

STATEMENT OF PURPOSE

RS26650

This legislation provides that no homeowner's association may limit or prohibit the installation of solar panels or collectors on structure rooftops unless the restriction reflects a safety requirement consistent with building code or safety standards for protection of persons or property.

FISCAL NOTE

No adverse impact to the general fund, federal or local government funds. To the extent this legislation facilitates increased sales and installation of solar panels, there may be additional revenue to the general fund in the form of sales and income tax in an amount that cannot be determined at this time.
