is lower than the original base value of one hundred thousand dollars ($100,000). (3-29-12)

v. Change of exempt status. When a parcel that is taxable and included in the base value at the time the RAA is established subsequently becomes exempt, the base value is reduced by the most current value of the parcel included in the base value. If this parcel subsequently becomes taxable, the base value is to be adjusted upward by the same amount that was originally subtracted. For example, assume a land parcel had a base value of twenty thousand dollars ($20,000). One (1) year later the parcel has a value of nineteen thousand dollars ($19,000), so the base value is reduced to nineteen thousand dollars ($19,000). Three (3) years later, an improvement valued at one hundred thousand dollars ($100,000) was added. The land at this later date had a value of thirty thousand dollars ($30,000). Both land and improvements were purchased by an exempt entity. The base would be reduced by nineteen thousand dollars ($19,000). Five (5) years later, the land and improvement becomes taxable. The base value is to be adjusted upwards by nineteen thousand dollars ($19,000). (4-11-15)

e. Adjustments to base values when property is removed. Base values are to be adjusted downward for real, personal, and operating property removed from the RAA. Property shall be considered removed only under the conditions described in the following subsections. (4-5-00)

i. For real property, all of the improvement is physically removed from the RAA, provided that there is no replacement of said improvement during the year the original improvement was removed. If said improvement is replaced during the year of removal, the reduction in base value will be calculated by subtracting the value of the new improvement from the current base value of the original improvement, provided that such reduction is not less than zero (0). (4-5-00)

ii. For personal property, all of the personal property associated with one (1) parcel is physically removed from the RAA or any of the personal property associated with a parcel becomes exempt. In the case of
exemption applying to personal property, the downward adjustment will first be applied to the increment value and then, if the remaining taxable value of the parcel is less than the most current base value, to the base value. Assume, for example that a parcel consists entirely of personal property with a base value of twenty thousand dollars ($20,000) and an increment value of ninety thousand dollars ($90,000). The next year the property receives a one hundred thousand ($100,000) personal property exemption. The increment value is reduced to zero and the base value is reduced to ten thousand dollars ($10,000).

iii. For operating property, any of the property under a given ownership is removed from the RAA. (4-11-15)

f. Adjustments to base value for annexation. When property is annexed into an RAA, the base value in the RAA shall be adjusted upwards to reflect the value of the annexed property as of January 1 of the year in which the annexation takes effect. As an example, assume that parcels with current taxable value of one million dollars ($1,000,000) are annexed into an RAA with an existing base value of two million dollars ($2,000,000). The base value of the RAA is adjusted upwards to three million dollars ($3,000,000). (4-11-15)

g. Adjustments to increment values. In addition to the adjustment illustrated in subsection (02)(e)(ii) of this rule, decreases in total parcel value below the initial base value decrease the base value for the parcel. This leads to greater increment value if the parcel increases in value in future years. For example, if a parcel with an initial base value of one hundred thousand dollars ($100,000) decreases in value to ninety-five thousand dollars ($95,000), but later increases to ninety-eight thousand dollars ($98,000), an increment value of three thousand dollars ($3,000) is generated. If the same parcel increases in value to one hundred two thousand dollars ($102,000) after the decrease to ninety-five thousand dollars ($95,000), the increment value would be seven thousand dollars ($7,000). (4-11-15)

h. Apportioning operating property values. For operating property, the original base value shall be apportioned to the RAA on the same basis as is used to apportion operating property to taxing districts and units. The operating property base value shall be adjusted as required under Section 50-2903, Idaho Code. (4-5-00)

03. Levy Computation for Taxing Districts Encompassing RAAs Within Urban Renewal Districts. Beginning in 2008, levies shall be computed in one (1) of two (2) ways as follows: (5-8-09)

a. For taxing district or taxing unit funds other than those meeting the criteria listed in Subsection 804.05 of this rule, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the value of each parcel on the current base assessment roll (base value), but excluding the increment value. For example, if the taxable value of property within a taxing district or unit is one hundred million dollars ($100,000,000) but fifteen million dollars ($15,000,000) of that value is increment value, the levy of the taxing district must be computed by dividing the property tax portion of the district’s or unit’s budget by eighty-five million dollars ($85,000,000). (5-8-09)

b. For taxing district or taxing unit funds meeting the criteria listed in Subsection 804.05 of this rule, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the increment value. Given the values in the example in Paragraph 804.03.a. of this rule, the levy would be computed by dividing the property tax portion of the fund by one hundred million dollars ($100,000,000). (5-8-09)

