

STATEMENT OF PURPOSE

RS24417

This legislation would allow those psychologists who obtain a doctorate degree in psychology, a master's degree in psychopharmacology, achieve clinical experience and pass a nationally recognized exam, to have prescriptive authority in their field. This legislation mandates that a prescribing psychologist collaborate with the patient's primary care provider. This legislation also grants power to the Idaho Board of Psychologist Examiners to establish an advisory panel which will make recommendations to the Idaho Board of Psychologist Examiners.

FISCAL NOTE

There is no impact to the General Fund.
