

STATEMENT OF PURPOSE

RS25860C1

The legislation adds a new section to Idaho Code, 44-1504. The new section will provide an exception to Idaho's minimum wage law. Currently, children and family members working on a family farm are excepted from minimum wage regulations. This legislation will provide a similar exception for children and family members working in a family business.

FISCAL NOTE

There is little or no fiscal impact on the state General Fund because this is an exception to a regulation and will require no additional administrative or enforcement costs. Providing this exception may lead to both a decrease in wages for some workers and an increase in hiring and could therefore result in somewhat higher or lower tax collections from workers and employers.