04. Modification of an Urban Renewal Plan. Except when inapplicable as described in Paragraphs 804.04.a, b, or c of this rule, when an authorized municipality passes an ordinance modifying an urban renewal plan containing a revenue allocation financing provision, for the current value of property in the RAA shall be determined as if the modification had not occurred tax year immediately following the year in which the modification occurs, the base value of property in the RAA shall be reset by being adjusted to reflect the current taxable value of the property. All modifications to urban renewal areas and boundaries of RAAs must comply with the provisions of Rule 225 of these rules. (4-5-00)

a. Modification by consolidation of RAAs. If such modification involves combination or consolidation of two (2) or more RAAs, the base value shall be determined by adding together independently
determined current base values for each of the areas to be combined or consolidated. The current taxable value of property in an area not previously included in any RAA shall be added to determine the total current base value for the consolidated RAA. (4-5-00)

b. Modification by annexation. (5-8-09)

i. If an RAA is modified by annexation, the current taxable value of property in the area annexed shall be added to the most current base value determined for the RAA prior to the annexation. (5-8-09)

ii. For levies described in Paragraphs 804.05.b., c., or d. of this rule approved prior to December 31, 2007, and included within the boundaries of a revenue allocation area by a change in the boundaries of either the revenue allocation area or the area subject to the levy by the taxing district or unit fund after December 31, 2007, the property tax levy shall be computed by dividing the dollar amount certified for the property tax portion of the budget of the fund by the market value for assessment purposes of all taxable property within the taxing district or unit, including the increment value. The example below shows the value to be used for setting levies for various funds within an urban renewal district “A” that annexes area “B” within a school district. Area (B) was annexed after December 31, 2007. Therefore, the Area (B) increment was added back to the base for all funds shown except the tort fund. The Area (A) increment value was added back to the base for the bond and override funds which were certified or passed after December 31, 2007.

iii. An annexation permitted pursuant to section 50-2033, Idaho Code, to an RAA in existence prior to July 1, 2016 shall not change the status of the urban renewal agency or the RAA and its related plan regarding inapplicability of the base reset or attestation provisions found in section 50-2903A, Idaho Code. (____)

e. Other modifications – attestation requirements. Modification resulting in adjustment of base value to reflect the current taxable value of the property within the RAA shall not be deemed to have occurred when the urban renewal agency attests to having made no modifications to a plan or is not required to attest to plan modifications. Certain urban renewal agencies are required to attest annually to having made or not made plan modifications. These include:

i. Urban renewal agencies that establish new RAAs on or after July 1, 2016, provided however that such agencies are only required to attest to having made or not made modifications with regard to any new RAA.
ii. Urban renewal agencies that enact new plans including an RAA on or after July 1, 2016.

d. Modifications when there is outstanding indebtedness. When any urban renewal agency attests to having had a plan modification that is not an exception identified in Paragraphs 804.04.a., b. or c. of this rule or fails to provide the required attestation, the base value will be determined without regard to the modification, provided that the agency certifies to the tax commission by June 30 of the tax year that there is outstanding indebtedness as defined in Section 50-2903A(2), Idaho Code. In this case, the allocation of revenue to the urban renewal agency shall be limited to the amount certified as necessary to pay the indebtedness. Any additional revenue shall be distributed to each taxing district or unit in the same manner as property taxes. Such revenue shall be treated as property tax revenue for the purpose of the limitations in Section 63-802, Idaho Code. The county clerk will notify the tax commission of the amount so distributed for each year beginning July 1 of the prior year and ending June 30 of the current tax year.

