

## STATEMENT OF PURPOSE

### RS26533

This legislation establishes the compliance date for certain regulations for testing and inspection of petroleum underground storage tanks (USTs) incorporated by reference by the state of Idaho in IDAPA 58.01.07.004. This conforms Idaho regulations with other states and maintains compliance of insurance contracts providing for environmental clean up of UST's issued by the Petroleum Clean Water Trust Fund.

### FISCAL NOTE

The UST program is funded, in part, by the regulated industry, through tank fees. Minor administrative costs may be incurred. There is no financial impact to the General Fund from this change.
