

STATEMENT OF PURPOSE

RS23983

Amend existing law to require community colleges to follow the same requirements as school districts when acquiring and disposing of real property. Pursuant Section 33-601, Idaho Code, school districts are authorized to purchase real property and requires they have a property appraisal conducted within one (1) year prior to any purchase.

FISCAL NOTE

The fiscal impact to the community colleges would be variable from year-to-year depending on their plans for purchasing real property. This is currently not an annual occurrence.