e. Failure to submit attestation regarding plan modification. For any urban renewal agency subject to the requirements of Section 50-2903A, Idaho Code, attestation of plan modification or attestation that there has been no plan modification is required to be made to the State Tax Commission by June 30 each year. Except as provided in Paragraph 804.04.d. of this rule, if such agency fails to provide the required attestation, the state tax commission will proceed to reset the base value or limit allocation of property tax to the urban renewal agency as otherwise required in Section 50-2903A, Idaho Code. Provided there is no new plan, an urban renewal agency with a plan including one or more revenue allocation financing provisions (RAAs) in existence prior to July 1, 2016 shall only be required to provide this attestation or be subject to base resetting or other limitations for failure to submit this attestation with respect to new RAAs formed on or after July 1, 2016. If such an agency develops a new plan, on or after July 1, 2016, or provides for a new RAA under an existing plan, the agency shall be subject to the attestation requirements and other provisions of Section 50-2903A, Idaho Code, with respect to any RAAs formed July 1, 2016 or later.

f. Notice of actions related to base reset or revenue allocation limitations.

i. The State Tax Commission will notify any urban renewal agency within thirty (30) days of the time the State Tax Commission receives an attestation that an urban renewal plan has been modified, or by July 30 in any year in which an attestation is required but none is received, of the State Tax Commission’s intent to initiate the process to reset the base value in the following tax year. Said notice will be provided to affected county commissioners and city officials.

ii. In the case of base reset due to failure to attest to a modification or to having made no modification in an urban renewal plan, despite being required to provide this attestation, the agency and county and city officials will be so notified and will be given an opportunity to provide the necessary attestation. This further notice will provide that, if the State Tax Commission has not received the attestation by December 31 of the tax year, the base will be reset in the immediate following year.

iii. In the case of a revenue allocation limitation pursuant to Section 50-2913, Idaho Code, notice will be provided to the agency, county, and city officials including the county assessor and county clerk, within thirty (30) days of the due date of the plan or plan update.

iv. In the case of a revenue allocation limitation due to a plan modification but outstanding indebtedness, notice will be provided to the agency and county and city officials, including the county assessor and county clerk, within thirty (30) days of receipt by the State Tax Commission of the certification of the amount needed to repay the indebtedness.

v. Once decisions about base reset or revenue allocation limitations are final, additional notice will be sent to the agency and county and city officials, including the county assessor and county clerk, within thirty (30) days of any such final decision. Said notice will include an identification of the year in which the reset or revenue allocation limitation will take effect and the amount of any revenue allocation limitation.

05. Criteria for Determining Whether Levies for Funds Are to Be Computed Using Base Value or Market Value for Assessment Purposes. Beginning in 2008, levies to be certified for taxing district or unit funds...
meeting the following criteria or used for any of the following purposes will be computed as described in Paragraph 804.03.b. of this rule.

a. Refunds or credits pursuant to Section 63-1305, Idaho Code, and any school district judgment pursuant to Section 33-802(1), Idaho Code, provided the refunds, credits, or judgments were pursuant to actions taken no earlier than January 1, 2008; (5-8-09)

b. Voter approved overrides of the limits provided in Section 63-802, Idaho Code, provided such overrides are for a period not to exceed two (2) years and were passed after December 31, 2007, or earlier as provided in the criteria found in Paragraph 804.05.e.; (5-8-09)

c. Voter approved bonds and plant facilities reserve funds passed after December 31, 2007, or earlier as provided in the criteria found in Paragraph 804.05.e.; (5-8-09)

d. Voter approved school or charter school district temporary supplemental maintenance and operation levies passed after December 31, 2007; or (3-29-10)

e. Levies described in Paragraphs 804.05.b., c., or d. approved prior to December 31, 2007, and included within the boundaries of a revenue allocation area by a change in the boundaries of either the revenue allocation area or the area subject to the levy by the taxing district or unit fund after December 31, 2007; (3-29-10)

f. Levies authorized by Section 33-317A, Idaho Code, known as the cooperative service agency school plant facility levy. (3-29-10)

g. Levies authorized by Section 33-909, Idaho Code, known as the state-authorized plant facility levy. (4-11-15)

h. Levies authorized by Section 33-805, Idaho Code, known as school emergency fund levy. (3-25-16)

