Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. That Section 62-610, Idaho Code, be, and the same is hereby
repealed.

SECTION 2. That Section 62-610A, Idaho Code, be, and the same is hereby
amended to read as follows:

62-610A. PURPOSE. The purpose of this act is to authorize the Idaho
public utilities commission to establish a competitively and technolog-
ically neutral funding mechanism which will operate in coordination with
federal universal service support mechanisms. All consumers in this state,
without regard to their location, should have comparable accessibility to
basic telecommunication communication services, both voice and data, at
just and reasonable rates.

SECTION 3. That Section 62-610B, Idaho Code, be, and the same is hereby
amended to read as follows:

62-610B. DEFINITIONS. For purposes of section 62-610, Idaho Code,
and sections 62-610A through 62-610F, Idaho Code, the following words and
phrases shall have the following meanings:

1. "Communications service" means the provision of cable service,
video service, telecommunication service, broadband, or high-speed inter-
net access service to the public, or any sector of the public, for a fee,
regardless of the technology used to deliver the service. The terms "cable
service," and "video service" have the same meanings as set forth in section
50-3002, Idaho Code. The term "telecommunication service" has the same
meaning as set forth in section 62-603, Idaho Code.

2. "Eligible telecommunications communications carrier" means a
telecommunications carrier provider of communications service designated
by the commission who has the obligation to provide universal service
throughout the service area for which the designation is received.
(23) "Fund" means the Idaho telecommunications commission universal service fund established by the commission pursuant to sections 62-610A and 62-610F, Idaho Code.

(4) "High-speed internet access service" means internet access service with transmission speeds that are equal to or greater than the requirements for basic broadband tier 1 service as defined by the federal communications commission for broadband data gathering and reporting.

(45) "Service area" means a geographic area designated by the commission for the purpose of determining universal service obligations of eligible telecommunications carriers. In the case of a rural telephone company "service area" means the company's "study area(s)" as established by the federal communications commission and the public utilities commission.

(46) "Support area" means a geographic area designated by the commission as a high-cost area for which eligible telecommunications carriers(s) serving such area may receive financial assistance from the universal service fund. The commission shall consider population distribution, geographic factors, cost model capabilities and other relevant considerations in making such a determination.

(47) "Telecommunications carrier" means a telephone corporation providing telecommunication services for compensation within this state, and shall, for the purposes of sections 62-610A through 62-610F, Idaho Code, include municipal, cooperative or mutual telephone companies and telecommunications companies providing wireless, cellular, personal communications services and mobile radio services for compensation.

(62) "Universal service" means basic local exchange service and broadband or high-speed internet access services to the public and such other telecommunications communication services designated by the commission as services which should be widely available to consumers in all regions of the state at just and reasonable rates.

(49) All other terms, words or phrases shall have the meaning set forth in section 62-603, Idaho Code.

SECTION 4. That Section 62-610C, Idaho Code, be, and the same is hereby amended to read as follows:

62-610C. UNIVERSAL SERVICE. (1) Universal service is an evolving level of telecommunications communication services to which consumers in all regions of the state should have access.

(2) The commission shall review the level of telecommunications communication services within the state on a periodic basis and designate those service(s) which should be made available to consumers by eligible telecommunications communication service carriers to meet their obligation to provide universal service. The commission shall, if services in addition to basic local exchange service and broadband or high-speed internet access service are to be designated, consider the extent to which such other telecommunications communication services:

(a) Have, through the operation of market choices by customers, been subscribed to by a substantial majority of residential customers; and

(b) Are being deployed in public telecommunications communications networks by telecommunications communication carriers; and
(c) Are consistent with the public interest, convenience and necessity.

(d) The commission shall also consider definitions of universal service adopted by the federal communications commission pursuant to the telecommunications act of 1996.

SECTION 5. That Section 62-610D, Idaho Code, be, and the same is hereby amended to read as follows:

62-610D. ELIGIBLE TELECOMMUNICATIONS COMMUNICATIONS CARRIERS. (1) Only a telecommunications communications carrier designated as an eligible telecommunications communications carrier by the commission shall be eligible to receive universal service fund support.

