

## STATEMENT OF PURPOSE

### RS26180

To establish in the Office of the Governor the Office of Information Technology Services. This office will oversee and coordinate implementation of information technology services and cybersecurity policies within the State of Idaho. The existing information technology services functions currently performed by the state's Department of Administration would be transferred to this new office to facilitate consolidation and efficiency of IT services and cybersecurity efforts across all state agencies.

### FISCAL NOTE

There is no increase in General Fund expenditures. There will be a net-zero transfer of funds from the Office of the Governor and the Department of Administration to create the new office. Increased dedicated fund spending authority totaling \$891,000 is necessary to facilitate payment for services between the Department of Administration and the Office of Information Technology.