06. Setting Levies When There is a De-annexation From an RAA. In any de-annexation from an RAA, levies will be set using the base value and, as indicated in Subsection 804.05 of this rule, the appropriate amount of increment value associated with the parcels and operating property remaining in the RAA after the de-annexation, provided that the de-annexation is in effect no later than September 1 of the current tax year and provided further that the de-annexation is approved by the State Tax Commission in accordance with Rule 225 of these rules. (3-29-10)

07. Cross Reference. The county auditor shall certify the full market value by taxing district as specified in Rule 995 of these rules. See also Rule 802 of these rules for calculation of new construction given de-annexation from an RAA and see Rule 805 of these rules for penalties for failure to submit plans. (4-2-08)

01. Property Tax Limitation Penalties for Noncompliance. Penalties shall be applied to any taxing district that fails, by April 30 of each year, to provide each appropriate county clerk with written notification of the budget hearing information required pursuant to Section 63-802A, Idaho Code, or, beginning in 2015, that is found by September 1 to be out of compliance with the requirements of section 67-450E, Idaho Code. There shall be no increase in the portion of the budget subject to the limitations of Section 63-802, Idaho Code. This restriction shall apply to otherwise available budget increases from the three percent (3%) growth factor, new construction or change of land use classification, and annexation. There shall also be no increase resulting from adding previously accrued foregone increase amounts to the budget and the total accrued foregone amount shall not change for a noncomplying district. (4-11-15)

02. Exceptions. Voter approved budget increases permitted pursuant to Section 63-802(4), Idaho Code, shall be allowed. (3-15-02)
03. **County Clerks to Submit Lists.** By the fourth Monday of May, each county clerk shall submit to the state tax commission a list of taxing districts out of compliance with the requirements of Section 63-802A, Idaho Code, along with other documents required pursuant to Rule 803 of these rules and Section 63-808, Idaho Code.

(4-11-15)

04. **Notification by state tax commission.** By September 3 each year, the state tax commission will provide each county clerk a list of all taxing districts in the county that are subject to the penalties in Section 63-802A, Idaho Code. The state tax commission will also notify each county clerk when a previously noncomplying taxing district is found to be in compliance with the requirements of Section 67-450E, Idaho Code. Such notification will be done by September 3 of the year in which the compliance status is re-established.

(4-11-15)

05. **Additional Penalties.** For taxing districts that fail to comply with the requirements of Section 67-450E, Idaho Code, additional penalties affect the distribution of sales tax money for which the district may be eligible. See Rule 995 of these rules.

(4-11-15)

06. **Applicability to Urban Renewal Agencies.** Urban renewal agencies failing to annually submit to the State Tax Commission plans as required pursuant to Section 50-2913, Idaho Code, shall be subject to penalties found in that Section.

a. Urban renewal agencies having once submitted such plans, and having made no modification or amendment to such plans, may, by December 1 each year, attest to the currency of the previously submitted plan in lieu of re-submitting that plan.

b. Providing the State Tax Commission with, and updating links to, plans on urban renewal agency websites shall constitute compliance with submittal requirements.
AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section(s) 63-105A and 63-802, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 21, 2016.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Rule 020: Value of Recreational Vehicles for Annual Registration and Taxation of Unregistered Recreational Vehicles – The “Van/Truck Conversion and Limousine Appraisal Guide of the National Automobile Dealers Association” is no longer published. This rule deletes the National Automobile Dealers Association Guides from this rule and gives direction to the appraisers to value recreational vehicles at market value when the sales price is not known.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules - Negotiated Rulemaking was published in the July 6, 2016 Idaho Administrative Bulletin, Volume 16-7, page 81.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: N/A

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Alan Dornfest, (208) 334-7742, alan.dornfest@tax.idaho.gov.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 28, 2016.

DATED this 5th Day of August, 2016.

Alan Dornfest
Tax Policy Supervisor
State Tax Commission
P.O. Box 36
Boise, ID 83722-0410
(208) 334-7742
THE FOLLOWING IS THE PROPOSED TEXT OF DOCKET NO. 35-0103-1603
(Only Those Sections With Amendments Are Shown.)

020. VALUE OF RECREATIONAL VEHICLES FOR ANNUAL REGISTRATION AND TAXATION OF UNREGISTERED RECREATIONAL VEHICLES (RULE 020).