(2) The commission shall, upon its own motion or upon request, designate a telecommunications communications carrier that meets the requirements of subsection (3) of this section as an eligible telecommunications communications carrier for a service area designated by the commission. Upon request and consistent with the public interest, convenience and necessity, the commission may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one (1) telecommunications shall designate a communications carrier as an eligible telecommunications communications carrier for a service area designated by the commission, so long as the requesting telecommunications communications carrier meets the requirements set forth in this section and the commission finds that the designation is in the public interest. Before designating an additional eligible telecommunications carrier for an area served by a rural telephone company, the commission shall find that the designation is in the public interest.

(3) A telecommunications communications carrier requesting designation as an eligible telecommunications communications carrier shall, throughout the service area for which the designation is made:

(a) Offer the services which are within the definition of universal service adopted by the commission, using its own facilities or a combination of its own facilities and resale of another telecommunications communications carrier's services (including the services offered by another eligible telecommunications communications carrier); and

(b) Advertise the availability of such services and the charges therefor using media of general distribution.

(c) For the purpose of being eligible to receive support from the fund, the eligible telecommunications carrier shall also offer low-income telecommunication services pursuant to chapter 9, title 56, Idaho Code.

(4) The commission shall permit an eligible telecommunications communications carrier to relinquish its designation as such a carrier in any area served by more than one (1) eligible telecommunications communications carrier. An eligible telecommunications communications carrier that seeks to relinquish its eligible telecommunications communications carrier designation for an area served by more than one (1) eligible telecommunications communications carrier shall give no less than thirty (30) days notice to the commission of its intent to relinquish such designation. Prior to permitting a telecommunications communications carrier designated as an eligible telecommunications communications carrier
to cease providing universal service in an area served by more than one eligible telecommunications carrier, the commission shall require the remaining eligible telecommunications carriers or carriers to ensure that all customers served by the relinquishing carrier will continue to be served.

SECTION 6. That Section 62-610E, Idaho Code, be, and the same is hereby amended to read as follows:

62-610E. DESIGNATING SERVICE AND SUPPORT AREAS. The commission shall designate geographic service areas for the purpose of determining universal service obligations of eligible telecommunications carriers. The commission shall also designate geographic support areas for the purpose of determining areas for which financial assistance shall be made available from the fund to assist eligible telecommunications carriers to meet universal service obligations.

SECTION 7. That Section 62-610F, Idaho Code, be, and the same is hereby amended to read as follows:

62-610F. HIGH-COST SUPPORT -- ADMINISTRATION -- TRANSITION. (1) The commission shall establish a universal service fund to enable eligible telecommunications carriers to make universal service widely available to all persons within the state of Idaho at reasonable rates. Eligible telecommunications carriers receiving financial support shall use that support only for the provision, maintenance and upgrading of services and facilities for which the support is intended.

(2) The commission shall initiate a proceeding to determine and adopt the appropriate methodology and mechanisms to collect and distribute financial assistance which are specific, predictable and sufficient in conjunction with federal universal service support mechanisms to preserve and advance universal service within the state of Idaho. Revenue for the fund shall be collected through a uniform universal service fund surcharge as calculated by the commission. The surcharge that shall not exceed the sum of twenty cents (20¢) per month shall be imposed on end users of all retail telecommunications services originating and terminating within the state of Idaho and collected by the telecommunications carrier providing telecommunications services to such end user. Disbursements from the fund shall be used to defray the costs, as determined by the commission, of providing universal service to customers within a geographic support area. Those costs shall be calculated using a forward-looking cost methodology. When providing disbursements from the fund, the commission shall take such actions as may be necessary to prevent redundant cost recovery by recipients of such funds including the reduction of access charges subject to title 61 or 62, Idaho Code.

(3) The commission shall establish procedures to administer the universal service fund and shall contract with a neutral third party for administration of the fund. The administrator shall perform the duties required by the commission including data gathering, collecting the surcharge revenues, disbursing funds, and notifying the commission of any fund violations.
(4) The commission shall develop procedures and provide for a transition period to begin no earlier than January 1, 2001, be completed no later than January 1, 2018, for rural telephone companies to replace funding available pursuant to section 62-610, Idaho Code, with the funding mechanism established pursuant to this section for the support of universal service if such funding is determined to be necessary.

SECTION 8. Section 1 of this act shall be in full force and effect on and after January 1, 2018.
