

## STATEMENT OF PURPOSE

### RS26730C1

This legislation amends Idaho Code 23-957, year-round resort license, to include the boundaries of a year-round resort. It also clarifies the definition of a year-round resort and makes several technical corrections. This legislation does not increase the number of licenses for a year-round resort. Meeting the requirements under this legislation will not guarantee that a license will be issued. The applicant must meet additional requirements as required by the Alcohol Beverage Control. Licenses issued under this legislation are nontransferable outside of the boundaries or leasehold premises of a year-round resort.

### FISCAL NOTE

This legislation will have no fiscal impact upon the general fund because the proposed changes will not increase the number of licenses available under this section. The changes seek to clarify a definition, include boundaries and make technical corrections, all of which will have no impact upon the general fund.