Section 49-446, Idaho Code

01. Value of Recreational Vehicle For Registration Fees. Beginning with registration fees for calendar year 2004, the County assessors shall administer and collect the recreational vehicle (RV) registration fee based on the market value calculated from the following depreciation schedule.

<table>

To use this depreciation schedule, multiply the sales price or the market value of the RV or the adjusted value from Subsection 020.02 or 020.03 below, by the appropriate “Percent Good” based on the “Age” and type of RV. Decide the “Age” based on the year of purchase as follows: purchased in the current year equals “Age” zero (0), purchased in the previous year equals “Age” one (1), etc. For example, in year 2004, the “Age” for an RV purchased in 2004 is zero (0), the “Age” for an RV purchased in 2003 is one (1), the “Age” for an RV purchased in 2002 is two (2), the “Age” for an RV purchased in 2001 is three (3), etc. For any RV still in use and purchased fifteen (15) or more years ago, calculate the minimum market value using the lowest depreciation rate for
the correct RV type. *This depreciation schedule is based on the “Recreation Vehicle Guide of the National Automobile Dealers Association” and the “Van Truck Conversion and Limousine Appraisal Guide of the National Automobile Dealers Association” approved by the State Tax Commission as required under Section 49-446, Idaho Code. The State Tax Commission will maintain the information on which this depreciation schedule is based while it is in use and for a minimum of three (3) years after it has been replaced. If the purchase price for the RV is not known, use the approved edition of the “Recreation Vehicle Guide of the National Automobile Dealers Association” or the “Van Truck Conversion and Limousine Appraisal Guide of the National Automobile Dealers Association” as referenced in Rule 006 of these rules to determine the market value.*

02. **Value of Motor Home or Van Conversion For Registration Fees.** The value of any motor home or van conversion used to calculate the registration fee shall exclude any chassis value. Beginning with the registration fees for calendar year 2004, the county assessor shall use the following schedule of valuation factors to calculate the value of the motor home or van conversion excluding the chassis value.

<table>
<thead>
<tr>
<th>Motor Home/Van Type</th>
<th>Valuation Factor</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mini Motor Home (MMH)</td>
<td>50%</td>
</tr>
<tr>
<td>Motor Home (MH)</td>
<td>60%</td>
</tr>
<tr>
<td>Front Engine Diesel</td>
<td>45%</td>
</tr>
<tr>
<td>Rear Engine Diesel</td>
<td>58%</td>
</tr>
<tr>
<td>Van Conversions</td>
<td>25%</td>
</tr>
</tbody>
</table>

Multiply the motor home or van conversion’s total value by the appropriate factor to calculate the value excluding the chassis value. (5-3-03)

03. **Value of Vehicles Designed For Combined RV and Non-RV Uses For Registration Fees.** For vehicles designed to have part of the vehicle for RV use and other parts of the vehicle for non-RV uses like transporting horses or other cargo, the value of the RV to be used to calculate the registration fee on or after January 1, 2015 is fifty percent (50%) of the sales price. (3-20-14)

04. **Assessment Notice Mailed or Assessment Canceled.** If after August 31, the required annual registration fee has not been paid, a taxpayer’s valuation assessment notice shall be mailed to the owner of the recreational vehicle. If the registration fee is paid before the fourth Monday of November, the assessor shall cancel the assessment. (5-3-03)
AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Section 63-105A, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than September 21, 2016.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Property Tax Rule 006 updates the incorporation by reference section to the latest versions of the Official Railway Equipment Register and removes two documents related to automobiles, van/truck conversion and limousine appraisals.

Property Tax Rule 809 extends the time period that notices of correction for unintentional clerical, mathematical, or electronic errors in erroneous levies, under Section 63-810, Idaho Code, will be received by the Commission.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted because the provisions of these rules are of a simple nature.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule:

The “Official Railway Equipment Register” is published quarterly, each register shows different changes that are made including but not limited to: 1) reporting railcar marks transferred from one company to another; 2) new reporting railcar marks; 3) new and eliminated registrants; and 4) company name changes. The dates of the Official Railway Equipment Register listed in Paragraph 006.02.c. are being changed to reflect the most current version of the register.

