

STATEMENT OF PURPOSE

RS26137

The intent of this legislation is to amend the Idaho Building Code Act, Title 39, Chapter 41 to clarify that local jurisdictions are limited in their authority to adopt residential building codes different from building codes reviewed, amended, and adopted by the Idaho Building Code Board. The legislative intent of the Idaho Building Code Act is to provide uniformity and consistency of residential building codes across jurisdictions of the state. This legislation more clearly defines the role of local jurisdictions in maintaining that intent.

FISCAL NOTE

There is no impact to the General Fund. The Idaho Building Code Board meets quarterly to review building code matters. The members of the Board are paid a per diem stipend for those meetings from the Building Program Fund within the Division of Building Safety budget. This legislation does not impact the frequency of those meetings nor the per diem stipend.
