

STATEMENT OF PURPOSE

RS25793

The legislation adds a new section to Idaho Code, 33-1628. The new section will authorize and encourage school districts to adopt and offer an elective course in firearms safety education and to authorize instructors who will teach the courses.

FISCAL NOTE

There is no fiscal impact on the state General Fund, because this is an authorization but not a requirement for schools to participate. The new course, like other elective courses, may be offered within existing resources for the school.