Idaho State Tax Commission (ISTC) uses this information to validate what is reported on the operator statements from the private railcar companies as well as establishing ownership of railcar marks that were reported to the ISTC from the railroads that have not been filed by the private railcar company. Using the address information provided by the register, we send out assessments & billing for railcars under $500,000.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the proposed rule, contact Alan Dornfest at (208) 334-7742 or alan.dornfest@tax.idaho.gov.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before September 28, 2016.

DATED this 5th Day of August, 2016.
006. INCORPORATION BY REFERENCE (RULE 006).  
Unless provided otherwise, any reference in these rules to any document identified in Rule 006 of these rules shall constitute the full incorporation into these rules of that document for the purposes of the reference, including any notes and appendices therein. The term “documents” includes codes, standards, or rules adopted by an agency of the state or of the United States or by any nationally recognized organization or association. (5-3-03)

01. Availability of Reference Material. Copies of the documents incorporated by reference into these rules are available at the main office of the State Tax Commission as listed in Rule 005 of these rules or can be electronically accessed as noted in Subsection 006.02 of this rule. (5-8-09)

02. Documents Incorporated by Reference. The following documents are incorporated by reference into these rules:

b. “Recreation Vehicle Guide of the National Automobile Dealers Association” published in 2015 for the September through December period by the National Appraisal Guides Incorporated. (3-25-16)

c. “Van/Truck Conversion and Limousine Appraisal Guide of the National Automobile Dealers Association” published in 2015 for the September through December period by the National Appraisal Guides Incorporated. (3-25-16)

d. “Official Railway Equipment Register” published for the last three (3) quarters in 2015 and the first quarter in 2016 by R. E. R. Publishing Corporation, Agent as a publication of UBM Global Trade. (3-25-16)

809. CORRECTION OF ERRONEOUS LEVY (RULE 809).
Sections 63-809 and 63-810, Idaho Code

01. Errors Discovered by the Fourth Monday in October. When the State Tax Commission receives by the fourth Monday in October from a board of county commissioners notice of corrections for unintentional clerical, mathematical, or electronic errors under Section 63-810, Idaho Code, the State Tax Commission shall make the corrections to any approved levies by the fourth Monday in October.  

02. Errors Discovered After the Fourth Monday in October. When the State Tax Commission receives after the fourth Monday in October and prior to the following January 30 February 15 notices of corrections for any unintentional errors, as referenced in Subsection 809.01 of this rule, the State Tax Commission shall make the corrections and approve the appropriate corrected levies within one (1) week.

03. Cross Reference. For information on reporting of corrections for unintentional clerical, mathematical, or electronic errors, see Sections 63-809 and 63-810, Idaho Code, and Rule 509 of these rules.

(3-25-16)
INCORPORATION BY REFERENCE SYNOPSIS

In compliance with Section 67-5223(4), Idaho Code, the following is a synopsis of the differences between the materials previously incorporated by reference in this rule that are currently of full force and effect and newly revised or amended versions of these same materials that are being proposed for incorporation by reference under this rulemaking.

The following agency of the state of Idaho has prepared this synopsis as part of the proposed rulemaking for the chapter cited here under the docket number specified:

IDAPA 35 - STATE TAX COMMISSION
35.01.03 - PROPERTY TAX ADMINISTRATIVE RULES
DOCKET NO. 35-0103-1605
NOTICE OF RULEMAKING - PROPOSED RULE

IDAPA 35.01.03.006 (Rule 006)
Synopsis of the Changes to the Incorporation By Reference Rule 006
Proposed for Approval in 2017

The dates of the “Official Railway Equipment Register” listed in Paragraph 006.02(c) are being changed to reflect the most current version of the register. The Official Railway Equipment Register is published quarterly, each register shows different changes that are made including but not limited to: 1) reporting railcar marks transferred from one company to another 2) new reporting railcar marks 3) new and eliminated registrants, and 4) company name changes.

ISTC uses this information to validate what is reported on the operator statements from the private railcar companies as well as establishing ownership of railcar marks that were reported to the ISTC from the railroads that have not been filed by the private railcar company. Using the address information provided by the register, we send out assessments & billing for railcars under $500,000.
