ATTACHMENT 2

(3) Residential or assisted living facilities may be cited only for a violation of a requirement that is specified in an applicable law or in a rule promulgated in compliance with an applicable law. Facilities may not be cited for an act that is not expressly proscribed by an applicable law or rule or for an omission when an applicable law or rule does not expressly require the conduct omitted. In order for a citation based on violation of an applicable rule to be valid, the rule must specify the requirements for compliance with the rule. If the Department requires a specific corrective action in relation to a citation, that requirement must be in writing and reference the corresponding rule.
