MEMORANDUM

TO: Rules Review Subcommittee of the Senate Health & Welfare Committee and the House Health & Welfare Committee

FROM: Principal Legislative Research Analyst - Elizabeth Bowen

DATE: July 10, 2018

SUBJECT: Department of Health and Welfare

IDAPA 16.01.02 - Emergency Medical Services (EMS)--Rule Definitions - Temporary and Proposed Rule (Docket No. 16-0102-1801)

IDAPA 16.01.03 - Emergency Medical Services (EMS)--Agency Licensing Requirements - Temporary and Proposed Rule (Docket No. 16-0103-1801)

IDAPA 16.01.07 - Emergency Medical Services (EMS)--Personnel Licensing Requirements - Temporary and Proposed Rule (Docket No. 16-0107-1801)

The Department of Health and Welfare submits notice of temporary and proposed rulemaking at IDAPA 16.01.02, 16.01.03, and 16.01.07.

16.01.02

Senate Bill 1310, enacted by the 2018 Legislature, amended Section 56-1016, Idaho Code, to provide that the required crew during an emergency patient transport or transfer may include emergency medical responders who have an ambulance certification. This temporary and proposed rule provides a definition of "ambulance certification," which was not previously included in rule.

Negotiated rulemaking was not conducted, as it was not considered feasible due to time constraints. The Governor finds that temporary adoption of the rule is justified in order to comply with the requirements of Senate Bill 1310. There is no anticipated negative fiscal impact on the state general fund. The Department states that this rulemaking is authorized pursuant to Sections 56-1011 through 56-1023, Idaho Code, regarding emergency medical services, and Senate Bill 1310.

16.01.03

This temporary and proposed rule amends existing language to comply with the provisions of Senate Bill 1310. Specifically, the rule change provides that emergency medical responders with an ambulance certification may serve as required crew members during emergency patient transport or transfer.

Negotiated rulemaking was not conducted, as it was not considered feasible due to time constraints. The Governor finds that temporary adoption of the rule is justified in order to comply with the requirements of Senate Bill 1310. There is no anticipated negative fiscal impact on the state general fund. The Department

states that this rulemaking is authorized pursuant to Sections 56-1011 through 56-1023, Idaho Code, regarding emergency medical services, and Senate Bill 1310.

16.01.07

In order to align with the provisions of Senate Bill 1310, this temporary and proposed rule provides the process by which an emergency medical responder may obtain the ambulance certification required to staff transport or transfer crews.

Negotiated rulemaking was not conducted, as it was not considered feasible due to time constraints. The Governor finds that temporary adoption of the rule is justified in order to comply with the requirements of Senate Bill 1310. There is no anticipated negative fiscal impact on the state general fund. The Department states that this rulemaking is authorized pursuant to Sections 56-1011 through 56-1023, Idaho Code, regarding emergency medical services, and Senate Bill 1310.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

Title 56 (EMS Act) requires that the minimum staffing requirement for patient care providers in ambulances in Idaho is an Emergency Medical Technician (EMT). The EMT is the second level of licensed Emergency Medical Services (EMS) patient care provider in Idaho. The first level is the Emergency Medical Responder (EMR). Senate

Bill 1310 (2018) changes this requirement from an EMT to an EMR with an Ambulance Certification. The Ambulance Certification is a new process so the current EMS Rules are silent on the requirements that agencies must meet in order to staff an ambulance with an ambulance certified EMR. This rulemaking is needed to align the chapter with Senate Bill 1310 (2018). Specifically, these rule changes add a definition of “Ambulance Certification” to this chapter. Companion rule changes are being made simultaneously under Dockets 16-0103-1801 and 16-0107-1801.

TEMPORARY RULE JUSTIFICATION: Pursuant to Section 67-5226(1)(b), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate to comply with deadlines in amendments to governing law or federal programs, specifically, this rulemaking is being done to align this chapter with Senate Bill 1310 (2018).

FEE SUMMARY: The following is a specific description of the fee or charge imposed or increased: N/A

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

The Emergency Medical Services (EMS) program is funded through dedicated funds. This rulemaking has no fiscal impact to those funds or to the state general fund. This rulemaking is intended to be cost-neutral.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not conducted. Due to the tight timeframe for bringing these rules before the Board of Health and Welfare in May so that they can go into effect July 1, 2018, as per statute, formal negotiated rulemaking will not be conducted under notices in the Idaho Administrative Bulletin. However, informal negotiated rulemaking will be conducted with key stakeholders including volunteer EMS agencies and personnel, Bureau of EMS & Preparedness staff, the EMS Advisory Committee, and the Idaho EMS Physician Commission.

INCORPORATION BY REFERENCE: No materials are being incorporated by reference in this rulemaking.

ASSISTANCE ON TECHNICAL QUESTIONS, SUBMISSION OF WRITTEN COMMENTS: For assistance on technical questions concerning the temporary and proposed rule, contact Wayne Denny at (208) 334-4000.

Anyone may submit written comments regarding this proposed rulemaking. All written comments must be directed to the undersigned and must be delivered on or before July 25, 2018.
