IDAPA 46.01.01 - Notice of Omnibus Rulemaking - Temporary and Proposed Fee Rulemaking (Docket No. 46-0101-1900F) Board of Veterinary Medicine

The Board of Veterinary Medicine submits notice of temporary and proposed rules that reauthorize and re-publish the following previously approved chapter at IDAPA 46.01.01 - Rules of the State of Idaho Board of Veterinary Medicine.

These rules were previously analyzed and reviewed by the Legislative Services Office upon their initial promulgation. There are several minor grammatical revisions. No other changes from the existing rules have been noted.

This is a fee rule. According to the board, this rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules.

The rulemaking appears to be authorized pursuant to Section 54-2105, Idaho Code.

cc: Board of Veterinary Medicine

IDAPA 46 – IDAHO BOARD OF VETERINARY MEDICINE

DOCKET NO. 46-0101-1900F

NOTICE OF OMNIBUS RULEMAKING – TEMPORARY AND PROPOSED FEE RULEMAKING

EFFECTIVE DATE: The effective date of the temporary rule listed in the descriptive summary of this notice is June 30, 2019.

AUTHORITY: In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted temporary rules, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 54-2105(8)(m), Idaho Code.

PUBLIC HEARING SCHEDULE: Oral comment concerning this rulemaking will be scheduled in accordance with Section 67-5222, Idaho Code.

DESCRIPTIVE SUMMARY: The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This temporary and proposed rulemaking adopts and re-publishes the following existing and previously approved and codified chapters under IDAPA 46, rules of the Idaho Board of Veterinary Medicine:

IDAPA 46

- 46.01.01, *Rules of the State of Idaho Board of Veterinary Medicine*

TEMPORARY RULE JUSTIFICATION: Pursuant to Sections 67-5226(1) and 67-5226(2), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

These temporary rules are necessary to protect the public health, safety, and welfare of the citizens of Idaho and confer a benefit on its citizens. These previously approved and codified rules implement the duly enacted laws of the state of Idaho, provide citizens with the detailed rules and standards for complying with those laws, and assist in the orderly execution and enforcement of those laws. The expiration of these rules without due consideration and processes would undermine the public health, safety and welfare of the citizens of Idaho and deprive them of the benefit intended by these rules. We could see numerous adverse effects if the Board of Veterinary Medicines rules are not reauthorized. For example, the dairy and cattle industries in the state might be severely hindered because of federal regulations involving food supply restrictions due to zoonotic disease transmission. Without a functional Board, veterinary licenses might not be issued, which prevents Idaho veterinarians from acquiring a Board of Pharmacy license and a DEA permit; therefore, any Idaho veterinarian could not order necessary drugs.

The fee or charge imposed by the rules is necessary to avoid immediate danger. The fees or charges reauthorized in this rulemaking are currently existing and have been previously promulgated by the agency and reviewed and approved by the Legislature. These fees and charges are part of the dedicated fund portion of the state budget, which makes up a material portion of the FY2020 budget. The FY2020 budget has already been set by the Legislature and passed into law. That budget relies upon the existence of these fees and charges to meet the state's obligations and provide necessary state services. Failing to reauthorize these fee rules would create immediate danger to the state budget, immediate danger to necessary state functions and services, and immediate danger of a violation of Idaho's constitutional requirement that it balance its budget. If the rules are not reauthorized the Board is rendered inert. Without an adequate budget many, if not all, Board functions would cease, because it is largely funded through licensing fees and carries a cash reserve of less than a year's budget.

FEE SUMMARY: The preceding section and the attached rules provide a specific description of the fee or charge imposed or increased by this rulemaking. This rulemaking does not impose a fee or charge, or increase a fee or charge, beyond what was previously approved and codified in the prior rules. The Board's fees include: Original licensing fees, license renewal fees, fines, and miscellaneous service fees for veterinarians, veterinary technicians, certified euthanasia technicians, and certified euthanasia agencies.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year: This rulemaking is not anticipated to have any fiscal impact on the state general fund because the FY2020 budget has already been set by the Legislature, and approved by the Governor, anticipating the existence of the rules and fees being reauthorized by this rulemaking.

NEGOTIATED RULEMAKING: Pursuant to Section 67-5220(2), Idaho Code, negotiated rulemaking was not feasible because of the need to adopt the rules as temporary, and because these existing chapters of IDAPA are being re-published and re-authorized. Negotiated rulemaking also is not feasible because of the need to implement these rules before they expire; the rules form the regulatory framework of the laws of this state and have been previously promulgated and reviewed by the legislature pursuant to the Idaho Administrative Procedures Act, Chapter 52, Title 67, Idaho Code; and because engaging in negotiated rulemaking for all previously existing rules will inhibit the agency from carrying out its ability to serve the citizens of Idaho and to protect their health, safety, and welfare.

INCORPORATION BY REFERENCE: Pursuant to Section 67-5229(2)(a), Idaho Code, incorporated material may be obtained or electronically accessed as provided in the text of the temporary and proposed rules attached hereto.

Anyone may submit written comments regarding the proposed rulemaking. All written comments must be directed to the undersigned and must be delivered within twenty-one (21) days after publication of this Notice in the Idaho Administrative Bulletin. Qualified graduates applying for licensure under Subparagraph 010.01.b.ii. of these rules may be issued a temporary permit to practice veterinary medicine under the professional supervision of an actively licensed Idaho veterinarian. Such temporary permit may be renewed for up to three (3) years by paying the current active license renewal fee

A passing score for the national licensing examinations shall be calculated and reported by the National Board Examination Committee, or its designee, or the American Association of Veterinary State Boards or its designated test vendor. If such a score is not available, the passing score shall be as reported by the National Board Examination Committee, or its designee, or the American Association of Veterinary State Boards or its designated test vendor and shall be considered equal to or greater than one point five (1.5) standard deviation below the mean score of the examination. (3-30-01)

04. Change of Address. It is the responsibility of each licensed veterinarian to notify the Board office of any change of address.
