The definition will also specify which graduation requirements a diploma would be based on for students that may have attended the school in the past.

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: No changes are being made to the existing fee schedule.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

01. Achievement Standards. Define “below basic,” “basic,” “proficient,” and “advanced” achievement levels on the Idaho Standards Achievement Tests (ISAT) and level one (1) through level six (6) on Idaho’s English language assessment by setting scale score cut points. These cut scores are paired with descriptions of how well students are mastering the material in the content standards. These descriptions are called performance level descriptors or PLDs, and are provided by performance level, by content area, and by grade. (3-29-17)

02. Advanced Opportunities. Are defined as Advanced Placement courses, Dual Credit courses, Technical Competency Credit, or International Baccalaureate programs. (3-25-16)

03. Advanced Placement® (AP) - College Board. The Advanced Placement Program is administered by the College Board at <http://www.collegeboard.com>. AP students may take one (1) or more college level courses in a variety of subjects. AP courses are not tied to a specific college curriculum, but rather follow national College Board curricula. While taking the AP exam is optional, students can earn college credit by scoring well on the national exams. It is up to the discretion of the receiving college to accept the scores from the AP exams to award college credit or advanced standing. (4-11-06)

04. All Students. All students means all public school students, grades K-12. (4-11-06)

05. Alternative Assessment (Other Ways of Testing). Any type of assessment in which students create a response to a question rather than choose a response from a given list, as with multiple-choice or true/false. Alternative assessments can include short-answer questions, essays, oral presentations, exhibitions, and portfolios. (4-5-00)

06. Assessment. The process of quantifying, describing, or gathering information about skills, knowledge or performance. (4-5-00)

07. Assessment Standards. Statements setting forth guidelines for evaluating student work, as in the “Standards for the Assessment of Reading and Writing.” (4-5-00)

08. Asynchronous Course. An online course in which an online platform is used to deliver all curricula. The majority of communication exchanges occur in elapsed time and allow students and teachers to participate according to their schedule. Asynchronous courses do not prohibit the use of a paraprofessional, certificated staff or other staff member being present at the physical location during instructional periods where instruction takes place, such as a school computer lab. (4-4-13)

09. Authentic. Something that is meaningful because it reflects or engages the real world. An “authentic task” asks students to do something they might really have to do in the course of their lives, or to apply certain knowledge or skills to situations they might really encounter. (4-5-00)

10. Basic Educational Skills Training. Instruction in basic skills toward the completion/attainment of a certificate of mastery, high school diploma, or GED. (4-5-00)

13. Content Standards. Describe the knowledge, concepts, and skills that students are expected to acquire at each grade level in each content area. (4-2-08)

14. Context (of a Performance Assessment). The surrounding circumstances within which the performance is embedded. For example, problem solving can be assessed in the context of a specific subject (such as mathematics) or in the context of a real-life laboratory problem requiring the use of mathematics, scientific, and communication skills. (4-5-00)

15. Cooperative Work Experience. Classroom learning is integrated with a productive, structured work experience directly related to the goals and objectives of the educational program. Schools and participating businesses cooperatively develop training and evaluation plans to guide and measure the progress of the student. School credit is earned for successful completion, and the work may be paid or unpaid. Cooperative work experiences are also known as co-operative education or co-op. (4-5-00)

16. Criteria. Guidelines, rules or principles by which student responses, products, or performances, are judged. What is valued and expected in the student performance, when written down and used in assessment, become rubrics or scoring guides. (4-5-00)

17. Cues. Various sources of information used by readers to construct meaning. The language cueing systems include the graphophonic (also referred to as graphophonemic) system, which is the relationship between oral and written language (phonics); the syntactic system, which is the relationship among linguistic units such as prefixes, suffixes, words, phrases, and clauses (grammar); and semantic system, which is the study of meaning in language. Reading strategies and language cueing systems are also influenced by pragmatics-the knowledge readers have about the ways in which language is understood by others in their culture. (4-5-00)

Determination of meeting past graduation requirements may be determined based on proficiency as determined by the local education agency. Each local education agency may determine the format of the diploma, including the recognition of emphasis areas based on a student's completion of courses or courses or studies in an emphasis area or educational pathways, including but not limited to science, technology, engineering and math (STEM), career technical education, or arts and music. Postsecondary institutions work closely with high schools to deliver college courses that are identical to those offered on the college campus. Credits earned in a dual credit

class become part of the student's permanent college record. Students may enroll in dual credit programs taught at the high school or on the college campus. (4-11-06)

NOTICE OF RULEMAKING – PROPOSED RULE

AUTHORITY: In compliance with Section 67-5221(1), Idaho Code, notice is hereby given that this agency has initiated proposed rulemaking procedures. The action is authorized pursuant to Article IX, Section 2 of the Idaho Constitution and Sections, 33-101, 33-105, 33-107, 33-116, 33-1612, and 33-2211, Idaho Code.

PUBLIC HEARING SCHEDULE: Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than October 18, 2017.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

DESCRIPTIVE SUMMARY: The following is a nontechnical explanation of the substance and purpose of the proposed rulemaking:

The standards being considered this year add the following subcategories into the current content standard areas, create a new area for Health Sciences, and updates the previously approved Early Childhood Education Standards:

- **Agriculture and Natural Resources**
 - Plant and Soil Standards
- **Business and Marketing**
 - Business Management
 - Digital Communications
- **Engineering and Technology**
 - Digital Media Production
 - Medial Technology –
 - Commercial Photography
- **Health Sciences**
 - Dental Assisting
 - Emergency Management Technicians
 - Nursing Assistant
 - Physical Therapy Assistant
- **Skilled and Technical Sciences**
 - Cabinetry and Millwork
 - Industrial Mechanics
 - Law Enforcement
 - Small Engine Repair

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year resulting from this rulemaking: N/A

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules – Negotiated Rulemaking was published in the July 5, 2017 Idaho Administrative Bulletin, [Vol. 17-7, Page 32](#).

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule: The career technical education content standards are being incorporated by reference due the length and complexity of content standards. This processes allows these content standards to be treated in the same fashion as academic content standards that are already incorporated by reference into Administrative Code.

In compliance with Section 67-5223(4), Idaho Code, the following is a synopsis of the differences between the materials previously incorporated by reference in this rule that are currently of full force and effect and newly revised or amended versions of these same materials that are being proposed for incorporation by reference under this rulemaking.

Education and were not formalized through Board of Education approval or the Administrative Rule process. In 2016 work started to add CTE content standards to administrative rule in the same manner as academic content standards such as math, English, etc. Due to the number of standards it was recognized this would be a multiyear effort. In 2016 the Board approved career technical education content standards in Agricultural and Natural Resources, Business and Marketing Education, Engineering and Technology Education, Family and Consumer Sciences, Skilled and Technical Sciences and Workplace Readiness. The proposed changes would add new content standards for Health Sciences, update the Early Childhood Education standards that are part of the Family and Consumer Sciences content standards, and add the following subsection to the standards approved in 2016:

Business and Marketing Education

- Business Management
- Digital Communication

Agriculture and Natural Resources

- Plant and Soil Standards

Engineering and Technology

- Media Tech-Commercial Photography

Skilled and Technical Sciences

- Cabinetry and Millwork
- Industrial Mechanics
- Law Enforcement
- Small Engine Repair/Power Sports
