DATE: September 06, 2018

SUBJECT: Department of Insurance

IDAPA 18.01.49 - Fire Protection Sprinkler Contractors - Proposed Rule (Docket No. 18-0149-1801)

IDAPA 18.01.62 - Annual Financial Reporting - Proposed Rule (Docket No. 18-0162-1801)

Summary and Stated Reasons for the Rule

Docket No. 18-0149-1801, a proposed rule, removes language regarding: (1) an advisory board that does not exist; and (2) a 1% plans review fee on the bid amount for fire protection sprinkler systems. Language regarding other plans review fees is slightly revised for clarity. (Plans for fire protection sprinkler systems are reviewed by the state fire marshal and the local fire department prior to installation.)

Docket No. 18-0162-1801, also a proposed rule, requires certain insurers to establish an internal audit function in order to help the insurer maintain solvency. The rule applies to an insurer if the insurer has $500,000,000 or more in annual premiums written or if the insurer is a member of a group and has $1 billion or more in annual premiums written.

Negotiated Rulemaking / Fiscal Impact

Negotiated rulemaking was conducted for both rules. Neither is expected to have a negative fiscal impact on the state general fund.

Statutory Authority

I.C. 41-211 (both rules), I.C. 41-254 (Docket No. 18-0149-1801).

THE FOLLOWING IS THE PROPOSED TEXT OF DOCKET NO. 18-0162-1801  
(Only Those Sections With Amendments Are Shown.)

026. INTERNAL AUDIT FUNCTION REQUIREMENTS.

01. Exemption. An insurer is exempt from the requirements of this section if:  
   
   a. The insurer has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than five hundred million dollars ($500,000,000); and  
   
   b. If the insurer is a member of a group of insurers, the group has annual direct written and unaffiliated assumed premium including international direct and assumed premium, but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, less than one billion dollars ($1,000,000,000).

02. Function. The insurer or group of insurers shall establish an internal audit function providing independent, objective and reasonable assurance to the audit committee and insurer management regarding the insurer’s governance, risk management and internal controls. This assurance shall be provided by performing general and specific audits, reviews and tests and by employing other techniques deemed necessary to protect assets, evaluate control effectiveness and efficiency, and evaluate compliance with policies and regulations.

03. Independence. In order to ensure that internal auditors remain objective, the internal audit function must be organizationally independent. Specifically, the internal audit function will not defer ultimate judgment on audit matters to others, and shall appoint an individual to head the internal audit function who will have direct and unrestricted access to the board of directors. Organizational independence does not preclude dual-reporting relationships.

04. Reporting. The head of the internal audit function shall report to the audit committee regularly, but no less than annually, on the periodic audit plan, factors that may adversely impact the internal audit function’s independence or effectiveness, material findings from completed audits and the appropriateness of corrective actions implemented by management as a result of audit findings.

05. Additional Requirements. If an insurer is a member of an insurance holding company system or included in a group of insurers, the insurer may satisfy the internal audit function requirements set forth in this section at the ultimate controlling parent level, an intermediate holding company level or the individual legal entity level.
